NOTICE OF PUBLIC HEARING

Preliminary Findings Regarding a
Part 70 Administrative Operating Permit

for Life Cycle Power in Boone County

Part 70 Administrative Operating Permit No.: T011-50087-00094

The Indiana Department of Environmental Management (IDEM) has received an application from Life Cycle Power, located at 3602 West SR 32, Lebanon, IN 46052, for a Part 70 Administrative Operating Permit. IDEM's Office of Air Quality (OAQ) issues this type of permit to regulate the operation of new sources and modifications at existing sources that release air pollutants.

The Office of Air Quality (OAQ) had a notice posted on IDEM's website (<https://www.in.gov/idem/public-notices/>) stating that the draft Administrative Part 70 Operating Permit for Life Cycle Power had been proposed for this operation and provided information on how the public could review the proposed permit and other documentation. Due to a written public hearing request and several comments received by IDEM from interested parties, a public hearing will be held on August 6, 2026 to discuss air permitting for Life Cycle Power.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Lebanon Public Library
104 E. Washington St.
Lebanon, IN 46052

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "50087" in the Permit # search field, then click the Search button at the top or bottom of the webpage.

You are invited to attend a virtual public hearing regarding the Life Cycle Power air permitting preliminary findings.
