PUBLIC NOTICE

DATE COMMENTS DUE: 8/12/2026

DATE OF NOTICE: 7/13/2026

The Indiana Department of Environmental Management (IDEM) has received an application for a construction permit from the SYRACUSE WATER COMPANY, public water system 5243025, this project is described as Water Utility Improvements. The proposed project includes the following water distribution system improvements: Division A - Replacement of approximately 1,349 linear feet (12) twelve-inch watermain, 1,809 linear feet of (8) eight-inch watermain, and approximately 603 linear feet of (6) six-inch watermain. Division B - Construction of a new raw water transmission main with approximately 1,755 linear feet of (12) twelve-inch watermain from the existing water treatment plant to the existing (12) twelve-inch watermain. Additionally, this project includes the extension of existing water mains to complete loops within the system including approximately 1,750 linear feet of (8) eight-inch watermain and approximately 62 linear feet of proposed (4) four-inch watermain. This project will also include various water service line replacements across town. If approved the permit will become effective on the date of issuance.

All comments must be postmarked no later than the date above to be considered in the formulation of the final determination. All comments will be considered by IDEM when we make a decision to issue or deny the permit application. Comments that are most likely to affect the decision are those based on the rules and laws governing this permitting process (327 IAC 8-3). The permit, if issued, will be available through IDEM's virtual file cabinet. Any questions concerning this project should be directed to the Construction Permits Section of the Drinking Water Branch, Office of Water Quality, IDEM at 317-234-7425.
