NOTICE OF 30-DAY PERIOD FOR PUBLIC COMMENT

Preliminary Findings Regarding the Renewal of a
Minor Source Operating Permit (MSOP)

for Goodrich Corporation in Clark County

MSOP Renewal No.: M019-50494-00138

The Indiana Department of Environmental Management (IDEM) has received an application from Goodrich Corporation, located at 510 Patrol Road, Jeffersonville, Indiana 47130, for a New Source Review and renewal of its MSOP issued on October 19, 2016. If approved by IDEM's Office of Air Quality (OAQ), this proposed permit would allow Goodrich Corporation to make certain changes at its existing source. Goodrich Corporation has applied for modification of the flame-retardant application and coating booth, as well as the construction of seventeen new natural gas-fired combustion HVAC units and a CNC routing machine, and the removal of fourteen permitted natural gas-fired combustion HVAC units.

The applicant intends to construct and operate new equipment that will emit air pollutants; therefore, the permit contains new or different permit conditions. In addition, some conditions from previously issued permits/approvals have been corrected, changed, or removed. These corrections, changes, and removals may include Title I changes (e.g., changes that add or modify synthetic minor emission limits). IDEM has reviewed this application and has developed preliminary findings, consisting of a draft permit and several supporting documents, which would allow the applicant to make this change.

A copy of the permit application and IDEM's preliminary findings have been sent to:

Jeffersonville Township Public Library - Main Library
211 E Court Ave
Jeffersonville, IN 47130

A copy of the preliminary findings is available on the Internet at: <http://www.in.gov/ai/appfiles/idem-caats/>.

A copy of the application and preliminary findings is also available via IDEM's Virtual File Cabinet (VFC) located at <https://www.in.gov/idem/legal/public-records/virtual-file-cabinet/>. Once you have accessed VFC, you will then have the option to search for source related documents using a variety of criteria. To find documents related to this air permit, click on "Advanced Search", specify "OAQ" in the Program search field, specify the five-digit permit number "50494" in the Permit # search field, then click the Search button at the top or bottom of the webpage.

conduct a public hearing and/or public meeting, IDEM will post a separate announcement of the date, time, and location of that public hearing and/or public meeting on IDEM's website (<https://www.in.gov/idem/public-notices/>). Following the end of the public comment period, IDEM will issue a Notice of Decision stating whether the permit has been issued or denied. If the permit is issued, it may be different than the draft permit because of comments that were received during the public comment period. If comments are received during the public notice period, the final decision will include a document that summarizes the comments and IDEM's response to those comments. If you have submitted comments or have asked to be added to the mailing list, you will receive a Notice of the Decision. The notice will provide details on how you may appeal IDEM's decision, if you disagree with that decision. The final decision will also be available on the Internet at the addresses indicated above and will also be sent to the local library indicated above.
