FINDINGS AND DETERMINATION OF THE COMMISSIONER
PURSUANT TO IC 13-14-9-8 AND DRAFT RULE
LSA Document #17-432

LAURENCEBURG TOWNSHIP, DEARBORN COUNTY REDESIGNATION TO ATTAINMENT FOR THE 2008 8-HOUR OZONE STANDARD

PURPOSE OF NOTICE
The Indiana Department of Environmental Management (IDEM) has developed draft rule language for amendments to 326 IAC 1-4-16 to redesignate Laurenceburg Township in Dearborn County to attainment for the 2008 8-hour National Ambient Air Quality Standards for ozone. IDEM is soliciting written comment on the draft rule language and will schedule a public hearing before the Environmental Rules Board (board) for consideration of adoption of these rules.

CITATIONS AFFECTED: 326 IAC 1-4-16.

AUTHORITY: IC 13-14-8; IC 13-17-3.

STATUTORY REQUIREMENTS
IC 13-14-9-8 recognizes that, under certain circumstances, it may be appropriate to reduce the number of public comment periods and public hearings usually provided for under the IC 13-14-9 environmental rulemaking process. In cases where the commissioner determines that there is no reasonably anticipated benefit from a second public comment period and first public hearing to either the environment or persons regulated or otherwise affected by the proposed rule, IDEM may forgo these comment periods and proceed directly to the public hearing and board meeting at which the draft rule is considered for adoption. Two opportunities for public comment (with this notice and at the public hearing prior to adoption of the rule) remain under this procedure.

If the commissioner makes the determination of no anticipated benefit required by IC 13-14-9-8, the commissioner shall prepare written findings and publish those findings in the Indiana Register prior to the board meeting at which the draft rule is to be considered for adoption and include them in the board packet prepared for that meeting. This document constitutes the commissioner's written findings pursuant to IC 13-14-9-8.

The statute provides for this shortened rulemaking process if the commissioner determines that:
(1) the rule constitutes:
   (A) an adoption or incorporation by reference of a federal law, regulation, or rule that:
      (i) is or will be applicable to Indiana; and
      (ii) contains no amendments that have a substantive effect on the scope or intended application of the
      federal law or rule;
   (B) a technical amendment with no substantive effect on an existing Indiana rule; or
   (C) an amendment to an existing Indiana rule, the primary and intended purpose of which is to clarify the
      existing rule; and
(2) the rule is of such nature and scope that there is no reasonably anticipated benefit to the environment or
the persons referred to in IC 13-14-9-7(a)(2) from:
   (A) exposing the rule to diverse public comment under IC 13-14-9-3 or IC 13-14-9-4;
   (B) affording interested or affected parties the opportunity to be heard under IC 13-14-9-3 or IC 13-14-9-4; and
   (C) affording interested or affected parties the opportunity to develop evidence in the record collected
under IC 13-14-9-3 and IC 13-14-9-4.

BACKGROUND
On March 17, 2017, the United States Environmental Protection Agency (U.S. EPA) approved the Request for Redesignation Petition and Maintenance Plan for Ozone Attainment for the Indiana portion (Laurenceburg Township, Dearborn County) of the Cincinnati-Hamilton, Ohio-Kentucky-Indiana 2008 8-hour ozone nonattainment area submitted by IDEM on February 23, 2016. U.S. EPA published the final rule to redesignate Laurenceburg Township in Dearborn County to attainment for the 2008 8-hour ozone standard on April 7, 2017 (82 FR 16940). The federal rulemaking allows new major sources and major modifications at existing sources to be permitted under the Prevention of Significant Deterioration (PSD) rules in 326 IAC 2-2, rather than the more restrictive Emission Offset rules in 326 IAC 2-3.

On April 12, 2017, the board approved an emergency rule that temporarily revised 326 IAC 1-4-16 to redesignate Laurenceburg Township in Dearborn County to attainment for the 2008 8-hour ozone standard until the regular rulemaking is completed. The emergency rule ensures that permits for affected sources can be issued.
without delay under the less restrictive PSD program requirements, which contributes economic benefits to the redesignated area. This rulemaking will formally change the area designation to attainment so the emergency rule can be discontinued.

IDEM is proposing to amend 326 IAC 1-4-16 to redesignate Lawrenceburg Township in Dearborn County to attainment for the 2008 8-hour ozone standard.

**IC 13-14-9-4 Identification of Restrictions and Requirements Not Imposed under Federal Law**

No element of the draft rule imposes either a restriction or a requirement on persons to whom the draft rule applies that is not imposed under federal law. This draft rule imposes no restrictions or requirements because it is a direct adoption of federal requirements that are applicable to Indiana and contains no amendments that have a substantive effect on the scope or application of the federal rule.

**Potential Fiscal Impact**

There will be no fiscal impact from the implementation of this rule beyond that already imposed by federal law. This rulemaking amends 326 IAC 1-4-16 to redesignate Lawrenceburg Township in Dearborn County to attainment for the 2008 8-hour ozone standard to be consistent with federal regulations.

**Public Participation and Work Group Information**

At this time, no work group is planned for the rulemaking. If you feel that a work group or other informal discussion on the rule is appropriate, please contact Keelyn Walsh, Rules Development Branch, Office of Legal Counsel at (317) 232-8229 or (800) 451-6027 (in Indiana).

**Small Business Assistance Information**

IDEM established a compliance and technical assistance program (CTAP) under IC 13-28-3. The program provides assistance to small businesses and information regarding compliance with environmental regulations. In accordance with IC 13-28-3 and IC 13-28-5, there is a small business assistance program ombudsman to provide a point of contact for small businesses affected by environmental regulations. Information on the CTAP and other resources available can be found at: www.in.gov/idem/ctap

For purposes of IC 4-22-2-28.1, small businesses affected by this rulemaking may contact the Small Business Regulatory Coordinator:

Angela Taylor  
IDEM Small Business Regulatory Coordinator/CTAP Small Business Liaison  
IGCN 1316

Indianapolis, IN 46204-2251  
(317) 233-0572 or (800) 988-7901  
ctap@idem.in.gov

For purposes of IC 4-22-2-28.1, the Small Business Ombudsman designated by IC 5-28-17-6 is:

Katelyn Colclazier  
Small Business Ombudsman  
Indiana Economic Development Corporation  
One North Capitol, Suite 700  
Indianapolis, IN 46204

**FINDINGS**

The commissioner of IDEM has prepared findings regarding this rulemaking to update the attainment designation status as required by federal rule. These findings are prepared under IC 13-14-9-8 and are as follows:

1. This rule is the direct adoption of a federal requirement that is applicable to Indiana and it contains no amendments that have a substantive effect on the scope or intended application of the federal rule.

2. Indiana is required by state law to adopt rules classifying regions into attainment or nonattainment areas.
for regulated pollutants under IC 13-17-3-14.

(3) The environment and persons regulated or otherwise affected by the proposed rule will benefit from prompt adoption of this rule, because it will make the attainment status of Lawrenceburg Township in Dearborn County consistent with federal regulations.

(4) I have determined that, under the specific circumstances pertaining to this rule, there would be no reasonably anticipated benefit to the environment or to persons regulated or otherwise affected by the proposed rule from the first or second written comment period under IC 13-14-9-3 or IC 13-14-9-4, or from the first public hearing under IC 13-14-9-5(a)(1).

(5) The draft rule is hereby incorporated into these findings.

Bruno L. Pigott
Commissioner
Indiana Department of Environmental Management
