This is a notice of rule review as described in IC 13-14-9.5-1.1. Certain rules described in IC 13-14-9.5-1.1 do not expire after seven years. These types of rules are: (1) rules required to receive or maintain delegation, primacy, or approval for implementation or operation of a program established under federal law; and (2) rules required to begin or continue receiving federal funding for implementation or operation of a program.

The Indiana Department of Environmental Management (IDEM) is required to publish a list of these rules that have been effective for seven years and request comment, in a 30 day comment period, on any specific rule that should be reviewed through the regular rulemaking process under IC 13-14-9. IDEM must also notice a public hearing before the Environmental Rules Board (board). IDEM will respond to all comments received during the comment period and provide the comments and responses to the board during the public hearing. The board, after considering the comments, responses, and testimony at the hearing, will direct IDEM on whether additional rulemaking actions must be started to address concerns raised to the board.

IC 13-14-9.5-1 provides that chapter 9.5 does not apply to "a rule that incorporates a federal regulation by reference or adopts under a federal mandate a federal regulation in its entirety without substantive additions." Therefore, those rules are not subject to this notice of readoption; however, for the reader's information, a list of exempt rules is included in this notice.

IC 13-14-9-4(a)(5) THROUGH IC 13-14-9-4(a)(7) IDENTIFICATION OF RESTRICTIONS AND REQUIREMENTS NOT IMPOSED UNDER FEDERAL LAW

IC 13-14-9-5-1.1 requires this notice to contain the information described under IC 13-14-9-4(a)(5) through IC 13-14-9-4(a)(7) regarding restrictions and requirements of the listed rules that are not imposed under federal law. No element of the listed rules imposes either a restriction or requirement on persons to whom the rule applies that is not imposed under federal law. The listed rules at:

1. **327 IAC 2-1** and **327 IAC 2-1.5** concern water quality standard rules required under the Clean Water Act (CWA) in order for the state to have delegation for the National Pollutant Discharge Elimination System (NPDES) program;
2. **327 IAC 5-2** establish basic NPDES rules required under the CWA;
3. **327 IAC 5-18-1** and **327 IAC 5-21-1** are non-federal language describing the purpose of the federally required pretreatment rules, which are required under the CWA; and
4. **327 IAC 15-16** are part of the general permit rules, allowed under the NPDES program, to establish the program for Concentrated Animal Feeding Operations.

The CWA is the authority for water quality standards, NPDES, and pretreatment rules. Because of the variability of waters across the nation, the federal regulations under the CWA do not specify exact standards for the states but do require the states to establish standards that are federally reviewed and approved in order for a state to have delegation to conduct the NPDES program for the state. Indiana is a delegated state and, as such, the water quality standards, NPDES, and pretreatment rules have been federally approved.

These rules are authorized under IC 13-18-3-2(a) and IC 13-18-3-11.

**LIST OF RULES THAT DO NOT EXPIRE**

The following is a list of rules in 327 IAC that have been effective for seven years and are: (1) required to receive or maintain delegation, primacy, or approval for implementation or operation of a program established under federal law; or (2) required to begin or continue receiving federal funding for implementation or operation of a program:

- **327 IAC 2-1-8.2** Determination of acute aquatic criteria (AAC)
- **327 IAC 2-1-8.3** Determination of chronic aquatic criteria (CAC)
- **327 IAC 2-1.3** Antidegradation Standards and Implementation Procedures
- **327 IAC 2-1.5-6** Bioaccumulative chemicals of concern
- **327 IAC 2-1.5-8** Minimum surface water quality criteria
- **327 IAC 2-1.5-16** Site-specific modifications to Tier I criteria and Tier II values
- **327 IAC 5-2-11.2** Public notice of comment period and public meetings for site-specific modification of water quality criteria and values; an antidegradation demonstration; a water quality improvement project; an alternate mixing zone demonstration; a variance
