1 1:31 o'clock p.m. June 8, 2022 2 CHAIRMAN GARD: I'm going to call the 3 meeting of the Indiana Environmental Rules Board 4 to order on June the 8th, 2022 at 1:30 p.m., 5 Government Center, Room A. First thing -- order 6 7 of business is I'm going to call the roll. 8 Dr. Alexandrovich? DR. ALEXANDROVICH: 9 Here. 10 CHAIRMAN GARD: Mr. Bortner? 11 MR. BORTNER: Here. CHAIRMAN GARD: Mr. Chambers? 12 13 MR. CHAMBERS: Here. CHAIRMAN GARD: And, you know, if 14 you're here, be sure and unmute when you want to 15 16 talk. Mr. Davidson? 17 18 MR. DAVIDSON: Yes. 19 CHAIRMAN GARD: Mr. Etzler's not here 20 yet. 21 Mr. Green? 22 MR. GREEN: Here. 23 CHAIRMAN GARD: Mr. Horn? I don't

```
1 think he's going to be here.
```

- I wish I could say this name right.
- 3 Ms. Korezki?
- 4 MS. KOZYRSKI: It's Kozyrski, and
- 5 yes, ma'am, I'm here. Thank you.
- 6 CHAIRMAN GARD: Kozyrski? I'm sorry.
- 7 I butcher your name every time.
- 8 Ms. Nelson?
- 9 MS. NELSON: Here.
- 10 CHAIRMAN GARD: Dr. Niemiec?
- DR. NIEMIEC: Here.
- 12 CHAIRMAN GARD: Mr. Rulon?
- MR. RULON: Here.
- 14 CHAIRMAN GARD: Mr. Schuler?
- MR. SCHULER: Here.
- 16 CHAIRMAN GARD: Ms. Stover?
- MS. STOVER: Here.
- 18 CHAIRMAN GARD: Mr. Wasky?
- MR. WASKY: Here.
- 20 CHAIRMAN GARD: And the Chair is
- 21 present. We have twelve, so we definitely have a
- 22 quorum.
- I'm going to ask Kevin Bump to cover the

- 1 logistics and explain how that will work.
- MR. BUMP: Actually, Chairman Gard,
- 3 we're going to have Sarah Bonick, of Media and
- 4 Communications, take care of that portion today.
- 5 CHAIRMAN GARD: Okay. Thank you.
- MR. BUMP: You're welcome.
- 7 CHAIRMAN GARD: Sarah?
- 8 MS. BONICK: Hi. My name is Sarah
- 9 Bonick. I'm Director of External Relations with
- 10 IDEM.
- 11 For those of us joining on Zoom, all
- 12 microphones are currently muted. We will be
- 13 taking questions and comment from the public at
- 14 today's meeting at the appropriate time. All
- 15 participants will be able to unmute themselves
- 16 and ask questions and make comments.
- 17 If you have a question or technical issue
- 18 during the presentation, please use the raised
- 19 hand or chat feature. To access the raised hand
- 20 and chat feature, at the bottom or top of your
- 21 screen, depending on your device, you'll see a
- 22 menu bar. You may have to move your mouse or
- 23 touch the screen for the menu bar to pop up.

In the middle of that menu, there's a chat icon which you can click on to show the chat dialogue. You should also see the raised hand option. Please utilize the raised hand or chat features if you have any questions or comments, and you will be called upon at the appropriate time.

For those of you joining us by phone, if you have questions or comments, you can raise your hand by pressing star nine, and we will call on you at the appropriate time. When called upon, you'll need to unmute your phone by pressing star six.

For everyone in today's meeting, please identify yourself when speaking. If any members of the media have joined us, please utilize the chat feature or e-mail media@idem.in.gov. This meeting is being recorded and will be posted on IDEM's Web site in the next day or two.

And I will turn it back over to Chairwoman Gard.

Thank you.

23 CHAIRMAN GARD: Are there any

```
questions about this from anybody that's either
1
2
    on Zoom or in present?
                       (No response.)
3
                 CHAIRMAN GARD:
                                 Okay.
4
5
            The first order of business today is the
    approval of the summary of the February the 9th,
6
    2022 Board meeting. Are there any additions or
7
8
    corrections to the minutes as presented?
9
                       (No response.)
10
                 CHAIRMAN GARD: If not, is there a
11
    motion to approve?
                 DR. ALEXANDROVICH: Motion to --
12
13
                 DR. NIEMIEC: This is Ted Niemiec.
14
    So moved.
                 DR. ALEXANDROVICH:
15
                                      Second.
                 CHAIRMAN GARD: Is there a second?
16
17
                 DR. ALEXANDROVICH: Second, Joanne
    Alexandrovich.
18
                 CHAIRMAN GARD:
19
                                 All in favor, aye.
20
             (Board members responded, "Aye.")
21
                 CHAIRMAN GARD:
                                 Those opposed, nay.
22
                      (No response.)
23
                 CHAIRMAN GARD:
                                 The minutes from
```

- February the 9th, 2022 are approved.
- 2 Commissioner, you have a staff member to
- 3 introduce, I think.
- 4 COMM. ROCKENSUESS: Yeah, I have a
- 5 couple.

- Good afternoon, everyone. Sorry I
- 7 couldn't be there in person. I was actually
- 8 supposed to be in Green Bay today at the Great
- 9 Lakes Conference, and I fell victim to travel
- 10 issues, like many have around the country, and we
- 11 were -- my wife and I are down to one car this
- 12 week, so she is using my car and I am at home
- working.
- So, Parvonay Stover, she's my Chief of
- 15 Staff, she started in January, is filling in for
- 16 me today, and she'll be giving the majority of my
- 17 report.
- 18 A couple of things I do want to cover
- 19 quickly, just from an agency level, a couple of
- 20 things we're dealing with, and most everyone is
- 21 dealing with, one of which is staffing. You
- 22 know, when the Daniels Administration came in,
- 23 they wanted to get IDEM down to 902 employees.

We were well above a thousand at that point, and today we're down to seven -- just under 750.

CHAIRMAN GARD: Oh.

COMM. ROCKENSUESS: So, we have had a drastic reduction in staffing, and it's for a litany of reasons. You know, families, kind of like mine, down to one income, or a lot of folks retired, or folks found -- you know, the job market right now for employees is very strong, not as strong for employers.

So, we, like most other employers, are dealing with this, and we're working hard to get people on the dole or trying to keep them. And so far, it hasn't really affected our metrics, but there's only so long you can continue working at the staffing levels that we have before it will start affecting our permitting and compliance metrics.

To date, we're staying pretty strong
where, you know, our permit metric is how many
days until we get a permit done before the permit
time frame. Our goal is 75 percent of that time,
so if it is a permit at 100 days, we want to get

it done in 75. Last month, we were down to like 54 days, so we're doing really well in the permitting metric. And then on the compliance metric, the goal was seven days, and we are covering right around three and a half to almost four, so we're doing pretty well there as well.

One other thing quickly that I want to highlight, and then I'm going to turn it over to Parv, is House Enrolled Act 1226 passed this session. It's a bill on solid waste. It had four parts to it. It was almost -- could have been four different bills that was put together into one bill.

The first part dealt with legit use and whether or not somebody needed a permit to legitimately reuse something. I -- in an effort to try and get some consensus on this topic, I created a group chaired by Bruce Palin and Cal Davidson, and we met pretty frequently to talk about issues with solid waste and reusing it and ways we could make that better and things we needed to be careful about so that we don't end up having a lot of open dumps in the state.

The bill somewhat did a lot of what we were looking at to do anyway, so right now, if you are putting what would be considered solid waste in a process, it is no longer regulated, so -- and Cal would have way more examples than I do, but, you know, one that comes to mind is that, you know, where shingles were being used fore cement in roads. That's not a thing that's being used as much anymore, but it was.

So, in that event, Cal would not have had to go get a legitimate use approval, he could just do it because he's putting it in a process to make another product or use it in another way. So, anything like that would no longer be regulated.

The second part is -- has to do with hazardous waste facilities. Some of them are starting to get involved in solid waste handling as well, and they did not want to have to get two permits, and so, we worked with those groups to make sure that the language was something we were comfortable with so that the hazardous wastes and solid wastes were not commingled. That was the

big deal. They go different places, and if they're commingled, they're all -- it's all considered hazardous waste. We just wanted to make sure that's clear.

Then the third part was adopting our -that the statute adopts the 2018 solid waste
rules for purposes of hazardous waste. It's a
federal rule, and they stay adopted until the
Board can adopt them. It has to do -- there's a
lot in there, but a big piece of this, the big
push of it was secondary hazardous materials, the
way the rules and the laws are written. Prior to
this law change, people felt it was too rigorous
compared to what EPA allows.

And then finally, there was a recycling piece to the bill, and it's trying to get Indianapolis to put their foot in the door for recycling in some big project. We offered four million dollars for that from the Recycling Market Development Board Fund. That fund has a decent chunk of change in it, and we don't use it every year, so it seemed like a logical place to get money for this project, and we'll see what

1 that looks like.

And with that, if anybody has questions, I'm happy to answer, and if not, I will pass it over to Parvonay.

CHAIRMAN GARD: Commissioner, I do have a question. What about things like -- if there are still such things, but asphalt shingles and things like that for reuse? Is that tracked at all?

COMM. ROCKENSUESS: Well, now, with the passage of the bill, if you're putting it in a process, you don't even have to notify the agency of what you're doing. So, we won't find out if something's really being reused until we get a complaint, and then we will go and investigate, and if it is being reused and we can -- after talking with the company, that we find that it's being reused, then that claim is closed.

If they're stockpiling, if it's clear they're not reusing or putting anything through a process, then we'll go through the solid waste rules that dictate that that's -- that would be

an open dump. So, it echoes with any kind of problems, really.

CHAIRMAN GARD: It really makes a lot of hoops for you all to have to jump through.

COMM. ROCKENSUESS: Yeah, but it was -- the bill was in a different spot before, that was even more difficult prior to its passage. So, it did come around a little bit towards the end, towards something that we could get control on.

And, you know, I developed this group that I mentioned because I had heard a lot of complaints from people asking why do they have to get this big solid waste processing permit when all they're doing is taking a single-use stream, whether it's metal, wood, whatever, and reusing it? And it would be good reasons to reuse it.

And I agreed with that, and so, my purpose of putting together the group was to figure out ways that we could have lesser regulations around people that were reusing a single stream so they wouldn't have to get this big permit that costs a lot of money, actually.

So, the bill went a little bit further than, you know, I may have wanted it to go, but that's the way, you know, legislation works sometimes. So, we're wrapping our arms around it and we're going to start meeting again with that group so that we can start discussing what the legitimate use rule will look like, because there are some products that will -- that don't go into a process.

Foundry sand would be one of -- that -- example of that. You know, once it's there, people will want to legitimately use that for making berms or filling different things, and the organizations that do that want rules around legitimate use, to understand what is expected, what's not expected.

CHAIRMAN GARD: Okay. One more question, then, a different subject, on your low number of employees. Are you seeing a lot of overtime?

COMM. ROCKENSUESS: No, no. We have a couple of programs that utilize comp time -CHAIRMAN GARD: Uh-huh.

COMM. ROCKENSUESS: -- for projects, 1 and they're project specific, so our underground 2 storage tank IT project, we had some people 3 receiving comp time just to get all of that work 4 5 Overtime -- and I guess you could lump those two together, comp time and overtime. 6 difference is overtime is pay, comp time is time 7 8 that we can use, as our vacation or sick time. 9 CHAIRMAN GARD: Uh-huh. 10 COMM. ROCKENSUESS: Overtime has to 11 be very specific and approved by the Budget 12 Agency, so many agencies don't utilize overtime, except for like State Police, because I mean they 13 14 do run over quite a bit. The one group we do allow for overtime, if it's necessary, is 15 16 environmental response, for our econ group. 17 CHAIRMAN GARD: Okay. Thank you. 18 COMM. ROCKENSUESS: Yep. 19 CHAIRMAN GARD: Anybody else have questions of the Commissioner before --20 21 (No response.) 22 CHAIRMAN GARD: Okay. 23 COMM. ROCKENSUESS: Thank you all.

MS. STOVER: All right. I think I'm next. Good afternoon, everybody. I'd like to thank everybody for being here, both those in person and those of us joining virtually.

Like Brian said, I've been Chief of Staff
here at IDEM since January, so almost five months
now and I've been having a great time, you know,
meeting a lot of fantastic people and learning a
lot, so nothing but wonderful things to say. I
will say, though, the job's gotten a lot easier
since session has ended. That was a little bit
time consuming, as I know most of you know. So,
happy to be on, you know, the cooling-off period
after that.

And again, like Brian mentioned, a lot of my time these past couple of months has been spent interviewing and hiring for new positions, particularly in our senior team. We've had a lot of turnover in some of our more senior-level positions, so Brian and I have had to set aside entire days to interview candidates to make sure we're finding the right people for our agency.

One of those folks is here today, Drake

- 1 Abramson. He's our new Legislative Director,
- 2 who's a former Senate LA. He worked for
- 3 Sen. Doriot and Sen. Alting, and interned for
- 4 Sen. Messmer.
- 5 Did I get that right?
- MR. ABRAMSON: Yes.
- 7 MS. STOVER: He's been here about
- 8 three weeks, four weeks, maybe, and he's been
- 9 doing a really great job for us. We're excited
- 10 to have him on board.
- We also recently promoted Bob Lugar to the
- 12 role of Assistant Commissioner over the Office of
- 13 Program Support.
- 14 And most of you know Julia Wickard. Julia
- 15 left a couple of months ago to go back to her
- 16 previous role at the USDA Farm Services Agency.
- We also hired a new CFO, Hilary Aldred,
- 18 who came to us from Department of Corrections and
- 19 has extensive state finance experience.
- 20 And we are also in the process of
- 21 finalizing our pick for a new Communications
- 22 Director, which hopefully we will be able to
- 23 announce very, very soon and we're very excited

about.

So, we've had a ton of staffing changes, but I am truly excited to see some of the new talent coming into the agency and promoting into higher level roles, and I'm really hoping nobody else leaves, because I'm tired of interviewing, and hopefully Brian and I can get a little bit of a break from that. So, exciting changes happening and should be happening in the future.

And one other thing that has been occupying a lot of my time recently is PFAS, which you guys might know is forever chemicals because of how tiny the molecules are and how long they stay in your body and in the environment.

So, last year IDEM was notified of a detection of PFAS in the Treaty Creek area, so that's just south of Wabash. So, we began a sampling project in that area to determine how widespread the issue was and whether any drinking water was impacted.

So, we initially sampled three public water systems in the area. One was a residential

facility, one was an elementary school, and one was a middle or high school, I don't remember exactly, to see whether those systems were impacted. Luckily we found no detections there.

From that, we moved on to sampling the surface water in Treaty Creek, which unfortunately did show elevated levels, so it confirmed the information that was originally given to us. Once we got those results, we wanted to see whether private wells would be impact -- in the area were impacted.

So, if you know the area at all, it's a pretty rural area where folks aren't hooked up to city water, and most use private wells for their drinking water. So, we wanted to see, you know, whether any of the water from Treaty Creek had seeped into the wells.

We ended up sampling about 50 or 60 drinking water wells located within about 300 feet of Treaty Creek, because our Water/Land folks told us that those were the wells most likely to be impacted by the surface water or the creek. And when we were doing the sampling, we

didn't really know what to expect. You know, we didn't know how many of those 50 or 60 wells might come back with detections, and at what level, you know, teeny tiny amounts or massive amounts. You know, we didn't know.

So, we got all of the lab results back from the drinking water wells, and, you know, we were fortunate that only five of those wells had PFAS detections, which is honestly better than I was expecting, and only three of those wells had detections that exceeded the U.S. EPA lifetime advisory level of 70 parts per trillion.

So, for those three wells we've installed water filtration systems, kind of a carbon filter, so not like a small Brita filter like you might attach to your faucet or put in your fridge, but larger systems, kind of like a water softener, that will pull out the PFAS and allow that to be safe for drinking water. And we've done that free of charge to the homeowner.

And we're still doing additional sampling in the area across the farmland, soil samples and water samples both, to try and figure out the

source of the contamination. But right now our 1 2 land and water experts are working in the area, so hopefully soon we'll have a better idea of 3 where it's coming from and whether any drinking 4 5 water's impacted. But as of now, the whole situation has 6 gone kind of better than I expected, and we'll be 7 8 sure to keep you guys updated as we know more, 9 but certainly an issue that I know a lot of 10 different agencies are dealing with, and we've 11 coordinated our response with Agriculture, DHS, 12 Board of Animal Health, Department of Health, all impacted agencies, and I think we're learning a 13 14 So, we'll be sure to keep this group 15 updated. 16 CHAIRMAN GARD: Are there any 17 questions? 18 (No response.) 19 CHAIRMAN GARD: Well, thank you so 20 It sounds like you've hit the ground 21 running. 22 I'm sure trying to. MS. STOVER:

CHAIRMAN GARD:

Okay.

The next order of business is Chris
Petersen for a rulemaking report.

MS. PEDERSEN: Good afternoon. I'm Chris Pedersen, in the Rules Development Section of the Office of Legal Counsel.

Our next Board meeting is tentatively set for September 14th, and at that meeting, we have a few rules that we can anticipate bringing before you. The first two are the final adoption of the Landfill Emissions Rule that's before you today, and the Angola Chloride Variance Revisions Rule that's before you today.

In addition to that, we have an emergency rule that we're preparing for Lake and Porter Ozone Redesignations. That is one that we're trying to get the regular rulemaking done quickly, too, and if we can get that published soon enough, we may also have the regular rulemaking before you as a Section 8 rulemaking for adoption.

So, those are the rules that we're relatively sure of. There are a few others that we're unsure of, so they'll be added to the

- agenda if they're ready. And I'll be happy to answer any questions.
- 3 CHAIRMAN GARD: Are there any
- 4 questions for Chris?
- 5 (No response.)
- 6 CHAIRMAN GARD: Okay. Thank you,
- 7 Chris.

- Board actions: Adoption of Daviess and Pike
 County SO2 Redesignations, State SO2 and Porter
 County Designations, preliminary adoption of
 Landfill Emissions, Angola Chloride Variance
 Revisions. We will also have a Nonrule Policy
 Document on the Risk-Based Closure Guide, and an
 update on the Citizen's Petition to request
 rulemaking on the 2012 EPA recreational water
 quality criteria.
- As a reminder, if you wish to testify in any of today's hearings, please fill out the comment card and give it to Karla Kindrick at the sign table. The rules being considered at today's meeting were included in Board packets and are available for public inspection at the

Office of Legal Counsel, 13th Floor, Indiana
Government Center North. The entire Board packet
is also available on IDEM's Web site at least one
week prior to each Board meeting.

A written transcript of today's meeting will be made. The transcript and any written submissions will be open for public inspection at the Office of Legal Counsel. A copy of the transcript will be posted on the rules page of the agency Web site when it becomes available.

Will the official reporter of the cause please stand, raise your right hand and state your name?

(Reporter sworn.)

CHAIRMAN GARD: Thank you.

Now we'll have a public hearing before the Environmental Rules Board of the State of Indiana concerning adoption of amendments to Rules at 326 IAC 1-4-15 and 326 IAC 1-4-64 regarding the redesignation of a portion of the Daviess and Parke -- Pike Counties for the Sulfur Dioxide Standard.

I will now introduce Exhibit A, the draft

- 1 rule, into the record of the hearing.
- 2 Keelyn Walsh will present the rule.
- MS. WALSH: Good afternoon, members
- 4 of the Board. I'm Keelyn Walsh, with the Rules
- 5 Development Section of the Office of Legal
- 6 Counsel, and I am here to present Rule
- 7 No. 21-258, Sulfur Dioxide Redesignation for
- 8 Daviess and Pike Counties in Indiana for your
- 9 consideration.
- 10 This rule amends 326 IAC 1-4-15 and
- 11 326 IAC 1-4-64 to update the attainment
- 12 designation status for Veale Township in Daviess
- 13 County and Washington Township in Pike County
- 14 under the 2010 one-hour primary National Ambient
- 15 Air Quality Standards for Sulfur Dioxide. This
- 16 rule also amends 326 IAC 1-4-15 and
- 17 326 IAC 1-4-64 to update the designation status
- 18 for the remaining portions of Daviess and Pike
- 19 Counties to unclassifiable or attainment under
- 20 the 2010 one-hour primary SO2 NAAQS as published
- 21 by U.S. EPA in the Federal Register on
- 22 January 19th, 2018, and to clarify that these
- 23 counties are designated as better than the

national secondary standard for the 1971
three-hour SO2 standard as published in the
Federal Register on March 3rd, 1978.

This rule was adopted by the Board on

November 10th, 2021, but was recalled on
March 30th, 2022, due to an administrative error
identified in the promulgation package by the
Attorney General's Office. The Section 8 notice
as published in the Indiana Register was
unintentionally omitted from the November 10th,
2021 Board packet, and the Section 8 notice
contains the findings of the Commissioner, which
are required to be presented to the Board before
final adoption. Therefore, this rule is being
presented again for final adoption with the
Section 8 notice included in your Board packet.

IDEM respectfully requests that the Board final adopt this rule as presented, and I am available to answer any other questions you may have.

Thank you.

22 CHAIRMAN GARD: Are there any 23 questions for Keelyn?

```
1
                       (No response.)
2
                 CHAIRMAN GARD: Okay. Thank you very
    much.
3
           Are there any speaker cards that have been
4
    turned in?
5
                 MS. KINDRICK: No, ma'am.
6
                 CHAIRMAN GARD: Any -- any on-line?
7
8
                      (No response.)
                 CHAIRMAN GARD: I don't think so.
9
10
           Okay. This hearing is concluded.
    Board will now consider adoption of amendments to
11
    326 IAC 1-4-15 and 326 IAC 1-4-64, Daviess and
12
    Pike Counties SO2 Redesignation.
13
           Board discussion?
14
15
                       (No response.)
16
                 CHAIRMAN GARD: Is there a motion to
    adopt the rules as presented?
17
18
                 MR. RULON: Ken Rulon, so move.
19
                 MR. GREEN: Second.
                 CHAIRMAN GARD: Is there a second?
20
21
                 MR. GREEN: Second.
22
                 CHAIRMAN GARD: This is roll-call
23
    vote.
```

1	Dr. Alexandrovich?
2	DR. ALEXANDROVICH: Yes.
3	CHAIRMAN GARD: Mr. Bortner?
4	MR. BORTNER: Yes.
5	CHAIRMAN GARD: Mr. Chambers?
6	MR. CHAMBERS: Yes.
7	CHAIRMAN GARD: Mr. Davidson?
8	MR. DAVIDSON: Yes.
9	CHAIRMAN GARD: Is Mr. Etzler on yet?
10	(No response.)
11	CHAIRMAN GARD: Mr. Green?
12	MR. GREEN: Yes.
13	CHAIRMAN GARD: Ms. Koryski?
14	MS. KOZYRSKI: Yes.
15	CHAIRMAN GARD: Ms. Nelson?
16	MS. NELSON: Yes.
17	CHAIRMAN GARD: Dr. Niemiec?
18	DR. NIEMIEC: Yes.
19	CHAIRMAN GARD: Mr. Rulon?
20	MR. RULON: Yes.
21	CHAIRMAN GARD: Mr. Schuler?
22	MR. SCHULER: Yes.
23	CHAIRMAN GARD: Mr. Wasky?

MR. WASKY: 1 Yes. 2 CHAIRMAN GARD: And the Chair votes The vote is 12 to 0. 3 aye. Okay. Now this is a public hearing before 4 the Environmental Rules Board of the State of 5 Indiana concerning adoption of amendments to 6 rules at 326 IAC 1-4 regarding Sulfur Dioxide 7 8 Designations for most of the state, and 326 IAC 1-4-65 regarding the Designation for 9 Porter County for Ozone. 10 11 I will now introduce Exhibit B, the draft 12 rule, into the record of the hearing. 13 Keelyn Walsh will present the rule. 14 MS. WALSH: Hello, again. I'm Keelyn 15 Walsh, and I'm here to present Rule No. 21-515, State Sulfur Dioxide and Porter County Ozone 16 17 Designations, for your consideration. This rulemaking updates the attainment 18 designation status for 90 of Indiana's 92 19 20 counties for sulfur dioxide to accurately reflect 21 the federal language used in the Code of Federal

This rulemaking

Regulations at 40 CFR 81.315.

also updates the designation status of Porter

22

- County under the 2015 eight-hour ozone National
- 2 Ambient Air Quality Standard based on the final
- 3 rule published by U.S. EPA in the Federal
- 4 Register on June 14th, 2021.
- 5 In order to avoid conflict with ongoing
- 6 litigation concerning a challenge to the
- 7 designation status for several townships in
- 8 Huntington County, the rule language differs from
- 9 what's currently reflected in 40 CFR 81.315 and
- 10 will be updated if necessary once the challenge
- 11 is resolved.
- 12 This rule was adopted by the Board on
- 13 February 9th, 2022, but was recalled on
- 14 March 20th, 2022 due to administrative error
- 15 identified in the promulgation package by the
- 16 Attorney General's Office, and the Section 8
- 17 Notice as published in the Indiana Register was
- 18 unintentionally omitted from the February 9th,
- 19 2022 Board packet. The Section 8 Notice contains
- 20 the findings of the Commissioner, which are
- 21 required to be presented to the Board before
- 22 final adoption, and so, this rule is being
- 23 presented again for final adoption with the

Section 8 Notice included in your Board packets. 1 2 IDEM respectfully requests that the Board final adopt this rule as presented, and I'm 3 available to answer any further questions you may 4 5 have. Thank you. 6 7 CHAIRMAN GARD: Any questions for 8 Keelyn? DR. ALEXANDROVICH: Yes, I have one, 9 10 Chairman Gard. 11 CHAIRMAN GARD: Okay. Go ahead. 12 DR. ALEXANDROVICH: Keelyn, I want --CHAIRMAN GARD: Why don't you state 13 14 your name so I will know who it is? DR. ALEXANDROVICH: It's Joanne 15 Alexandrovich. 16 17 CHAIRMAN GARD: Okay. 18 DR. ALEXANDROVICH: Keelyn, I was 19 just wondering if you could tell me what's so 20 special or different about Dearborn, Gibson, 21 Jefferson, Porter and Warrick in that they cannot 22 be classified for the '71 secondary three-hour SO2

standard. I just -- I know it's in the Federal

Register, but I'm wondering why those five 1 2 counties -- I might have missed one. MS. WALSH: Well, I don't have the 3 4 rule directly in front of me. 5 MS. PEDERSEN: Keelyn? MS. WALSH: Uh-huh. 6 7 MS. PEDERSEN: Is Matt Stuckey on? 8 MS. WALSH: Matt, are you on the Zoom 9 call? 10 MR. STUCKEY: Yeah, I'm on. This is 11 Matt. 12 MS. WALSH: Would you be able to 13 address that, per chance? 14 MR. STUCKEY: So, I don't have the 15 rule in front of me. I can pull it up real 16 quick, but I assume the question is why they're 17 considered unclassifiable; is that what you're 18 asking? 19 DR. ALEXANDROVICH: Well, it's just 20 five counties, and it's for this '71 secondary 21 three-hour, so I'm just wondering why that is. 22 MR. STUCKEY: So, the designations

that EPA establishes are either attainment,

nonattainment or unclassifiable. Unclassifiable, in very general terms, means that we don't have sufficient data because we don't have sufficient modeling data or -- to support a designation of nonattainment, and those are areas where historically we've not had that information, but there's no reason, based on modeling information, they would not be nonattainment.

- But it's just a -- it's a -- I mean short of going into too much detail, it's basically the way in which the EPA establishes those classifications. So, those old classifications we're trying to clean up with this particular rule have long since been essentially replaced by the newer SO2 standards, and then put in place.
- DR. ALEXANDROVICH: And just -- okay. But it just seems a little bit strange, because a lot of those are ones with power plants that monitored for SO2, so that's why I don't quite understand why they're different than the others, but that's okay.
- MR. STUCKEY: I don't know if

 Susan -- we're supposed to have someone from the

- Programs Branch there today for rules. I don't know if she can elaborate if she's there.
- MS. BEM: Yeah, I am. This is Susan
- 4 Bem. You know, I don't have the rule in front of
- 5 me either.
- 6 CHAIRMAN GARD: Susan, why don't you
- 7 come up front, if you don't mind?
- MS. BEM: Hi.
- 9 CHAIRMAN GARD: Thank you.
- 10 MS. BEM: This is Susan Bem. The
- 11 only thing I can probably add to the discussion
- 12 is I think you mentioned Warrick County, Dearborn
- 13 County. Those all sound like counties that were
- 14 part of -- they were originally nonattainment
- 15 counties at one point in time a long time ago
- 16 with the three-hour standard.
- And so, I know you mentioned monitoring
- 18 data, and we probably had monitoring data at one
- 19 point in time, and I'm not quite sure, without
- 20 having the rule in front of me --
- DR. ALEXANDROVICH: Well, all of the
- 22 other counties are better than the national
- 23 standard, and this is "Cannot be classified,"

```
1
    so --
2
                MS. BEM: Yeah, I just -- those just
    sound like the original nonattainment counties,
3
    so somehow the classification is different, but
4
    as Matt --
5
                DR. ALEXANDROVICH:
6
                                     Okay.
7
                MS. BEM: -- mentioned, you know,
8
    they are, you know, in attainment, and it's just
    different.
9
10
                DR. ALEXANDROVICH: And likely better
11
    than the standard. Okay. Thank you.
12
                MS. BEM:
                           Thank you.
13
                CHAIRMAN GARD: Any -- any other
14
    questions?
15
                       (No response.)
                CHAIRMAN GARD: Okay. Thank you,
16
17
    Keelyn.
           Are there any speaker cards?
18
19
                MS. KINDRICK: No, ma'am.
20
                CHAIRMAN GARD: Okay.
                                        This hearing
21
    is concluded. The Board will now consider
    adoption of amendments to 326 IAC 1-4, State SO2
22
23
    and Porter County Ozone Designations.
```

1	Is there any Board discussion?
2	(No response.)
3	CHAIRMAN GARD: Is there a motion to
4	adopt the rules as presented?
5	MS. NELSON: Katie Nelson, so moved.
6	CHAIRMAN GARD: Is there a second?
7	MR. DAVIDSON: Cal Davidson, second.
8	CHAIRMAN GARD: This is roll call.
9	Dr. Alexandrovich?
10	DR. ALEXANDROVICH: Yes.
11	CHAIRMAN GARD: Mr. Bortner?
12	MR. BORTNER: Yes.
13	CHAIRMAN GARD: Mr. Chambers?
14	MR. CHAMBERS: Yes.
15	CHAIRMAN GARD: Mr. Davidson?
16	MR. DAVIDSON: Yes.
17	CHAIRMAN GARD: Mr. Green?
18	MR. GREEN: Yes.
19	CHAIRMAN GARD: Ms. Koroski?
20	MS. KOZYRSKI: Yes.
21	CHAIRMAN GARD: Ms. Nelson?
22	MS. NELSON: Yes.
23	CHAIRMAN GARD: Dr. Niemiec?

1	DR. NIEMIEC: Yes.
2	CHAIRMAN GARD: Mr. Rulon?
3	MR. RULON: Yes.
4	CHAIRMAN GARD: Mr. Wasky?
5	MR. WASKY: Yes.
6	CHAIRMAN GARD: Mr. Wasky?
7	MR. WASKY: Yes.
8	CHAIRMAN GARD: Mr. Schuler?
9	MR. SCHULER: Yes.
10	CHAIRMAN GARD: And the Chair votes
11	aye. Again, the vote is 12 ayes, 0 nays, so the
12	rule is passed.
13	This is a public hearing before the
14	Environmental Rules Board of the State of Indiana
15	concerning preliminary adoption of amendments to
16	rules at 326 IAC 8-8.2, Landfill Emissions.
17	I will now introduce Exhibit C, the draft
18	rule, into the record of the hearing.
19	Keelyn Walsh will present the rule.
20	MS. WALSH: Hello, again. I'm Keelyn
21	Walsh, and I'm here to present Rule No. 22-109,
22	Municipal Solid Waste Landfill Emissions Update,
23	for your consideration.

Municipal solid waste landfills are discrete areas of land or excavation that receive household waste or other types of nonhazardous wastes such as commercial solid waste, nonhazardous sludge, and industrial nonhazardous solid waste. On May 21st, 2021, U.S. EPA published a final rule in the Federal Register at 40 CFR 62, Subpart triple O, that requires states to submit plans implementing the 2016 municipal solid waste landfills emission guidelines.

Indiana is currently operating under state rules that implemented the federal new source performance standards at 40 CFR 60, Subpart triple W, and emission guidelines for municipal solid waste landfills at 40 CFR 60, Subpart Cc, that U.S. EPA promulgated on March 16th, 1996.

While U.S. EPA's intention is for the 2021 federal plan to replace the existing 2016 approved state plan, the federal rules for the 2016 emission guidelines did not repeal 40 CFR 60, Subpart triple W that Indiana's state rules rely on.

Consequently, the municipal solid waste

landfills in Indiana are now subject to both the federal plan at 40 CFR 62, Subpart triple 0, as well as the 1996 emission guidelines in state rules, which creates conflicting requirements for

Indiana sources.

- IDEM intends to address this conflict with a Nonrule Policy Document in the interim, until this rulemaking is final and effective, which is likely to be presented to you at the next Board meeting.
- This rulemaking will repeal 326 IAC 8-8 and 326 IAC 8-8.1, and add a new rule at 326 IAC 8-8.2 to incorporate 40 CFR 62, Subpart triple O for municipal solid waste landfills in the state rules, which will remove the conflicting requirements.
- The incorporation by reference also includes the updated federal language published on February 14th, 2022 in the Federal Register, which updates several sections of 40 CFR 62 to clarify compliance schedules, the closed subcategory, and the definition of "administrator."

Once this rule is final, IDEM will submit a state plan to U.S. EPA for approval. Once approved by U.S. EPA, the federal plan will no longer be in effect in Indiana, which will remove the conflicting federal and state requirements.

It should also be noted that while

326 IAC 8-8.1 was put in place solely to address
the requirements for a state plan under

40 CFR 60, Subpart Cc, the additional rule at

326 IAC 8-8 for landfills located in Lake,

Porter, Clark and Floyd Counties was implemented
to address volatile organic compound emission
reductions for ozone nonattainment counties.

The emission standards in the new rule at 326 IAC 8-8.2 will be applicable statewide and will be sufficient for Indiana to continue meeting ozone planning requirements. Indiana also intends to request a state implementation plan revision to replace 326 IAC 8-8 with a new rule at 326 IAC 8-8.2 once this rulemaking is final.

IDEM respectfully requests that the Board preliminarily adopt this rule as presented, and

- program staff and I are available to answer any
 further questions you may have.
- Thank you.
- 4 CHAIRMAN GARD: Are there questions
- 5 from anyone?
- DR. ALEXANDROVICH: Alexandrovich has
- 7 more questions.
- MS. WALSH: Uh-huh.
- DR. ALEXANDROVICH: I assume the 2016
- 10 guidelines are a little more stringent than
- 11 the 1996 guidelines.
- MS. WALSH: I believe they're -- they
- are a little bit, yeah, more stringent and more
- 14 inclusive than the original.
- DR. ALEXANDROVICH: So, is it going
- 16 to -- and I am -- the landfills are already
- 17 trying to meet those emission guidelines. Are
- 18 they having any difficulties meeting those
- 19 quidelines?
- MS. WALSH: Not that I'm aware of.
- 21 don't know if anyone else would have any further
- 22 information on that, but I believe these are, you
- 23 know, regulations that they are already familiar

1	with and working to meet or have already met.
2	DR. ALEXANDROVICH: Thank you.
3	CHAIRMAN GARD: Are there any other
4	questions?
5	(No response.)
6	CHAIRMAN GARD: Are there any speaker
7	cards?
8	MS. KINDRICK: No, ma'am.
9	CHAIRMAN GARD: Okay. Thank you.
10	This hearing is concluded. The Board will now
11	consider preliminary adoption of amendments to
12	rules at 326 IAC 8-8.2, Landfill Emissions.
13	Is there any Board discussion?
14	(No response.)
15	CHAIRMAN GARD: Is there a motion to
16	adopt the rules as presented?
17	MR. GREEN: So moved.
18	CHAIRMAN GARD: Is there a second?
19	MR. DAVIDSON: Cal David
20	CHAIRMAN GARD: Is there a second?
21	MR. DAVIDSON: Second, Cal Davidson.
22	CHAIRMAN GARD: This is a roll-call
23	vote.

1	Dr. Alexandrovich?
2	DR. ALEXANDROVICH: Yes.
3	CHAIRMAN GARD: Mr. Bortner?
4	MR. BORTNER: Yes.
5	CHAIRMAN GARD: Mr. Chambers?
6	MR. CHAMBERS: Yes.
7	CHAIRMAN GARD: Mr. Davidson?
8	MR. DAVIDSON: Yes.
9	CHAIRMAN GARD: Mr. Green?
10	MR. GREEN: Yes.
11	CHAIRMAN GARD: Ms. Koroski?
12	MS. KOZYRSKI: Yes.
13	CHAIRMAN GARD: Ms. Nelson?
14	MS. NELSON: Yes.
15	CHAIRMAN GARD: Dr. Niemiec?
16	DR. NIEMIEC: Yes.
17	CHAIRMAN GARD: Mr. Rulon?
18	MR. RULON: Yes.
19	CHAIRMAN GARD: Mr. Schuler?
20	MR. SCHULER: Yes.
21	CHAIRMAN GARD: Mr. Wasky?
22	MR. WASKY: Yes.
23	CHAIRMAN GARD: The Chair votes aye.

Again, the vote is 12 ayes, 0 nays. The motion is passed.

- This is a public hearing before the Environmental Rules Board of the State of Indiana concerning preliminary adoption of amendments to rules at 327 IAC 2-1.5-7 [sic] regarding Angola Chloride Variance Revisions.
- I will now introduce Exhibit D, the draft rule, into the record of the hearing.
- 10 Krystal Hackney will present the rule.
 - MS. HACKNEY: Good afternoon, members of the Board. My name is Krystal Hackney, and I'm a rule writer in the Rules Development Section within the Office of Legal Counsel.
 - This rulemaking updates the City of Angola's chloride variance limits for the monthly average and daily maximum limits as required as part of the water quality standard variance process under 327 IAC 5-3-4.1(m) and reflects the variance limits for chloride that were approved in 2021.
 - A variance request can be submitted to IDEM when an application is submitted for a new

or modified NPDES permit. The City of Angola's 1 2 modified permit became effective on November 1st, It reflects the final approval of the 3 variance from the water quality standard for 4 chloride. 5 IDEM requests that the Board preliminarily 6 7 adopt the rule as presented. Program experts and I are available to answer any further questions 8 9 that you may have. 10 Thank you. 11 CHAIRMAN GARD: Any questions? 12 (No response.) 13 CHAIRMAN GARD: Any cards? 14 MS. KINDRICK: No, ma'am. CHAIRMAN GARD: 15 Okay. This hearing is concluded. The Board will now consider 16 17 preliminary adoption of amendments to the rules at 327 IAC 2-1.5-17 regarding Angola Chloride 18 Variance Revisions. 19 20 Is there any Board discussion? 21 (No response.) 22 CHAIRMAN GARD: Is there a motion to 23 adopt the rule as presented?

	4 /
1	MR. RULON: Ken Rulon, so moved.
2	CHAIRMAN GARD: Second? Is there a
3	second?
4	DR. ALEXANDROVICH: Alexandrovich,
5	second.
6	CHAIRMAN GARD: This is a roll-call
7	vote.
8	Dr. Alexandrovich?
9	DR. ALEXANDROVICH: Yes.
10	CHAIRMAN GARD: Mr. Bortner?
11	MR. BORTNER: Yes.
12	CHAIRMAN GARD: Mr. Chambers?
13	MR. CHAMBERS: Yes.
14	CHAIRMAN GARD: Mr. Davidson?
15	MR. DAVIDSON: Yes.
16	CHAIRMAN GARD: Mr. Green?
17	MR. GREEN: Yes.
18	CHAIRMAN GARD: Ms. Koroski?
19	MS. KOZYRSKI: Yes.
20	CHAIRMAN GARD: Ms. Nelson?
21	MS. NELSON: Yes.
22	CHAIRMAN GARD: Dr. Niemiec?
23	DR. NIEMIEC: Yes.

CHAIRMAN GARD: Mr. Rulon? 1 2 MR. RULON: Yes. CHAIRMAN GARD: Mr. Schuler? 3 MR. SCHULER: Yes. 4 5 CHAIRMAN GARD: Mr. Wasky? MR. WASKY: 6 Yes. CHAIRMAN GARD: The Chair votes aye. 7 8 Again, the vote is 12 ayes, 0 nays. The motion 9 is passed. 10 This is a Nonrule Policy Document 11 presentation. We'll have that presentation by Michael Habeck of IDEM's Office of Land Quality 12 regarding Risk-Based Closure Guide. 13 14 MR. HABECK: Good afternoon. My name is Mike Habeck. I work in the Office of Land 15 Quality, where one of my responsibilities has 16 17 been coordinating a team of subject matter 18 experts who were tasked with producing the 19 attachment to this Nonrule Policy Document that 20 we're presenting today. It is substantially 21 reorganized from a previous attachment in 2012, which is itself a revision of a 2001 attachment, 22 23 so this is really the second revision of the

original document.

It's substantially reorganized, but its purpose is much the same, which is to provide guidance on the implementation of IDEM's statute -- or Indiana's statutes related to risk-based closure, in particular, how to characterize chemical releases, how to evaluate risks arising from those releases, and, where necessary, how to implement remedies to address those risks and bring them down to an acceptable level.

So, in addition to reorganizing the document, we also modified it by adding, removing and revising material. We did that based on new science, EPA guidance, our own experience in working with the previous document over the last ten years, and input from interested parties.

And as an example of that, we invited members of the consulting community and the environmental law community to comment on a preliminary draft. That activity resulted in about three hundred comments, which we responded to in writing, and which we then used to revise

the preliminary draft into a form that we then 1 2 put on public notice. When the document went on public notice, 3 4 we got another fifty-something comments, and we 5 responded by revising the document further, in response to about forty of those. And so, that 6 final revision -- I hope it's a final revision --7 8 is what's been made available to you all, and that's how we got here. 9 10 Anybody have any questions? 11 CHAIRMAN GARD: Are there any 12 questions? 13 (No response.) 14 CHAIRMAN GARD: Okay. Thank you very 15 much. 16 MR. HABECK: Thank you. 17 CHAIRMAN GARD: The next item of business is the Citizen's Petition, which has 18 19 gone on for a pretty long time, a couple of 20 years, at least. Paul Higginbotham will provide 21 an update on the discussions between the parties. 22 Paul? 23

MR. HIGGINBOTHAM:

Good afternoon,

- 1 Board members. My name is Paul Higginbotham.
- 2 I'm a Deputy Assistant Commissioner for the
- 3 Office of Water Quality. I'm here to give you an
- 4 update on the Petitioners, what we've been doing
- 5 with them, meeting as it relates to their 1212
- 6 rec criteria petition.
- 7 I think, as what I mentioned at the last
- 8 Board meeting, we have had some discussions with
- 9 them concerning the actual 2012 criteria and
- 10 their approach to that, and we basically now have
- 11 also kind of put the brakes on that for the
- 12 moment, to allow us to have some discussions as
- 13 it relates to getting to what they want, what
- 14 they are asking for, and the issue of certainty.
- 15 And we constantly aim toward certainty
- 16 when it comes to their long-term control plans,
- 17 and seeing if there's a way that we can figure
- 18 this approach out in our existing statutory
- 19 process as it relates to wet weather limited use
- 20 subcategory rulemaking that we have in the
- 21 statute now, and we've done for Fort Wayne and
- 22 we've done for the City of Indianapolis.
- So, we've had our last meeting, it was

May 24th, I believe, we had a meeting with the Petitioners. We're in the process now of scheduling the next meeting here in the next couple of weeks with the Petitioners to further discuss that approach of a -- what we're calling a focused UAA approach, use attainability analysis approach, if it's needed, to do the rulemaking for a wet weather limited use subcategory.

And we're trying to figure out a way that we can streamline it in a manner that would be helpful for the smaller communities that may not have the resources, both money and expertise and staffing, to do what -- like the City -- or citizens of Indianapolis have done and what the City of Fort Wayne have done, but can still be -- get to the main elements of a use attainability analysis for the rulemaking that ultimately goes as a water quality standard change to EPA for their review and approval.

So, we're working through our -- that process. I mean it does take some time from the standpoint of, you know, the folks, the

Petitioners themselves have a lot of activities that they're working on outside of this issue, as well as staff.

As the Commissioner and Chief of Staff have mentioned, we're pretty lean as it comes to resources and working on special projects, and we're trying to fit it in as we go, and I think we're making progress, and what was submitted to us for discussion purposes from the Petitioners at the last meeting was, you know, enlightening and helpful.

I think we just had some more questions for them concerning some of those submittals and how they came up with some of that certain data that they came up with. So, that's what the next meeting will be about is a little bit further discussion and delving into those details.

And there's a couple of Petitioners here.

I don't know if they -- if I've gotten that

right, but as you can see, we're getting along

still, because I've been back there sitting with

those individuals as well. They're not choking

23 me, so --

I just wonder if they --

That was kind of

2 you guys are working on this. I mean I don't know that the Citizen's Petition -- I mean the 3 idea behind that, at least as I understand it, is 4 to actually get us to encourage a rulemaking. seems like that petition has allowed you to get 6 7 with them and you're working out a solution to 8 their problems without us having to tell you to do a rulemaking; is that fair? 9 10 MR. HIGGINBOTHAM: Yes. I would 11 think they would -- I can't speak for the 12 Petitioners, but from IDEM's standpoint, the hope would be that yes, we're able to get to a 13 14 resolution to address the Petitioners' concerns 15 and issues without having to make a rulemaking, 16 we can just utilize our existing statutory 17 authority for the wet weather limited use 18 subcategory rulemaking is what IDEM's -- you 19 know, in a perfect world, that's what we're 20 hoping for.

DR. ALEXANDROVICH:

my question, because I didn't quite follow if you

were looking at rulemaking or looking at needing

MR. RULON:

1

21

22

a statutory change, or you're trying to work against all of that.

MR. HIGGINBOTHAM: Yeah -- no, if we're able -- this approach we're going down now as it relates to the use attainability analysis and the rulemaking, that if we can come to an agreement with the Petitioners, we kind of maybe can satisfy the Petitioners' request, then the -nothing would be needed from the Board, because we currently have that now, that process, other than if there's a rulemaking, like with you -like you've seen with Fort Wayne or this CWA authority, Citizens/Indianapolis wet weather subcategory rulemaking, you would see that when it would come about, but it would be just like we have done previously, the previous two rulemakings on this matter.

DR. ALEXANDROVICH: Well, I would hope if you were looking at some streamline for the smaller communities, that you can't exclude the larger communities from those streamlines.

MR. HIGGINBOTHAM: Well, I think we wouldn't necessarily exclude them, but some of

- those communities are also under federal consent
 decrees.
- DR. ALEXANDROVICH: Oh, yeah.
- MR. HIGGINBOTHAM: So, the EPA and
- 5 Department of Justice are a little bit more -- a
- 6 lot more involved --
- 7 DR. ALEXANDROVICH: Uh-huh.
- 8 MR. HIGGINBOTHAM: -- in those
- 9 federal consent decrees and they have a lot to
- 10 say about things, so -- so, they are also a
- 11 player, so they may -- they want something a
- 12 little bit more robust from those communities,
- 13 plus the impacts from the larger communities are
- 14 bigger, and because of the volumes and the
- 15 locations and CSO outfalls. So, in a situation
- 16 like that, the bigger communities may have to do
- 17 more.
- 18 DR. ALEXANDROVICH: So, the
- 19 Petitioners are all from nonconsent decree --
- 20 MR. HIGGINBOTHAM: We have one that's
- 21 a person that is from Mishawaka, which is under a
- 22 federal consent decree, as part of this, sitting
- 23 in on all of our meetings as well and having

- 1 those discussions.
- DR. ALEXANDROVICH: Thank you.
- MS. KOZYRSKI: I have a question. Is
- 4 that original consent decree on the ERB
- 5 Sharepoint? It's rather aged, and I'm rotating
- 6 onto this, so I have not viewed that document.
- 7 Is it available?
- MR. HIGGINBOTHAM: They are
- 9 available. We can get that information to Karla
- 10 to give to the folks, because like there's ten,
- 11 for ten different communities in the State of
- 12 Indiana, consent decrees.
- MS. KOZYRSKI: Okay.
- MR. HIGGINBOTHAM: Well, actually --
- 15 MS. KOZYRSKI: I'm talking about the
- 16 Petition.
- MR. HIGGINBOTHAM: Oh, the Petition?
- MS. KOZYRSKI: Yes.
- 19 MR. HIGGINBOTHAM: Yes, I'm sure we
- 20 can get you the Petition.
- MS. KINDRICK: Yes.
- 22 MR. HIGGINBOTHAM: That won't be a
- 23 problem.

1 MS. KOZYRSKI: Thank you.

CHAIRMAN GARD: Well, Paul, thank you for your persistence on this, because I think it's really important that we come to a workable resolution without having to go back and adopt those 2012 standards.

MR. HIGGINBOTHAM: Thank you, and we're keeping our fingers crossed, and hopefully we can get something worked out.

Thank you.

MR. RULON: So, Chairman Gard, I'm trying to determine, then, if we should direct IDEM to keep working on this, but to close the Citizen's Petition, or do we have to --

CHAIRMAN GARD: I -- yeah, I think that would be -- should be an order of business. I think -- let's wait -- it would be up to the Board, I think, to actually close the Citizen's Petition, rather than IDEM. If I'm wrong, somebody tell me, but I think we ought to wait until the next meeting, since we just brought up this idea, and give other people a chance to think about it and see if that's what they want

to do. It seems to me to make sense. 1 2 Mr. Etzler sent me an e-mail, realizing he probably won't be here, saying that they were 3 making good progress, and he wanted to continue 4 5 to see the negotiations and the meetings continue, and he's been a big part of it, too. 6 7 MR. RULON: I guess I would just ask 8 that we take a vote at the next meeting on either forcing a rulemaking or not, or at least have --9 10 CHAIRMAN GARD: I --11 MR. RULON: -- some way to make --12 it's like it's hanging in limbo, and I don't think that's fair to the citizens or to IDEM, to 13 14 let --CHAIRMAN GARD: 15 I think you're -- I think you're right. I'd like to be able to move 16 17 ahead and close the Petition, but continue -continue these discussions. We've had this on 18 19 the agenda for a couple of years now, and I think 20 that it's probably time to do what you said. 21 MR. RULON: Thank you. 22

23

comments on this?

CHAIRMAN GARD: Anybody else have any

1 (No response.) 2 CHAIRMAN GARD: Commissioner, what do 3 you think? COMM. ROCKENSUESS: I appreciate 4 5 everyone's patience as we work through this, and I do think we're going down the right path with 6 the Petitioners and with, you know, my Water 7 8 folks on finding a solution that's workable for them, and I look forward to the next Board 9 meeting to hear what you guys want to do. 10 11 CHAIRMAN GARD: Okay. 12 Any other comments on this? 13 DR. ALEXANDROVICH: My opinion --14 Alexandrovich's opinion is that we keep it open, 15 keep everybody's feet to the fire. I'm a little 16 disappointed it's taking this long. I understand 17 it's a big issue, but I don't think we should 18 drop it, because that will change kind of the --19 the umbrella over the discussions. Mark me a 20 cynic, but it could come from either side, and 21 I'd prefer to leave it open until it's resolved. 22 CHAIRMAN GARD: Okay. Well, it -- it 23 isn't my intention that in dropping it, that

people stop working on the issue. It would be my intention they'd continue to work on it, but -and I do want to get Nancy's opinion, legal opinion, on this, because this is something we really haven't faced before, to see what the implications are if we voted not to move forward with a rulemaking, but it seems to me that we could have another motion to continue these negotiations and actually, if need be, we could, you know, verify, you know, our support for this committee moving forward, and it has to be officially established by the Board that we can

do that.

COMM. ROCKENSUESS: Before Nancy speaks, I can tell you, Dr. Alexandrovich, that we are committed to seeing this through, whether there's a rule or not a rule. We understand that some of these communities want some certainty, and it's right for us to help get to a place where we can provide that.

DR. ALEXANDROVICH: I understand. I wasn't trying to imply that. It's just my feeling keeping it open is best, but I appreciate

the work.

2 CHAIRMAN GARD: Is Nan --

DR. ALEXANDROVICH: It's not that I

4 don't think IDEM's going to work to resolve it.

5 MS. KING: This --

6 CHAIRMAN GARD: Is Nan --

MS. KING: This is Nancy. I'll speak to this a little bit, since we're somewhat attenuated from when this was provided to you, which was a couple of years ago, and the Citizen's Petition concept in the statute is not

one that we as a Board deal with all that often.

But I think that what we can certainly do at the next Board meeting is basically have an open hearing so that the Petitioners, those who have been working with this, can speak to the Board about not just sort of an update, "Here's where we are and here's the deal," but the reality of this situation is -- and I think it gets down to the question of whether the adoption of the 2012 rec criteria actually addresses what the Petitioners had wanted, which is an easier way to go through the process that was set up and

put in statute to allow us to get to the point where we are with both Indianapolis as well as Fort Wayne and the rules that you've adopted, that move through them working through what they're going to do to reduce their CSO overflows to the extent possible with the means they have based on financials with each of those places that have these. We have over a hundred of them in this state, so -- and that happened many, many years ago, like 25 years ago. I was here still then, so I remember it vaguely.

CHAIRMAN GARD: Me, too.

MS. KING: Yeah. The reality is, is that things have changed, technology has changed, so we're continuously chasing the fact that we adopt something that is out of date ten minutes later, in this case, 25 years later. So, these people who are sitting at the table trying to address what is their current issue based on what the existing law is or the existing process is, you know, it doesn't fit nicely into a category.

So, if the 2012 was at the time that they were -- wanted to get this before the Board, the

closest thing to coming up with a solution at that point in time, but now they've worked through to a different solution based on what we currently have on the books, and just working through that process.

And to your point of earlier, how many communities will this assist? Is there another process that is within the system that we currently have that's been EPA approved?

Although they weren't too thrilled about it in the beginning, if I remember.

But the reality is, it is -- the point is to get to as few -- as little of CSO impact to the waters of the state as possible. And everybody has a different issue, everybody has a different problem as it relates to that. So, a one size fits all is absurd when you're talking about over a hundred communities.

So, to my knowledge and from what I've heard from the discussions that have been had, those kinds of negotiations and discussions about real-world issues is what has brought them to this particular point.

So, if -- you know, if the folks who brought this to the fore feel that -- that maybe the 2012 is not really ever going to be the way they're going to want to go, they should be able to say that to you guys, and then you can decide if, from a process standpoint, it makes sense to say, "Okay. We're voting not to move this Petition forward," and ask you to do that rulemaking.

If they come up with another option that they want to discuss with you, then, you know, we can go that route. It's really sort of a matter of: Is it necessary to close out the Citizen's Petition? The statute doesn't necessarily speak to that. It just assumes you're going to decide one way or the other. It doesn't give a time frame, it doesn't give any of that.

So, I think having that open discussion at the next Board meeting might help you to decide, "What should we do with this?" Should we leave it open for the reasons that you're talking about, Joanne, or can we just ask the IDEM staff doing this and the Petitioners to come back

periodically and talk to us about what's going 1 2 on, and decide what direction to take? So, we're not really completely 3 constrained in what we do, because it's one of 4 5 those arcane statutes that I'm probably the only one who ever looks at it, so, frankly. So, yeah, 6 I mean I think it makes sense to have that kind 7 of a discussion, and then you guys can decide 8 what you really want to do, and we can 9 accommodate that. 10 11 CHAIRMAN GARD: Well, thank you, 12 Nancy, and if it makes you feel any better, I was 13 here 25 years ago, too. 14 (Laughter.) MS. KING: Well, I guess okay, that 15 makes me feel a little better. 16 17 CHAIRMAN GARD: Any other comments or 18 questions about this? 19 (No response.) CHAIRMAN GARD: Well, it will be on 20 21 the agenda next time. If there are thoughts that 22 you have in the meantime that you want to share

with the -- with the Board, you can get those to

- 1 IDEM and they will make sure that they're distributed to the Board.
- Okay. The next item of business is Open

 Forum. Is there anybody that wishes to address
- 5 the Board today?
- MS. KOZYRSKI: I do have one
- 7 question, which I neglected to ask Mr. Habeck,
- 8 but the question is -- and perhaps the
- 9 Commissioner or someone else can answer -- is
- 10 there a red-line version of the revised
- 11 remediation closure guide available for review?
- MS. DORSEY: I can answer that.
- 13 Hello. I am Peggy Dorsey. I'm the Assistant
- 14 Commissioner for the Office of Land Quality --
- 15 excuse me.
- 16 And no, we do not necessarily have a
- 17 red-line. That document originally started
- 18 in 2001, and we've had one revision, which was
- 19 2012, and since then it has kind of been a
- 20 living, breathing document. And so, if you
- 21 looked at what we would ordinarily call a
- 22 red-line, it wouldn't even appear to be the exact
- 23 same document. It would look so different.

Almost every word has changed. So, to produce a 1 2 red-line version really isn't practical. We can show you what the 2012 looked like, and we can 3 show you today's. So, if that would help you, we 4 5 can do that. MS. KOZYRSKI: Those are on -- is 6 the 2012 still on the Web site? 7 8 MS. DORSEY: Yeah, yeah, that's the 9 current version. 10 MS. KOZYRSKI: Very good. Thank you. 11 MS. DORSEY: Uh-huh. 12 Any other questions? 13 (No response.) 14 MS. DORSEY: Sorry for my allergies. 15 They've gotten the better of me. CHAIRMAN GARD: Okay. 16 Is there 17 anybody else that wishes to question the staff or the Board or make a comment to the Board? 18 19 (No response.) 20 CHAIRMAN GARD: Okay. We'll close 21 the Open Forum. The next meeting is -- of the 22 Environmental Rules Board -- is tentatively set

for September the 14th at 1:30 in Conference

- Room A, Government Center South. We'll let you all know if they'll be able to use Zoom as well as in person. I think this has worked pretty good today, at least I think it has from this
- Is there any other comments, questions from the Board?

end.

- MR. RULON: Chairman Gard, Ken Rulon.

 You know, Joanne and I have been on the Board

 since it was formed, which I think is ten years

 ago, twelve years ago. I don't know. We're all

 getting old.
- CHAIRMAN GARD: Yeah, it was 2012.
 - MR. RULON: And I just wanted to publicly thank her for -- she always asks great questions, and today's questions were excellent, and not one of three IDEM employees could answer your question, not one of three had the rule in front of them, which is kind of embarrassing.

 We'll blame that on Bruno; okay? But I just wanted to thank her for her service, and you for yours as well, so thank you.

CHAIRMAN GARD: Well,

1	Dr. Alexandrovich always asks good questions, and
2	that's why I've always pushed for her to remain
3	on the Board. She's she's a real asset.
4	DR. ALEXANDROVICH: Or a curmudgeon,
5	I'm not sure.
6	CHAIRMAN GARD: Okay. If there's no
7	other comments from any Board members, is there a
8	motion to adjourn?
9	MS. NELSON: Katie Nelson, so moved.
10	CHAIRMAN GARD: Is there a second?
11	MR. GREEN: Second.
12	CHAIRMAN GARD: All in favor, say
13	aye.
14	(Board members responded, "Aye.")
15	CHAIRMAN GARD: Opposed, nay.
16	(No response.)
17	CHAIRMAN GARD: Well, there is some
18	weather moving in, so if you have traffic, why,
19	keep an eye on that. So, we'll see you in
20	September.
21	Thereupon, the proceedings of
22	June 8, 2022 were concluded at 2:42 o'clock p.m.
23	

1	CERTIFICATE
2	I, Lindy L. Meyer, Jr., the undersigned
3	Court Reporter and Notary Public residing in the
4	City of Shelbyville, Shelby County, Indiana, do
5	hereby certify that the foregoing is a true and
6	correct transcript of the proceedings taken by me
7	on Wednesday, June 8, 2022 in this matter and
8	transcribed by me.
9	
10	
11	Lindy L. Meyer, Jr.,
12	Notary Public in and
13	for the State of Indiana.
