Office of Program Support
June 15, 2016

Partners Recertifications

Goal: To promote pollution prevention & achieve measurable reductions of pollution in Indiana

- Transfer technology and innovative ideas through success stories from the recertifications.
- Share success stories on the IDEM website, at the Partners Annual Conference, and nationally with U.S. Environmental Protection Agency.
- Provide data to show success of the program to the Governor's Office.
- Provide data to the National Pollution Prevention Database for National Pollution Prevention reports.
- Provide ideas for future grant funding opportunities.

Partners Recertifications

Partners for Pollution Prevention

2015 Annual Pledge Recertification
Due June 1st, 2016

Reaffirm your membership! The Executive Committee of the Indiana Partners for Pollution Prevention (Partners) appreciates your cooperation in completing this survey regarding your membership in the Partners. The information you provide will be used to measure the efforts of the Partners voluntary pollution prevention program.

Return completed form to IDEM via email at Partners@idem.in.gov.

Completion of this form is required for continued membership in the Partners for Pollution Prevention.

Directions: Please complete the entire survey in as much detail as possible.

- Part I, Contact Information, allows the Executive Committee to update their records to reflect any changes at your organization within the past year. PLEASE PROVIDE TWO CONTACTS.
- Part II, Pledge and Additional Commitment contains a reaffirmation of your facility's pledge to the Partners and additional information regarding commitment to pollution prevention (P2).
- Part III, Pollution Prevention Efforts, is information the Indiana Department of Environmental Management (IDEM) will use to promote the P2 projects the Partners are working on throughout the state and to report Indiana pollution prevention information to the Governor's Office and a national database. Your organization's specific name will not be used in this database. This section is an opportunity to highlight your organization and the Partners collaboratively. Information provided in this section may be included in IDEM press releases, annual reports, and websites.
- Part IV, Input & Suggestions, will assist the Partners in making improvements to best serve your P2 needs.

If the question does not apply to your organization, please leave it blank. If you are an organization, such as a consulting firm, that works with facilities on P2 efforts, you may include data from Indiana facilities that you have assisted that are NOT current members of the Partners or the Indiana Environmental Stewardship Program.

Questions: Contact IDEM's Office of Pollution Prevention and Technical Assistance at (800) 986-7901 or partners@idem.in.gov.

DO YOU WISH TO RECERTIFY? Yes ☐ No ☐ (If no, please fill in PART I and PART III and return. Your facility will be removed from the Partners membership.)

PART I: Contact Information

Name of Organization (Please list as name is to appear on publications.)	County
Street Address (number and street)	City/State/ZIP Code
Facility Contact (Required)	Contact Title
Mailing Address (number and street, if different from above)	City/State/ZIP Code
E-mail Address	Phone Number
Secondary Facility Contact (Required)	Contact Title
Mailing Address (number and street, if different from above)	City/State/ZIP Code
E-mail Address	Phone Number

- We received 44 recertifications by June 1.
- We have a list of the missing certifications at the registration table.
- Don't risk removal from the program...see me today.

Staff changes at OPS

- Lisa Perez, ESP and Partners Program Manager - left agency.
- Ryan Clem, External Relations Director.

Protecting Hoosiers and Our Environment Since 1986

IDEM's Compliance and Technical Assistance Program (CTAP)

The Compliance and Technical Assistance Program (CTAP) provides assistance to help Indiana businesses understand and comply with environmental regulations. It is important to note the following about CTAP assistance:

- **Non-Regulatory** – CTAP staff are not regulators and do not have regulatory authority. Therefore, businesses will not be penalized for reporting relevant environmental information to CTAP staff when requesting assistance.
- **Free and Confidential** – While CTAP serves as a liaison between the regulatory agencies and businesses, no details about the company working with CTAP is provided to regulators, as the information is protected under IC 13-28-3-4.

- **Assistance** – CTAP provides assistance through an on-site visit or via phone and will provide a full compliance review or just target a single issue. It also develops training programs, brochures, and webinars to help businesses understand the state and federal environmental regulations that affect them.
- **Multi-media** – CTAP staff are knowledgeable in air, water, land, and Community Right-to-Know regulations and are happy to answer questions in these areas.

The CTAP provides assistance to businesses that contact it directly, to businesses referred to it by regulatory inspectors or permit writers, and to businesses the CTAP identifies may be impacted by a new U.S. EPA or state regulation.

Contact us if you need assistance
