* Executive Committee members and IDEM employees are not eligible to win a prize.

CONFERENCE EVALUATION

Please take time to fill out the survey monkey evaluation TODAY! We have conveniently made it simple to rate each session as it is completed. Access the survey from the QR code and it will stay open until you hit DONE.

Your feedback is so important to help us evaluate this year's conference, while at the same time planning for the next events from the Partners for Pollution Prevention.

The Partners for Pollution Prevention is an organization comprised of Indiana industries, businesses, nonprofit organizations, and governmental entities that are interested in pollution prevention as well as the financial and environmental benefits P2 projects can bring.

The Partners provide a forum where Indiana businesses can network and exchange ideas about P2 experiences and discuss how P2 fits into current and future IDEM programs. The Partners realize that pollution prevention is the arena where the environment and economics can meet on common ground.

Partners Executive Committee
