

Small Business Regulatory Coordinator

Indiana Department of Environmental Management
Office of Program Support
Compliance & Technical Assistance Program (CTAP)

Resources for Rule, Policy, and Notices

- IDEM's [Public Notices](#) site provides public access to all notices as required by statute for all of Indiana (can sign up for automatic notifications).
- The IDEM [News and Events Calendar](#) provides information on public meetings that do not require public notice.
- Indiana General Assembly – [Indiana Register](#) documents for all agency public noticed content.
- Rules in Progress – IDEM's Office of Legal Council provides details about IDEM [Rulemakings](#) currently underway and archives of past rulemaking activities.
- [Environmental Rules Board](#) website for meeting calendar, agendas, summaries, transcripts and board packets.
- CTAP maintains a list of [compliance due dates](#) for Indiana businesses, including all media / regulatory program areas of IDEM (land, air, water).

Environmental Rules Board - Rulemakings

Rules of Interest

Ignitable Hazardous Waste LSA#22-216 (OLQ) – Most recent action: [Final Adoption](#) (11/9/2022)

Definition of Solid Waste LSA #20- 23 (OLQ) - *Most recent action:*
[2nd Notice of Comment Period](#) (02/09/2022 - 03/11/2022)

Underground Storage Tank Revisions LSA #20-25 (OLQ) - *Most recent action:*
[2nd Notice of Comment Period](#) (09/22/2022 – 10/21/2022)

Rules of Interest

Ignitable Hazardous Waste LSA #22- 216 (OLQ)

- Amends the hazardous waste rules at 329 IAC 3.1-6-1 that includes by reference of recent updates to the identification of liquid waste as ignitable hazardous waste.
- The main purpose of the U.S. EPA final rule is to modernize the test methods for measuring the flash point of a liquid waste when determining if the liquid waste is an ignitable hazardous waste.
- After adoption of the proposed rule, Indiana's authorized hazardous waste program will include consistent requirements for the identification of liquid waste as an ignitable hazardous waste.
- The amendments mainly eliminate the test method requirements to use mercury-containing thermometers as a temperature-measuring device. Other amendments include greater clarity to hazardous waste identification, additional flexibility in testing requirements, improved environmental compliance, and enhanced protection of human health and the environment

Rules of Interest

Definition of Solid Waste LSA #20- 23 (OLQ)

- Amends 329 IAC 3.1-5 and 329 IAC 3.1-6 to update the identification of solid waste for the purposes of hazardous waste management to be consistent with the analogous federal requirements in 40 CFR 260 and 40 CFR 261.
- Amendments will address certain provisions of the federal definition of solid waste affected by a vacatur ordered by the U.S. Court of Appeals for the D.C. Circuit on July 7, 2017, and the subsequent U.S. Environmental Protection Agency (U.S. EPA) final rule published on May 30, 2018. No additional amendments beyond the incorporation by reference of federal requirements are proposed in this rulemaking. The Indiana Department of Environmental Management (IDEM) previously adopted the 2015 U.S. EPA final rule that updated the federal definition of solid waste.
- IDEM is proposing to incorporate by reference the changes in the May 30, 2018, U.S. EPA final rule to be consistent with the latest updates to the federal definition of solid waste for the purposes of hazardous waste management.
- IDEM administers an authorized state hazardous waste program with the approval of the U.S. EPA, IDEM must adopt state hazardous waste rules that are no less stringent than the federal rules. In some situations, IDEM will adopt federal rules that are less stringent than existing state rules to maintain consistency with the federal rules and offer available compliance alternatives or opportunities for cost savings.

Rules of Interest

Underground Storage Tank Revisions LSA #20-25 (OLQ)

- Amends and repeals a large portion of 329 IAC 9. The provisions being repealed are largely more stringent as compared to their federal counterparts.
- The rule is also incorporating by reference additional provisions of the Code of Federal Regulations (CFR) to replace the provisions being repealed.
- The rulemaking also specifies the information required from underground storage tank owners and operators when registering a new underground storage tank or notifying the department of changes at their facilities.

Compliance and Technical
Assistance Program

Empowering Indiana businesses with
environmental compliance assistance that
is:

- Free and confidential
- Non-regulatory
- Multimedia

CTAP Services

CTAP Hotline
and Online
Portal

Site
Assessments

Training

Online
Resources

Contact CTAP to:

- Receive timely assistance with interpreting a rule or permit requirement.
- Determine what steps are needed to obtain a permit to operate or modify processes.
- Ask general environmental regulatory or compliance questions
- Request a site assessment.

Submit a confidential request via CTAP's online portal:

portal.idem.IN.gov.

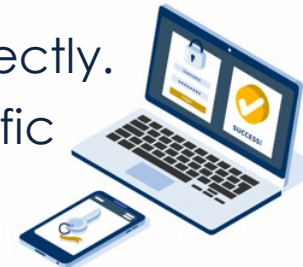

Or call our hotline: 317-232-8172 or 800-988-7901

New CTAP Online Portal

IDEM has launched a new Compliance and Technical Assistance Program online portal through Access Indiana. This new portal is a secure online system that makes it easier for businesses and organizations to request confidential assistance regarding environmental regulations, compliance, and permitting.

In the new CTAP portal, businesses, companies, organizations, and individuals can:

- Create a secure account and submit confidential requests directly.
- Request confidential site assessments for your business or specific equipment/processes.
- Communicate and track interactions with CTAP staff.
- Invite collaborators within the company or designated consultants to access and view the CTAP request and recommendations.
- Provide feedback to the CTAP team through surveys.

To submit a confidential request using the new CTAP portal, visit portal.idem.IN.gov.
