

Hoosier Riverwatch Volunteer Stream Monitoring

2021 Basic Training Workshops

A Hoosier Riverwatch Basic Training workshop introduces you to hands-on water quality monitoring methods. You will learn about aquatic habitat, chemical and biological assessment techniques. Sessions are held in- and out-of-doors. All interested persons, age 18 and over, are welcome to attend. Once trained, certified educators are qualified to teach these methods and topics to their students.

Workshops are free of charge. But it is important to register in advance using the contact given the workshop you are interested in. Training does come at a cost to the program, however, as well as to the host and/or instructor. So, please, contact your instructor or host if you will *not* be able to attend the workshop that you have signed up for.

Thank you for following current COVID-19 health/safety protocols for the time and locale of the workshop you have signed up for.

- Thursday, July 1** **North Webster, IN** – North Webster Community Center, Banquet Room (8:30 AM-4:30 PM). Instructors will be Lyn Crighton and Darci Zolman. Contact Paige at paige@watershedfoundation.org or (574) 834-3242 to register by June 16.
