## **SGSOLUTIONS, LLC EVALUATION FOR 30-DAY ROLLING AVERAGE EMISSION LIMITS**

This page intentionally left blank

## sgSolutions, LLC Evaluation for 30-Day Rolling Average Emission Limits

99th Percentile of Hourly Avg. 12/4/09 -12/4/14	139
99th Percentile of 30-Day Avg. 12/4/09-12/4/14	60.7
Critical Value (AERMOD analysis)	527
Calculated 30 Day Avg.	230.6
Maximum monitored 30 day average 1/1/2009-12/4/2014	64.7

Hourly CEMS values included all hours when the unit operating time was greater than 1 and the missing flag was set to False	30 day averages included all days with atleast 1 hour valid hour data when the unit was in operation
