User Selection Criteria

Handler ID: IND016555831

Entity Type: Generator

Date Range: Shipped Date   From: 01/01/2024   To: 11/19/2024

Sort By: Shipped Date

Report Results

Number of Manifests: 1   **Number of Pages:** 2

Report Description

This report shows facility, manifest, and waste line information for manifests meeting the user selected criteria. The user must specify the entity type (generator, initial transporter, designated facility, or alternate designated facility), handler id, and a date range for either the shipped, received, certified, or last updated date.

The report shows handler information (name, id, location address, and mailing address), manifest information (manifest tracking number, shipped and received dates, generator id, transporter 1 id, designated facility id, and/or alternate designated facility id, manifest type, and status), and waste line information (waste line number, dot printed information [or non-hazardous waste description], number of containers, container type, waste codes, management method, and quantity of acute waste, non-acute waste, and total waste [in tons]).

	Generator Status:	VSQG
