This RFP is being posted to the IDOA website (<http://www.IN.gov/idoa/2354.htm>) for downloading. A nominal fee will be charged for providing hard copies. Neither this RFP nor any response (proposal) submitted hereto are to be construed as a legal offer.

### 1.3 PURPOSE OF THE RFP

The purpose of this RFP is to select one or more vendors that can satisfy the State's need for internet access and WAN Connectivity Services to Internet Consortium members. It is the intent of ISL to contract with one or more vendors that provides quality Internet access and WAN Connectivity Services for public libraries.

### 1.4 SUMMARY SCOPE OF WORK

The objective of this section of the RFP is to identify a Contractor(s) who will plan, implement, and maintain high-speed data connectivity that will meet the current and future digital transmission service needs of eligible participants over the term of the contract. Each bidder will provide cost-effective, scalable and flexible high speed data transport services that can connect eligible entities listed in Attachment D, Cost Proposal Template. When bidding locations listed in Attachment D, the Bidder must bid all costs to provide Internet access and WAN connectivity services.

All proposals must meet the technical requirements as stated in the RFP. All Bidders must provide services to all sites listed in Attachment D.

Currently approximately 160 public library systems are members of the Public Library Internet Consortium with circuits in 220 locations across the state.

Internet access for public libraries including connectivity from branch libraries to main library/library aggregation site and from main library/library aggregation site to Internet at download speeds ranging from a minimum of 4 Mbps to a maximum of 10 Gbps per site with the expectation that average sites may increase bandwidth over the life of this contract. Upload speeds must be a minimum of 50% of the download speed at all times. Bandwidth purchased must be guaranteed.

Service must include managed Customer Premises Equipment and all required routers (updated as needed at no charge to the library), customer support must be available all hours libraries are open, including evenings, and weekends and must include field staff and a help desk, dedicated network support, integrated video service, access to Internet 2, a guaranteed QOS, and ensure 99.99% network availability of each circuit anywhere within the consortium, and trainings to libraries. It should also provide frame/packet loss, network latency, and network jitter commitments. Additional features, such as resiliency or DDoS protection, should also be described. Support must also include easy-to-use reporting tools and annual consulting with libraries to review and analyze bandwidth usage.

Vendor must be able to provide service statewide to all public libraries. Where fiber circuits exist the vendor must be able to continue that technology. Where current network Quality of Service technology exists, the vendor must demonstrate ability to continue that technology. In the event that the consortium's current IP addresses must be changed as the

result of this RFP, the vendor will make all required on-site configurations and include this required activity in the price.

Vendor shall price the following as separate optional services if the vendor can provide such services or specify if the service is included as part of the package price:

- Category One Data Transmission and Internet access

Additionally, the vendor shall price the following services which may or may not be eligible for E-rate as separate optional services if the vendor can provide such services or specify if the service is included as part of the package price (value-added.)

- Bandwidth shaping
- Quality of Service pricing for special state library services
- Cross connect at platform level to current and future state library services
- Engineering support for current and future state library services
- Disaster Recovery and backup site for current and future state library services
- PRI interface service solution at the platform for current and future state library services
- web hosting
- basic firewall services
- filtering
- VoIP
- Email hosting
- LAN diagnostics

Service provider must agree to use the Service Provider Invoice (SPI) method of reimbursement with invoicing to libraries for the undiscounted portion. Costs must include all charges to be invoiced to individual member libraries. (This is to include network access charges, any state and/or local access fees, Universal Service Fund fees, taxes, and any other fee in addition to the cost of the service to be invoiced to the library.)

Vendors must include, as part of their proposal, their vision of technology changes and strategies for adaptations applicable to these services during the next four years. Consideration will be given for additional value-added services to meet this vision.

Annual spend from consortium members to the current vendor is approximately \$1,558,188.00. This figure is only an estimate and is not to be construed as an amount to be offered under this RFP. Final spend from the resulting contract of this RFP may be more or less.

If such addenda issuance is necessary, the Procurement Division may extend the due date and time of proposals to accommodate such additional information requirements, if required.

The State reserves the right to reject any of these requested changes. It is the State's expectation that any material elements of the contract will be substantially finalized prior to contract award.

#### 1.12 BEST AND FINAL OFFER

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract on the basis of initial proposals received. Therefore, each proposal should contain the Respondent's best terms from a price and technical standpoint.

Following evaluation of the best and final offers, the State may select for final contract negotiations/execution the offers that are most advantageous to the State, considering cost and the evaluation criteria in this RFP.

#### 1.13 REFERENCE SITE VISITS

The State may request a site visit to a Respondent's working support center to aid in the evaluation of the Respondent's proposal. Site visits, if required will be discussed in the technical proposal.

#### 1.14 TYPE AND TERM OF CONTRACT

The State intends to sign a contract with one or more Respondent(s) to fulfill the requirements in this RFP.

The term of the contract shall be for a period of four (4) years beginning July 1, 2018.

### 2.3 BUSINESS PROPOSAL

The Business Proposal must address the following topics except those specifically identified as "optional." **The Business Proposal Template is Attachment E.**

#### 2.3.1 General (optional)

This section of the business proposal may be used to introduce or summarize any information the Respondent deems relevant or important to the State's successful acquisition of the products and/or services requested in this RFP.

Indiana State Library seeks to contract with one internet and WAN Connectivity service provider to provide download speeds of not less than 4 Mbps to each site. Upload speeds must be a minimum of 50% of the download speed at all times. The winning bidder will prove historical proficiency with the federal e-rate program.

### 2.3.2 Respondent's Company Structure

The legal form of the Respondent's business organization, the state in which formed (accompanied by a certificate of authority), the types of business ventures in which the organization is involved, and a chart of the organization are to be included in this section. If the organization includes more than one product division, the division responsible for the development and marketing of the requested products and/or services in the United States must be described in more detail than other components of the organization.

### 2.3.3 Company Financial Information

This section must include the Respondent's financial statement, including an income statement and balance sheet, for each of the two most recently completed fiscal years. The financial statements must demonstrate the Respondent's financial stability. If the financial statements being provided by the Respondent are those of a parent or holding company, additional financial information should be provided for the entity/organization directly responding to this RFP.

### 2.3.4 Integrity of Company Structure and Financial Reporting

This section must include a statement indicating that the CEO and/or CFO has taken personal responsibility for the thoroughness and correctness of any/all financial information supplied with this proposal. The particular areas of interest to the State in considering corporate responsibility include the following items: separation of audit functions from corporate boards and board members, if any, the manner in which the organization assures board integrity, and the separation of audit functions and consulting services. The State will consider the information offered in this section to determine the responsibility of the Respondent under IC 5-22-16-1(d).

The Sarbanes Oxley Act of 2002, H.R. 3763, is NOT directly applicable to this procurement; however, its goals and objectives may be used as a guide in the determination of corporate responsibility for financial reports.

### 2.3.5 Contract Terms/Clauses

A sample contract that the state expects to execute with the successful Respondent(s) is provided in Attachment B. This contract contains both mandatory and non-mandatory clauses. Mandatory clauses are listed below and are non-negotiable. Other clauses are highly desirable. It is the State's expectation that the final contract will be substantially similar to the sample contract provided in Attachment B.

In your Transmittal Letter please indicate acceptance of these mandatory contract terms (see section 2.2.2). In this section please review the rest of the contract and indicate your acceptance of the non-mandatory contract clauses. If a non-mandatory clause is not acceptable as worded, suggest specific alternative wording to address issues raised by the specific clause. If you require additional contract terms please include them in this section. To reiterate it's the State's strong desire to not deviate from the contract provided in the attachment and as such the State reserves the right to reject any and all of these requested changes. . **Failure to include a clear, specific, unequivocal agreement to these clauses may result in disqualification of the proposal from further evaluation.**

Any or all portions of this RFP and any or all portions of the Respondents response may be incorporated as part of the final contract. **Please note: The State will only review or negotiate changes to contract clauses clearly identified in the transmittal letter. If there are no contract clauses identified Respondent is considered to have accepted the clauses as they are currently written.**

### 2.3.6 References

The Respondent must include a list of at least three (3) clients for whom the Respondent has provided products and/or services that are the same or similar to those products and/or services requested in this RFP. Information provided should include the name, address, and telephone number of the client facility and the name, title, and phone/fax numbers of a person who may be contacted for further information.

### 2.3.7 Registration to do Business

#### Secretary of State

If awarded the contract, the Respondent will be required to be registered, and be in good standing, with the Secretary of State. The registration requirement is applicable to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit corporations and limited liability companies. The Respondent must indicate the status of registration, if applicable, in this section of the proposal.

#### Department of Administration, Procurement Division

Additionally, respondents must be registered with the IDOA. This can be accomplished on-line at <http://www.in.gov/idoa/2464.htm>.

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an indication of the types of goods and services you can offer the State of Indiana, and location(s) within the state that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be registered as a bidder. Problems or questions concerning the registration process or the registration form can be e-mailed to Amey Redding, Vendor Registration Coordinator, [aredding@idoa.in.gov](mailto:aredding@idoa.in.gov), or you may reach her by phone at (317) 234-3542.

I/O/SB entities (whether a prime or subcontractor) must have a bidder ID. If registered with IDOA, this should have already been provided (as with MWBEs).

IVOSBs that are only registered with the Federal Center for Veterans Business Enterprise will need to ensure that they also have a Bidder ID provided by IDOA.

#### 2.3.8 Authorizing Document

Respondent personnel signing the Transmittal Letter of the proposal must be legally authorized by the organization to commit the organization contractually. This section shall contain proof of such authority. A copy of corporate bylaws or a corporate resolution adopted by the board of directors indicating this authority will fulfill this requirement.

#### 2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or

in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority, Women, or Veteran Owned Business under IC 4-13-16.5-1 and Executive Order 13-04 and IC 5-22-14-3.5. See Sections 1.21, 1.22 and Attachments A/A1 for Minority, Women, and Veteran Business information.

IVOSB entities (whether a prime or subcontractor) must have a bidder ID. If registered with IDOA, this should have already been provided (as with MWBEs). IVOSBs that are only registered with the Federal Center for Veterans Business Enterprise will need to ensure that they also have a Bidder ID provided by IDOA (please see section 2.3.7, Department of Administration, Procurement Division for details).

#### 2.3.10 General Information

Each Respondent must enter your company's general information including contact information.

#### 2.3.11 Experience Serving State Governments

Each Respondent is asked to please provide a brief description of your company's experience in serving state governments and/or quasi-governmental accounts.

#### 2.3.12 Experience Serving Similar Clients

Each Respondent is asked to please describe your company's experience in serving clients of a similar size to the State that also had a similar scope. Please provide specific clients and detailed examples.

#### 2.3.13 Indiana Preferences

Pursuant to IC 5-22-15-7, Respondent may claim only one (1) preference. For the purposes of this RFP, this limitation to claiming one (1) preference applies to Respondent's ability to claim eligibility for Buy Indiana points. **Respondent must clearly indicate which preference(s) they intend to claim. Additionally, the Respondent's Buy Indiana status must be finalized when the RFP response is submitted to the State.**

##### Buy Indiana

Refer to Section 2.7 for additional information.

The same outline numbers must be used in the response. RFP language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material. The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State.

## **2.5 COST PROPOSAL**

### **The Cost Proposal Template is Attachment D.**

Attachment D contains three worksheets: Cost Summary (green tab), Location Prices (purple tab) and Locations for WAN Connectivity (blue tab). Respondents must bid all bandwidth ranges for all listed locations listed in the Location Prices and Location for WAN worksheets in order for their proposal to be deemed responsive. Costs must include all charges to be invoiced

to individual member libraries, including but not limited to, network access charges, any state and/or local access fees, Universal Service Fund fees, taxes, and any other fee in addition to the cost of the service to be invoiced to the library. Please note that bandwidth ranges up to 20Mbps for all three download/upload ratio categories (2/1, 4/3, and Symmetric) are weighted heavier than the other listed bandwidth ranges. Cost scores will be determined by using the Total Bid Amount listed in Cell E12 in the Cost Summary worksheet.

Service provider must agree to use the Service Provider Invoice (SPI) method of reimbursement with invoicing to libraries for the undiscounted portion.

When completing Minority and Women's Business Enterprises Participation Plan Form (Attachment A), the Indiana Economic Impact Form (Attachment C) and Indiana Veterans' Participation Plan Form (Attachment A1) please use the Total Bid Amount from Cell E12 on the Cost Summary worksheet in the Cost Proposal (Attachment D).

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk.

### **Cost Assumptions, Conditions and Constraints**

The respondent should list and describe as part of its Cost Proposal any special cost assumptions, conditions, and/or constraints relative to, or which impact, the prices presented on the Cost Schedules. It is of particular importance to describe any assumptions made by the respondent in the development of the respondent's Technical Proposal that have a material impact on price. It is in the best interest of the respondent to make explicit the assumptions, conditions, and/or constraints that underlie the values presented on the Cost Schedules. Assumptions, conditions or constraints that conflict with the RFP requirements are not acceptable. Please compose and return this document in a Microsoft Word format.

## **2.6 INDIANA ECONOMIC IMPACT**

All companies desiring to do business with state agencies must complete an "Indiana Economic Impact" form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the state. The amount entered in Line 16 "Total amount of this proposal, bid, or current contract" should match the amount entered in the Attachment D, Cost Proposal Template.

## **2.7 BUY INDIANA INITIATIVE/INDIANA COMPANY**

It is the Respondent's responsibility to confirm its Buy Indiana status for this portion of the process. If a Respondent has previously registered its business with IDOA, go to <http://www.in.gov/idoa/2464.htm> and click on the link to update this registration. Click the tab

titled Buy Indiana. Select the appropriate category for your business. Respondents may only select one category. Certify this selection by clicking the check box next to the certification paragraph. Once this is complete, save your selection and exit your account.

Respondents that have not previously registered with IDOA must go to <http://www.in.gov/idoa/2464.htm> and click on the link to register. During the registration process, follow the steps outlined in the paragraph above to certify your business' status. The registration process should be complete at the time of proposal submission.

**Respondent must clearly indicate which preference(s) they intend to claim in the Business Proposal, Attachment E, section 2.3.14 (Respondent will only be evaluated on the criteria selected/cited from IC 5-22-15-20.5).**

**Additionally, Respondents that wish to claim the Buy Indiana preference (for any criteria listed below) must have an email confirmation of their Buy Indiana status provided by [buyindianainvest@idoa.in.gov](mailto:buyindianainvest@idoa.in.gov) included in the proposal response. The email confirmation must have been provided from within one year prior to the proposal due date.**

## **SECTION THREE PROPOSAL EVALUATION**

### **3.1 PROPOSAL EVALUATION PROCEDURE**

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and Indiana State Library for further action, such as contract negotiations. If, however, IDOA and Indiana State Library decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

### **3.2 EVALUATION CRITERIA**

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 103). For further information, please reference Section 3.2.3 below. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

<b>Criteria</b>	<b>Points</b>
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal: Connectivity Vision and Experience)	15 points
2. Management Assessment/Quality (Business and Technical Proposal: Network Monitoring and Support)	15 points
2. Management Assessment/Quality (Business and Technical Proposal: Optional Services)	5 points
2. Management Assessment/Quality (Business and Technical Proposal: Service Level Agreement)	15 points
3. Cost of Eligible Services (Cost Proposal)	25 points
4. Indiana Economic Impact	5
5. Buy Indiana	5
6. Minority Business Enterprise Subcontractor Commitment	5 ( 1 bonus point is available, see Section 3.2.6)
7. Women Business Enterprise Subcontractor Commitment	5 ( 1 bonus point is available, see Section 3.2.6)
8. Indiana Veteran Business Enterprise (IVOSB) Subcontractor Commitment	5 (1 bonus point is available, see Section 3.2.7)
<b>Total</b>	<b>100 (103 if bonus awarded)</b>

All proposals will be evaluated using the following approach.

### Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

### Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 (MAQ and Cost). This scoring will have a maximum possible score of 75 points. All

proposals will be ranked on the basis of their combined scores for Criteria 2 and 3. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. focused on cost and other proposal elements. Step 2 may include a second “short list”.

### Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 Adherence to Requirements – Pass/Fail  
Respondents passing this category move to Phase 2 and proposal is evaluated for Management Assessment/Quality and Price.
- 3.2.2 Management Assessment/Quality  
Connectivity Vision and Experience -15 Points  
Network Monitoring Overview- 15 Points  
Optional Services- 5 Points  
Service Level Agreement- 15 Points
- 3.2.3 Price of Eligible Services (25 points)

Totals from both spreadsheets will be added (Total Bid Amount on Cost Summary worksheet). Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 25 points. The normalization formula is as follows:

- $Respondent's\ Cost\ Score = (Lowest\ Cost\ Proposal / Total\ Cost\ of\ Proposal) \times 25$

- 3.2.4 Indiana Economic Impact (5 points)

See Section 2.6 for additional information.

The total number of full time equivalent (FTE – please see Section 1.2 for a

definition of FTE's) Indiana resident employees for the Respondent's proposal, to execute the scope of work proposed in this RFP, (prime contractor and subcontractors) will be used to evaluate the Respondent's Indiana Economic Impact. Points will be awarded based on a graduated scale. The Respondent with the most Indiana FTEs will be awarded 5 points. Points will then be awarded to the remaining Respondents proportionately. Please see Attachment C, Indiana Economic Impact Form, for more detailed instructions.

3.2.5 Buy Indiana Initiative – (5 points)

Respondents qualifying as an Indiana Company as defined in Section 2.7 will receive 5 points in this category.

3.2.6 Minority (5 points) & Women's Business (5 points) Subcontractor Commitment - (10 points).

The following formula will be used to determine points to be awarded based on the MBE and WBE goals listed in Section 1.20 of this RFP. Scoring is conducted based on an assigned 10-point, plus possible 2 bonus-points, scale (MBE: Possible 5 points + 1 bonus point, WBE: Possible 5 points + 1 bonus Point). Points are assigned for respective MBE participation and WBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established MBE or WBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

*NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts.)*

If the respondent's commitment percentage is rounded down to 0% for MBE or WBE participation the respondent will receive 0 points.

If the respondent's commitment percentage is 0% for MBE or WBE participation, a deduction of 1 point will be discounted on the respective MBE or WBE score.

The respondent with the greatest applicable CUF participation which exceeds the stated goal for the respective MBE or WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest

applicable CUF participation and both firms exceed the goal for the respective MBE/WBE category both firms will receive 6 points.

### 3.2.7 Indiana Veteran Owned Small Business Subcontractor Commitment - (5 points).

The following formula will be used to determine points to be awarded based on the IVOSB goal listed in Section 1.20 of this RFP. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for IVOSB participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established IVOSB goal, the maximum points achieved will be awarded according to the following schedule:

%	0%	0.6%	1.2%	1.8%	2.4%	3%
Pts.	-1	1	2	3	4	5

*NOTE: Fractional points will be awarded based upon a graduated scale between whole points. (e.g. a 0.3% commitment will receive .5 points and a 1.5% commitment will receive 2.5 points)*

If the respondent's commitment percentage is 0% for IVOSB participation, a deduction of 1 point will be assessed.

The respondent with the greatest applicable CUF participation which exceeds the stated goal for the IVOSB category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable CUF participation and both firms exceed the goal for the IVOSB category both firms will receive 6 points.
