

**Indiana WIC Program
Indiana State Department of Health**

Immunizations

Policy

Immunization status is to be screened on infants and children up to two years of age at each certification and mid-certification. Referrals must be made for not up-to-date immunizations.

Authority

WIC Policy Memorandum 2001-7

Procedures

- I. Proof of immunization is to be presented at each certification. The following proof is acceptable:
 - A. CHIRP
 - B. Immunization record from healthcare provider
 - C. Other record that includes dates (mm/dd/yy)
 1. Receipts from the doctor's office that lists immunizations given
 2. Baby book
 3. Immunization card maintained by parents
- II. The immunization check-box on the lab screen will be used to document discussion of the immunization status at certification and mid-certification with the authorized representative or proxy.
- III. A referral to an appropriate provider or agency must be made for an infant or a child whose immunizations are not up-to-date. Referrals should be documented on the referral screen on the INWIC.
