SECTION ONE

GENERAL INFORMATION AND REQUESTED PRODUCTS/SERVICES

1.1 INTRODUCTION

In accordance with Indiana statute, including IC 5-22-9, the Indiana Department of Administration (IDOA), acting on behalf of the Indiana Family and Social Services Administration (FSSA), requests maintenance, operations, and enhancement services for the State's Enterprise Data Warehouse (EDW) solution that provides data warehouse, decision support system, and business intelligence needs for FSSA. It is the intent of IDOA to solicit responses to this Request for Proposals (RFP) in accordance with the statement of work, proposal preparation section, and specifications contained in this document. This RFP is being posted to the IDOA website (<http://www.IN.gov/idoa/2354.htm>) for downloading. A nominal fee will be charged for providing hard copies. Neither this RFP nor any response (proposal) submitted hereto are to be construed as a legal offer.

1.2 DEFINITIONS AND ABBREVIATIONS

1.3 PURPOSE OF THE RFP

The purpose of this RFP is to select a vendor(s) that can satisfy the State’s need for support for the State’s EDW solution through the following two distinct scopes of work:

- **Scope A:** Provide the maintenance, operations, and enhancements of the State’s Teradata/Informatica warehousing platform’s infrastructure as well as manage and provide

maintenance and operations (M&O) support for OMPP's healthcare-oriented data warehouse solution.

- **Scope B:** Manage and provide M&O and enhancement support for the State's social services data warehouse solution.

Respondents may propose to provide one or both scopes of work, but the State will evaluate the two scopes of work separately. If one Respondent is awarded both Scope A and Scope B, it is expected that they will maintain distinct teams to handle each Scope, with the exception of the Project Executive. This maintenance of two distinct teams is critical as the State anticipates the need for each team's familiarity and expertise with the respective program areas throughout the contracts.

If the Respondent proposes for both Scopes, they will need to submit two versions of Attachment A. The scope must be clearly labeled in the file name.

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract on the basis of initial proposals received. Respondents proposing to provide both Scope A and Scope B Services should submit ~~one a-separate~~ Business Proposal for ~~both~~ Scope A and Scope B ~~respectively~~.**

The legal form of the Respondent's business organization, the state in which formed (accompanied by a certificate of authority), the types of business ventures in which the organization is involved, and a chart of the organization are to be included in this section. If the organization includes more than one product division, the division responsible for the development and marketing of the requested products and/or services in the United States must be described in more detail than other components of the organization.

This section must include the Respondent's financial statement, including an income statement and balance sheet, for each of the two most recently completed fiscal years. The State will consider the information offered in this section to determine the responsibility of the Respondent under IC 5-22-16-1(d).

The Sarbanes Oxley Act of 2002, H.R. 3763, is NOT directly applicable to this procurement; however, its goals and objectives may be used as a guide in the determination of corporate responsibility for financial reports.

2.3.5 Contract Terms/Clauses

A sample contract that the state expects to execute with the successful Respondent(s) is provided in Attachment B. This contract contains both mandatory and non-mandatory clauses. Mandatory clauses are listed below and are non-negotiable. Other clauses are highly desirable. It is the State's expectation that the

final contract will be substantially similar to the sample contract provided in Attachment B.

In your Transmittal Letter please indicate acceptance of these mandatory contract terms (see section 2.2.2). In this section please review the rest of the contract and indicate your acceptance of the non-mandatory contract clauses. If a non-mandatory clause is not acceptable as worded, suggest specific alternative wording to address issues raised by the specific clause. If you require additional contract terms please include them in this section. To reiterate it's the State's strong desire to not deviate from the contract provided in the attachment and as such the State reserves the right to reject any and all of these requested changes.

The mandatory contract terms are as follows:

2.3.7 Registration to do Business

Secretary of State

If awarded the contract, the Respondent will be required to be registered, and be in good standing, with the Secretary of State. The registration requirement is applicable to all limited liability partnerships, limited partnerships, corporations, S-corporations, nonprofit corporations and limited liability companies. The Respondent must indicate the status of registration, if applicable, in this section of the proposal.

Department of Administration, Procurement Division

Additionally, respondents must be registered with the IDOA. This can be accomplished on-line at <http://www.in.gov/idoa/2464.htm>.

The IDOA Procurement Division maintains two databases of vendor information. The Bidder registration database is set up for vendors to register if you are interested in selling a product or service to the State of Indiana. Respondents may register on-line at no cost to become a Bidder with the State of Indiana. To complete the on-line Bidder registration, go to <http://www.in.gov/idoa/2464.htm>. The Bidder registration offers email notification of upcoming solicitation opportunities, corresponding to the Bidder's area(s) of interest, selected during the registration process. Respondents do need to be registered to bid on and receive email notifications. Completion of the Bidder registration will result in your name being added to the Bidder's Database, for email notification. The Bidder registration requires some general business information, an indication of the types of goods and services you can offer the State of Indiana, and locations(s) within the state that you can supply or service. There is no fee to be placed in Procurement Division's Bidder Database. To receive an award, you must be registered as a bidder. Problems or questions concerning the registration process or the registration form can be e-mailed to Amey Redding, Vendor Registration Coordinator, aredding@idoa.in.gov, or you may reach her by phone at (317) 234-3542.

2.3.8 Authorizing Document

Respondent personnel signing the Transmittal Letter of the proposal must be legally authorized by the organization to commit the organization contractually. This section shall contain proof of such authority. A copy of corporate bylaws or a corporate resolution adopted by the board of directors indicating this authority will fulfill this requirement.

2.3.9 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this RFP, and shall not be relieved by the non-performance of any subcontractor. Any Respondent's proposal must identify all subcontractors and describe the contractual relationship between the Respondent and each subcontractor. Either a copy of the executed subcontract or a letter of agreement over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes, and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, the technical proposal must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State. **If Respondent is submitting a proposal for both Scope A and Scope B, the Respondent may list all subcontractors for both Scopes and label if the subcontractor is for Scope A and Scope B. If the Respondent is using the same subcontractor for Scope A and Scope B, the subcontractor should be listed twice with the respective duties for each Scope clearly labeled.**

The Respondent must list any subcontractor's name, address and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this RFP or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority or Women, Owned Business under IC 4-13-16.5-1 and Executive Order 13-04 and IC 5-22-14-3.5. 2.4 TECHNICAL PROPOSAL

The Scope A and Scope B services will be evaluated separately. Respondents proposing to offer Scope A services must include response to Attachment F – Scope A Technical Proposal. Respondents proposing to offer Scope B Services must include response to Attachment G – Scope B Technical Proposal. Respondents proposing to cover both Scope A and Scope B service must provide responses to both Attachment F and Attachment G. The Technical Proposal must be divided into the sections as described below. Every point made in each section must be addressed in the order given. The same outline numbers must be used in the response. RFP language should not be repeated within the response. Where appropriate, supporting documentation may be referenced by a page and paragraph number. However, when this is done, the body of the technical proposal must contain a meaningful summary of the referenced material. The referenced document must be included as an appendix to the technical proposal with referenced sections clearly marked. If there are multiple references or multiple documents, these must be listed and organized for ease of use by the State. **The Scope A Technical Proposal Template is Attachment F. The Scope B Technical Proposal Template is Attachment G.**

2.5 COST PROPOSAL

Respondents proposing to offer Scope A services must include response to Attachment D – Scope A Cost Proposal. Respondents proposing to offer Scope B Services must include response to Attachment E – Scope B Cost Proposal. Respondents proposing to cover both Scope A and Scope B service must provide responses to both Attachment D and Attachment E.

The Scope A Cost Proposal Template is Attachment D. The Scope B Cost Proposal Template is Attachment E.

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk.

Cost Proposal Narrative

The Respondent should provide a brief narrative (not longer than two pages) in support of each Cost Proposal item. The narrative should be focused on clarifying how the proposed prices correspond directly to the Respondent's Technical Proposal. For example, evaluators will expect detailed explanation of *Maintenance and Operations* to correspond to *Maintenance and Operations items* as described in the Technical Proposal.

Cost Assumptions, Conditions and Constraints

The respondent should list and describe as part of its Cost Proposal any special cost assumptions, conditions, and/or constraints relative to, or which impact, the prices presented on the Cost Schedules. It is of particular importance to describe any assumptions made by the Respondent in the development of the respondent's Technical Proposal that have a material impact on price. It is in the best interest of the respondent to make explicit the assumptions, conditions, and/or constraints that underlie the values presented on the Cost Schedules. Assumptions, conditions or constraints that conflict with the RFP requirements are not acceptable.

SECTION THREE PROPOSAL EVALUATION

3.1 PROPOSAL EVALUATION PROCEDURE

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with RFP requirements. All evaluation personnel will use the evaluation criteria stated in Section 3.2. The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposals offer the best means of servicing the interests of the State. The exercise of this discretion will be final.

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to requirements on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration.
- 3.1.2 Each proposal will be evaluated on the basis of the categories included in Section 3.2. A point score has been established for each category.
- 3.1.3 If technical proposals are close to equal, greater weight may be given to price.
- 3.1.4 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State, taking into account all of the evaluation factors, may be selected by IDOA and FSSA for further action, such as contract negotiations. If, however, IDOA and FSSA decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, IDOA may begin contract preparation with the next qualified Respondent or determine that no such alternate proposal exists.

3.2 EVALUATION CRITERIA

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the RFP in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 102). For further information, please reference Section 3.2.3 below. If any one or more of the listed criteria on which the responses to this RFP will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or criteria will be disregarded and the responses will be evaluated and scored without taking into account such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	60 available points
3. Cost (Cost Proposal)	30 available points
4. Minority Business Enterprise Subcontractor Commitment	5 (1 bonus point is available, see Section 3.2.6)
5. Women Business Enterprise Subcontractor Commitment	5 (1 bonus point is available, see Section 3.2.6)
Total	100 (102 if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that meet the Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. This scoring will have a maximum possible score of 90 points . All proposals will be ranked on the basis of their combined scores for Criteria 2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be considered for any further evaluation.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, demonstrations, etc. focused on cost and other proposal elements. Step 2 may include a second “short list”.

Step 3

The short-listed proposals will then be evaluated based on all the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

3.2.1 Adherence to Requirements – Pass/Fail

Respondents passing this category move to Step 2 and proposal is evaluated for Management Assessment/Quality and Price.

The following 2 categories cannot exceed 90 points.

3.2.2 Management Assessment/Quality – 60 available points

3.2.3 Price – 30 available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 30 points. The normalization formula is as follows:

- $$\text{Respondent's Cost Score} = (\text{Lowest Cost Proposal} / \text{Total Cost of Proposal}) \times 30$$

3.2.4 RESERVED

3.2.5 RESERVED

3.2.6 Minority (5 points) & Women's Business (5 points) Subcontractor Commitment - (10 points).

The following formula will be used to determine points to be awarded based on the MBE and WBE goals listed in Section 1.20 of this RFP. Scoring is conducted based on an assigned 10-point, plus possible 2 bonus-points, scale (MBE: Possible 5 points + 1 bonus point, WBE: Possible 5 points + 1 bonus Point). Points are assigned for respective MBE participation and WBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established MBE or WBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts.)

If the respondent's commitment percentage is rounded down to 0% for MBE or WBE participation the respondent will receive 0 points.

If the respondent's commitment percentage is 0% for MBE or WBE participation, a deduction of 1 point will be discounted on the respective MBE or WBE score.

The respondent with the greatest applicable CUF participation which exceeds the stated goal for the respective MBE or WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable CUF participation and both firms exceed the goal for the respective MBE/WBE category both firms will receive 6 points.

3.2.7 RESERVED

3.2.8 Qualified State Agency Preference Scoring

When applicable, pursuant to Indiana Code 5-22-13, a qualified state agency submitting a response to this RFP will be awarded preference points for Minority and Women's Business Enterprise equal the Respondent awarded the highest combined points awarded for such preferences in the scoring of this RFP.

The Commissioner of IDOA or their designee will, in the exercise of their sole discretion, determine which proposal(s) offer the best means of servicing the interests of the State. The exercise of this discretion will be final.
