

RFP 23-74542
2.2 EXECUTIVE SUMMARY

At a minimum, your Executive Summary must address the following (also outlined in Section 2.2 of the RFP):

- **Summarize your ability and desire to supply the required services**
- **Make sure the Executive Summary is signed by an authorized representative**
- **Include your primary contact**
- **State your understanding of the respondent notification**
- **Indicate status regarding Secretary of State registration**
- **You may include additional “cover letter” information within the Executive Summary if desired.**

KERAMIDA Inc. (KERAMIDA) is pleased to submit this Proposal to the Indiana Department of Administration (IDOA) to perform work activities for the Keystone Corridor Groundwater Contamination Vapor Intrusion Mitigation System Operation and Maintenance Services, Indianapolis, Marion County, Indiana in response to the Request for Proposal (RFP), 23-74542. The IDOA has issued the RFP on behalf of the Indiana Department of Environmental Management (IDEM). KERAMIDA Environmental, Inc., (d/b/a KERAMIDA Inc.), is Registered Bidder ID: 0000005061. KERAMIDA's Secretary of State Business ID is: 1988100197.

Established in 1988, KERAMIDA is a certified Woman Owned Enterprise (WBE) headquartered in Indianapolis, Indiana. KERAMIDA supports clients nationwide and abroad with a full range of environmental compliance, engineering, remediation, building assessment and decontamination, health and safety, energy use, and training services. KERAMIDA clients include many Fortune 500 companies, federal and state government, cities and counties, schools, financial institutions, insurance companies, developers, and law firms. Many of KERAMIDA's principals have over 25 years of experience and are nationally known lecturers, authors of technical papers and textbooks, expert witnesses, and patent holders. KERAMIDA has extensive experience in conducting similar Vapor Intrusion (VI) Assessment and Mitigation projects and has assembled a qualified team to provide the requested services.

KERAMIDA has reviewed the IDOA's Minority and Women's or Veteran's Business Enterprises Division directory of certified minority/women/veteran business enterprises certified list. As a WBE, KERAMIDA is committed to meeting the required subcontracting goals.

The purpose of this solicitation is to select a respondent that can satisfy the State's need for vapor intrusion mitigation system (VIMS) operation and general site maintenance. It is the intent of the

IDEM to contract with a respondent that provides quality VIMS general site operation and maintenance (O&M) for the Keystone Corridor Groundwater Contamination Site, located at the intersection of North Keystone Avenue and East Fall Creek Parkway Drive in Indianapolis, Indiana. The State intends to sign a contract with one Respondent to fulfill the requirements of this solicitation. The term of the contract shall be for a period of four (4) years from the date of contract execution. The RFP Award Recommendation is to occur in June 2023 with notification to respondents by email.

KERAMIDA provides VIMS related services to commercial, industrial, government and residential clients as part of our regular environmental service offerings. We feel we are uniquely qualified for this offering with our breadth of professionals, proximity to the Site, and our network of existing suppliers and the DBE suppliers proposed for the project.
