

**HIS MANAGEMENT
CORPORATION**

March 4, 2024

State of Indiana
Indiana Department of Administration
402 W. Washington St, Room W468
Indpls, IN 46204

To Whom It May Concern:

This letter intends to demonstrate the shared resources between Blue River Environmental & Restoration, Inc and HIS Constructors, Inc, under the parent company, HIS Management Corp. While technically separate companies, they are combined in sharing technical expertise, resources (including financials), corporate policies, and administrative services.

The same core values of quality workmanship and attention to safety are shared throughout both organizations as defining characteristics to become leaders in environmental remediation and civil construction in the Midwest with over 30 year of combined expertise.

Sincerely,

Terry Morgan, Jr

President/COO
