

## Grant Readiness Program

Interested in submitting an application for the Cohort 10 21st CCLC Request for Proposal? Learn more about the application process and how to prepare your submission with our 6-part training series!

### About the Program

Both virtual and in-person training sessions are available for each designated topic.

Virtual training sessions will take place via webinar. In-person training sessions will take place in Logansport, IN and Corydon, IN and will include a presentation and guided working session focused on the identified grant components. In-person training sessions will take place from 10:00 AM to 3:00 PM on the dates indicated.

Participants are welcome to participate in both the in-person and virtual training sessions if desired - the content presented will be the same for both offerings -- the in-person session simply includes an additional guided working session not included in the virtual training.
