

ABOUT 3DGS AND MISSION STATEMENT

3DGS is a global firm of professionals with both military and corporate experience, dedicated to providing a broad array of human capital, professional program management and advisory services to design, integrate and implement unique solutions to governments, global corporations and organizations.

Our expertise in integrating new technologies along with existing infrastructure, as well as our ability to fuse business with technology, has empowered our clients to effectively leverage technology as a tool in supporting productivity and growth.

OUR CLIENTS

3DGS supports governments, agencies and companies who seek a trusted partner with a solid track-record of providing assured service excellence. We provide mature processes and help support crucial business decisions that increase the effectiveness of available budget dollars while maintaining sufficient resources to effectively run a growing and changing organization.

With over 90% of its staff comprised of veterans, 3DGS is a proud Service Disabled Veteran Owned Small Business (SDVOSB).

OUR SERVICES

3DGS improves operational effectiveness by sourcing and managing multi-disciplinary teams, processes, technology and assets. 3DGS combines intelligence, analysts, academia, and private sector subject matter experts with operators resulting in rapid improvement, change and results.
