

## Indiana Economic Impact Form, Attachment C

### **Instructions**

1. Complete lines 1 - 15 with the information requested about the company in the Attachment C worksheet. All companies desiring to do business with state agencies must complete an "Indiana Economic Impact" form (Attachment C). The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the State.

**2. Line 16: Enter total amount of this proposal, bid, or current contract.**

*This figure is the respondent's total cost proposal to the state (as submitted in Attachment D, Cost Proposal Template). Additionally, this total shall be utilized when completing your Attachment A and A1 Forms.*

**3. Lines 18 and 21 measure the full-time equivalent (FTE) count of Indiana residents; this number will be auto-populated on Attachment C worksheet. Respondents shall populate the yellow-shaded cells in the FTE Details worksheet.**

*The state defines FTE as a measurement of an employee's productivity on a specific project or contract. An FTE of 1 would mean that there is one worker fully engaged on a project. If there are two employees each spending 1/2 of their working time on a project that would also equal 1 FTE.*

**Please populate the yellow-shaded cells in the FTE Details worksheet.**

Respondents shall provide a job title for each of the FTE's proposed for The State of Indiana contract as well as the number of FTE that job title contributes to the total.

PROJECT MANAGER - 1 FTE

*Please keep in mind that the only FTE's that should be included in this count are Indiana employees working on this contract ONLY. If there are 10 employees working on this contract but they are splitting their time with numerous other contracts as well, then these employees cannot be counted as 1 FTE. Instead, these employees should be counted as a fraction of an FTE. For example: 10 employees working on 4 contracts (1 of them being the State of Indiana contract) - each of the 10 employees would only count as 1/4 of an FTE or .25. Therefore, the total number of FTE's for this scenario would be 2.5.*

**INDIANA ECONOMIC IMPACT - PROPOSALS AND CONTRACTS**

State Form 51778 (R4 / 1-06)  
DEPARTMENT OF ADMINISTRATION  
Approved by State Board of Accounts, 2006

This information is required by the Indiana Department of Administration for all contractors, vendors/suppliers to the State of Indiana (complete all 22 items).

----	--	---

**FTE DETAILS**  
Job Titles and Contributing FTE

- Populate the yellow-shaded cells; with all applicable job titles and the total FTE count.

- Respondents may insert additional rows to account for all job titles attributing to the total FTE count.

Please keep in mind that the only FTE's that should be included in this count are Indiana employees working on this contract ONLY. If there are 10 employees working on this contract but they are splitting their time with numerous other contracts as well, then these employees cannot be counted as 1 FTE. Instead, these employees should be counted as a fraction of an FTE. For example: The project length of the contract is 36 months. There are 10 employees working on the contract over the 36 month contract period. 5 employees are working solely on the project for 36 months. 3 employees are working equal time on 2 projects for 36 months. 2 employees are working solely on the project for 6 months.

The FTEs would be calculated as follows:

5 employees x 36 months (36 months working solely on this project) x 1 (time spent solely on this project) = 180 months / 36 months (length of contract) = 5 FTEs

3 employees x 36 months x .5 (splitting time equally between 2 projects) = 36 months / 24 months = 1.5 FTEs

2 employees x 6 months (6 months dedicated solely to this project) x 1 (time spent solely on this project) = 12 months / 36 months = .5 FTEs

**Column Title Definitions:**

**Number of Employees** = Number of employees working on this State contract.

**Duration (In Months)** = Amount of time that the employee(s) will spend on the State contract.

**Time Spent (Percentage)** = Percentage of time the employee(s) will be working on the contract.

**Duration of Initial Contract Term (In Months)** **48** \*Number based on initial contract term

<b>Gainwell Technologies LLC</b>
