

Cost Assumptions, Conditions and Constraints

The assumptions we have made that have an impact on our pricing include:

Relative Ease of Equipment Availability

- Reasonable Access to Equipment
 - Elevator Access, if needed
 - An Agency's employee available to allow access to restricted areas if that is where equipment is located
 - Parking
 - Designated parking lots or
 - Designated alleyways or
 - Designated truck street-parking

Per Box Price

- Cost provided on Cost Proposal 68162_AttD is a per box price

Media

- "per bin" we assume is considered a large bin (90-100 Gal)
- Other equipment sizes are available for e-waste at the Agency and State's preference
