**NOTE:** Tablet dust causes substantial but temporary eye injury. Do not get dust in eyes, on skin or clothing.

**Inhalation of Dust**

Remove victim to fresh air and keep at rest in a position comfortable for breathing. If irritation develops or persists, seek medical attention.

**Eye Contact with Dust**

Flush material out immediately with large amounts of water for at least 15 minutes, holding eye lids apart to insure flushing of the entire surface. Washing eyes within several seconds is essential to achieve maximum effectiveness. Get medical attention immediately.
