To Whom it may concern:

M Y Motorsports of Indiana, LLC (MYM) strives to provide the best training at the best price possible. In 2024 it is expected that the charge to the customer will be \$179 for the BRC-U and \$125 or \$99 for the Advanced courses (BB-BRC and UB-BRC respectively). This assumes that Gas prices and Insurance prices remain stable. MYM has elected to place a \$199 price in the Cost Proposal to allow for fluctuations in prices beyond the control of the company. MYM will maintain those prices for as long as possible with the expectation of maintaining them through the 2026 training year.

It is expected, however, that prices will continue to increase as the inflation rate continues to rise. With this expectation, we have forecasted the potential need to raise prices in the 2027 training year and beyond.

If there are further questions or any further requirements, please contact the undersigned at the email or phone listed above.
