

To Whom it may concern,

THRIVE aims to serve as the HUB for the Southeastern Region #6 for DMHA. Our ability to connect individuals with resources outside of silos and in collaboration with community partners is model for community-based peer support. We will continue to showcase our commitment to mental health and wellness in our region. THRIVE desires to continue to empower individuals seeking help and by contracting within communities by leveraging local partnerships, THRIVE can effectively address unique needs of each one of our southeast Indiana communities.

RFP for Region #6
