Dear Mr. Brown,

Downtown Indy, Inc. is a private, not-for-profit organization uniquely positioned to focus solely on Downtown's economic success, livability, and vitality. We focus on advancing Downtown as a great and diverse place to live, learn, work, and play. Our sole mission is to advocate for a great urban core as we manage, market, activate and develop our Downtown. These efforts include keeping Downtown clean, safe, beautiful, and vibrant.

Downtown Indy, Inc has partnered with Adult and Child Health to provide housing focused outreach in the mile square of downtown. Our newest collaboration is a project dedicated to housing focused outreach and also is in partnership with Horizon House. Adult and Child Health is finding creative ways to meet the needs of the community. As a federally funded CCBHC project, we believe A&C is well positioned for the next step in this demonstration program with the state.

This letter expresses our full support for Adult & Child Health's application to be a part of Indiana's application for the state CCBHC Demonstration Program, and we are excited to support them through this endeavor. We have experienced the benefits of CCBHC through A&C being a SAMSHA grantee. We support this application and A&C continuing their CCBHC journey by becoming a part of the demonstration for Indiana. As always, we look forward to our continued collaboration. Please contact us for any additional information you may have regarding our partnership.

Thank you for your consideration,
