Johnson County Local Justice Reinvestment Advisory Council
Johnson County, Indiana

Dear Mr. Brown,

Johnson County Local Justice Reinvestment Advisory's mission is to promote evidence-based practices and utilize data analysis to improve criminal justice outcomes through community collaborations. We have worked closely with Adult and Child Health (A&C) to create positive change in Johnson County and to meet the needs of our community members. A&C has been essential in the development of local programs with the goal of improving the lives of those that are involved in our criminal justice community, reducing recidivism, and ensuring individuals are connected to resources in critical transition periods.

A&C is an important community partner in Johnson County. They have collaborated with the growth of our CIT program; they are an integral part of the crisis continuum; they partner in our problem-solving courts; they have responded to disasters in our community. A&C is a vital safety net provider of service for citizens struggling with serious mentally illness and/or substance abuse disorders. A&C is not just a mental health provider in our area, they are an integral part of our community and have created innovative solutions to address the needs of Johnson County citizens. Our council values the work A&C does and the positive impact they make through the broad spectrum of services they provide.

JRAC is aware that A&C is applying to be a part of Indiana's application for the state CCBHC Demonstration Program, and we are excited to support them through this endeavor. We have experienced the benefits of CCBHC through A&C being a SAMSHA grantee. We support this application and A&C continuing their CCBHC journey by becoming a part of the demonstration for Indiana. As always, we look forward to our continued collaboration. Please contact us for any additional information you may have regarding our partnership.

Thank you for your consideration,

Angela Morris

Director/Chief Probation Officer

JRAC Vice Chair
