Allen Brown, CEO  
8320 Madison Avenue  
Indianapolis, IN 46227

Dear Allen Brown:

On behalf of Sandra Eskenazi Mental Health Center, I am pleased to commit to working with Adult and Child Health in establishing a Care Coordination agreement that ensures clients receive individualized wraparound care meeting the highest quality standards of Certified Community Behavioral Health Clinics and those service providers with whom they partner. Sandra Eskenazi Mental Health Center will partner with Adult and Child Health Center in a shared mission to reduce the challenges of navigating transitions of care.

Sandra Eskenazi Mental Health Center, Indiana's first community health center, is an integral healthcare provider in Central Indiana. Sandra Eskenazi Mental Health Center provides comprehensive care for all types of emotional and behavioral health needs, including severe mental illness, substance abuse and personality disorders. Our primary mission is to serve individuals with serious mental illness and chronic addiction and seriously emotionally disturbed children and their families, utilizing best practices and client and family participation. Our goal is to continue to ensure that these partnerships meet the needs of our communities, treating all clients with dignity, confidentiality, and respect.

We look forward to continuing to work with Adult and Child Health Center to provide access to needed mental health and/or substance abuse services, including methadone, to the clients that are served by Sandra Eskenazi Mental Health Center and Adult & Child Health.

Sincerely,

A handwritten signature in black ink that reads "Jeff Catlett".

Jeff Catlett, MBA  
Chief Operating Officer
