

## Language Services

LUNA was founded nearly 20 years ago with a mission to bridge communication barriers, expand opportunities, and create cultural understanding between multilingual communities. This mission has permeated into the roots and values of the business and is reflected through the services we provide to people with Limited English Proficiency (LEP) and the Deaf and hard of hearing communities.

**200+**  
LANGUAGES

**1,000+**  
INTERPRETERS

**1,500+**  
TRANSLATORS

We pride ourselves on raising the standards of service provision by working with a team of qualified interpreters and translators, maintaining memberships with organizations forging national standards of practice, and supporting the professional development of our personnel through training opportunities and educational incentives. In recognition of our ongoing commitment to diversity and inclusion, we were pleased to receive the **City of Indianapolis Mayoral Diversity Award for Workplace Diversity**.
