Dear Ms. Deaton-Reese:

It is with great interest that I write this letter of support for Hamilton Center Inc.'s Request for Services submission (REF 24-77045) regarding the statewide expansion of the Certified Community Behavioral Health Clinic (CCBHC) model. Hamilton Center is uniquely positioned to be a part of the State's application for a demonstration program.

I am aware the CCBHC model will allow robust expansion of the behavioral health system in Indiana with an emphasis on crisis services, alignment with 988, integration with primary care and broadening access for all Hoosiers, particularly those most vulnerable.

Hamilton Center has been a remarkable community partner in central and west central Indiana since 1971. Their integration with all segments of the community has promoted strong collaboration and provided access to quality care for 13,000 consumers spanning a ten-county area. Most recently, the organization added 24/7 crisis services (including mobile crisis), a Federally Qualified Health Center Look-Alike, three certified opioid treatment programs and has been selected by SAMHSA to operate as a CCBHC since 2020.

Our organization's experience with Hamilton Center consists of treatment services for adult offenders who are placed into the Parke County Drug Court Program by the Parke Circuit Court. To be more specific, Hamilton Center has provided services to adult participants of the program for substance abuse and mental health assessments to determine eligibility to the program and treatment plans, inpatient and outpatient services, crisis diversion services, sober living services and peer recovery coaches. Hamilton Center staff members are currently a part of the Parke County Drug Court Team. This includes a program director, a program manager, a therapist, and a peer recovery coach from Hamilton Center. Hamilton Center has been a major part of our Drug Court Program for many years now. I look forward to continuing the use of Hamilton Center services and having them as part of our Drug Court Team as they have proven to be a great asset to our team and participants!

It is with great enthusiasm I support their desire to be a part of the State's demonstration program. Our organization is committed to becoming a referral source for Hamilton Center's CCBHC or even a Designated Collaborating Organization (DCO).

Should you need further information, please feel free to contact me.

In appreciation,
