Dear Ms. Deaton-Reese:

I am writing this letter of support for Hamilton Center Inc.'s Request for Services submission (REF 24-77045) regarding the statewide expansion of the Certified Community Behavioral Health Clinic (CCBHC) model. Hamilton Center is uniquely positioned to be a part of the State's application for a demonstration program.

I am aware the CCBHC model will allow robust expansion of the behavioral health system in Indiana with an emphasis on crisis services, alignment with 988, integration with primary care and broadening access for all Hoosiers, particularly those most vulnerable.

Most recently, the organization added 24/7 crisis services (including mobile crisis), a Federally Qualified Health Center Look-Alike, three certified opioid treatment programs and has been selected by SAMHSA to operate as a CCBHC since 2020. Our organization has used the mobile crisis unit at our emergency shelter and it has been a useful resource for our domestic violence and sexual assault clients.

Our organization supports HCI's participation in this program and we hope that funding will continue so that we will have this valuable resource in our community.

Should you need further information, please contact me.

In appreciation,

Emily Murray
