Dear Ms. Deaton-Reese:

It is with great interest that I write this letter of support for Hamilton Center Inc.'s Request for Services submission (REF 24-77045) regarding the statewide expansion of the Certified Community Behavioral Health Clinic (CCBHC) model. Hamilton Center is uniquely positioned to be a part of the State's application for a demonstration program.

I am aware the CCBHC model will allow robust expansion of the behavioral health system in Indiana with an emphasis on crisis services, alignment with 988, integration with primary care and broadening access for all Hoosiers, particularly those most vulnerable.

Hamilton Center has been a remarkable community partner in central and west central Indiana since 1971. Their integration with all segments of the community has promoted strong collaboration and provided access to quality care for 13,000 consumers spanning a ten-county area. Most recently, the organization added 24/7 crisis services (including mobile crisis), a Federally Qualified Health Center Look-Alike, three certified opioid treatment programs and has been selected by SAMHSA to operate as a CCBHC since 2020.

Odyssey House's experience with Hamilton Center consists of personal addictions/mental health treatment for our sober living residents. They provide case management, inpatient/outpatient therapy and general medical care for our residents. Hamilton Center also utilizes our program as a wraparound service. They refer residents to our sober living facilities after completing psychiatric inpatient, addiction, or mental health treatments.

It is with great enthusiasm I support their desire to be a part of the State's demonstration program. Our organization is committed to becoming a referral source for Hamilton Center's CCBHC or even a Designated Collaborating Organization (DCO).

Should you need further information, please contact me.

In appreciation,

Joshua Michael, MS
