1.4 Statement of Work

1.4.1 Executive Summary

The State of Indiana is soliciting proposals from qualified vendors to serve as the Fiscal and Technical Administrator for the State Employees' Community Campaign (SECC). SECC is the State of Indiana's annual workplace giving program for state employees. Created by executive order in 1992, the SECC enables employees to engage as active community citizens by donating to nonprofits through payroll deductions, one-time contributions, or participation in statewide and agency-level special events.

SECC has grown into one of the largest annual employee engagement initiatives within state government, raising upward of 1.5 million of dollars, engaging almost a quarter of the workforce, and donating to more than 1,500 eligible charities. Each fall, over an eight-week giving season, employees participate through online donations, special events, and recurring gifts. The annual campaign aims to raise \$1.5 million and inspire at least 25% participation among more than 30,000 state employees. Employees may contribute as one-time donors or commit to higher-level giving tiers such as Champion and Torchbearer donors through recurring payroll deduction.

To ensure the continued success, reliability, and integrity of the SECC, the State seeks a partner capable of providing:

- Fiscal administration, including secure processing and quarterly distribution of contributions to designated charities;
- Technical platform management, offering a stable, intuitive, and secure online giving portal that supports payroll deduction integration, donor self-service, and coordinator reporting;
- Customer support, assisting donors, charities, and agency coordinators with inquiries related to giving, reporting, and pledge management;
- Campaign support services, including event-based donation processing, charity eligibility verification, data protection, and accurate reporting.

The selected vendor must demonstrate expertise in nonprofit fundraising administration, large-scale payroll-integrated giving systems, data security, and a strong customer service framework. This role is essential to upholding donor confidence, ensuring accurate and timely disbursement of funds, and supporting the thousands of state employees and coordinators who make the campaign successful.

The Fiscal and Technical Administrator is central to maintaining these standards and enabling state employees to continue making a meaningful difference in their local communities.

1.4.2 Background and Current State

The State Employees' Community Campaign (SECC) was established in 1992 by executive order as Indiana's official workplace giving program for state employees. Its purpose is to provide a simple, centralized way for public employees to support charitable organizations they care about through payroll deductions or one-time donations. Over the years, the SECC has grown into one of the largest statewide engagement efforts, enabling employees to contribute millions of dollars to more than 1,500 verified nonprofit organizations. The campaign is overseen by the Indiana State Personnel Department, with fiscal management and donor support provided by America's Charities, which processes contributions and distributes them quarterly to designated charities.

Today, the SECC operates as an eight-week annual fall campaign, supported by agency coordinators who promote giving, organize special events, and encourage employees to participate in a non-coercive and inclusive way. The campaign runs from September through November and has set goals of raising \$1.5 million and reaching 25% employee participation across Indiana's workforce of more than 30,000 employees. Donors may contribute through payroll deduction, credit/debit card, or electronic check, with recurring contributions automatically rolling over each year unless modified. Special event fundraising—such as chili cook-offs, bingo events, or agency-wide competitions—continues to be a distinctive and popular part of the campaign culture, further expanding participation and impact. The SECC's secure giving portal remains the central tool enabling employees to manage their donations and designations conveniently and confidently 2.

1.4.2.1 Objectives of Engagement

The objective of this engagement is to procure a qualified Fiscal and Technical Administrator to support the successful operation, integrity, and continued growth of the State Employees' Community Campaign (SECC). The SECC is Indiana's annual charitable giving program for state employees, offering secure online payroll deductions, one-time donations, and event-based contributions as part of an eight-week campaign each fall. To sustain this statewide effort, the State requires a partner with the expertise, systems, and capacity to manage both the financial and technological components that make the campaign possible.

On the fiscal administration side, the selected vendor will be responsible for securely collecting, processing, reconciling, and disbursing employee contributions to more than 1,500 eligible

nonprofit organizations on a quarterly schedule, as detailed in SECC program documentation 1. This includes ensuring accurate accounting, timely distribution, verification of charity eligibility, donor confidentiality, and compliance with all applicable state and federal requirements. The vendor must maintain rigorous financial controls and transparent reporting practices to support campaign accountability.

On the technical administration side, the selected vendor will provide, maintain, and enhance the SECC's secure online giving platform, which serves as the central tool for employees, coordinators, and administrators throughout the campaign. Core responsibilities include hosting and managing the donation portal; supporting payroll deduction functionality; enabling employees to create, modify, or renew pledges; maintaining charity search and designation tools; and delivering agency and statewide reporting features that coordinators rely on to monitor participation and contributions 2. The vendor will also support technical needs associated with special event fundraising pages, donor support workflows, and data integration with State systems.

First-Year Transition Deliverables (One-Time Requirements for Initial Contract Year)

In the first year of the contract, if the awarded Contractor is not the current SECC administrator (America's Charities), the State requires a structured transition process to ensure continuity of donor experience and prevent loss of existing contributors. The Contractor shall work collaboratively with the current administrator to migrate all necessary employee, pledge, and designation data into the new giving platform. This migration must enable employees to log in to the new system seamlessly using their standard SECC credentials, view their previous-year pledge, and either confirm it as a rollover gift or modify it as desired.

Because rollover pledges represent a significant portion of annual contributions, failure to migrate these records would result in substantial donor attrition. Accordingly, the Contractor must ensure that:

- All existing payroll deduction pledges are correctly and securely rolledover.
- All historical designations remain attached to the correct employee profiles unless a charity is no longer eligible.
- All donor accounts map cleanly to their PeopleSoft-based login structure.
- All agency-level reporting structures (business units, coordinator views, rollups) transfer intact.
- A full reconciliation and validation process is performed prior to launch, with State approval required before the new system goes live.

All migration activities must be complete no later than April 15 of the first contract year, to allow adequate time for system testing, coordinator training, and pre-campaign preparation.

The State seeks a partner capable of delivering a seamless donor experience, accurate and reliable financial processing, responsive customer support, and a stable, secure technological environment. Through this engagement, the State intends to ensure that the SECC continues to

operate efficiently, transparently, and in a way that maximizes participation and impact for Indiana communities.

Additionally, to support a successful State Employees' Community Campaign (SECC), the State recognizes the need for a discretionary budget that enables the purchase and use of third-party technology tools and donor recognition materials beyond the core giving platform provided by the Administrator. While the Administrator will deliver the primary online giving portal and reporting environment, certain campaign activities require additional technology solutions that cannot be built or maintained directly by the Administrator. These may include, but are not limited to, online silent auction platforms, Kahoot or other interactive trivia tools, event-specific fundraising sites, and other digital engagement products used by agencies to broaden participation and enhance employee experience.

In addition to these supplemental technology needs, the Administrator has historically been responsible for procuring and providing donor recognition items, such as Champion-level and Torchbearer-level gifts (e.g., pins, umbrellas, mugs, notepads, and similar items). These materials play a critical role in acknowledging donor generosity, reinforcing participation goals, and promoting a culture of giving across the State workforce. The discretionary budget ensures that the Administrator can continue offering these recognition items at appropriate quality levels and quantities aligned with campaign participation.

The State expects the Contractor to responsibly manage this discretionary budget; select cost-effective, secure, and reputable third-party tools; and procure and distribute donor recognition materials in a timely manner to support campaign milestones. All expenditures must be documented, pre-approved when required, and fully aligned with SECC's engagement, compliance, and branding standards.

1.4.2 Deliverables and Deadlines

The Contractor shall provide fiscal and technical administration services for the State Employees' Community Campaign (SECC) according to the annual campaign cycle. Planning for each campaign begins in the spring of the preceding year—for example, planning for the 2028 campaign begins in **Spring 2027**, with pledge collection occurring in **Summer–Fall 2027** and disbursements taking place throughout **Calendar Year 2028**. The Contractor must complete the deliverables below on this recurring annual schedule to ensure timely launch, seamless donor participation, accurate pledge processing, and compliant fund distribution.

A. First-Year Transition Deliverables (One-Time Requirements for Initial Contract Year)

If the awarded Contractor is not the current SECC administrator (America's Charities), the Contractor must complete a structured transition process to prevent donor attrition and maintain continuity of service. The State requires the new Contractor to work closely with the current administrator to **migrate all necessary employee, pledge, designation, and reporting data** into the new platform. This migration must allow employees to:

- Log in to the new system with existing SECC username and password conventions;
- View their prior-year pledge as it currently exists;
- Choose to keep the pledge as a **rollover** or modify it before the new campaign begins.

Because rollover pledges represent a significant portion of annual giving, the Contractor must ensure that no employee is required to “start from scratch,” which would otherwise risk substantial loss of existing donors.

The Contractor shall ensure that the following transition outcomes are achieved:

1. Accurate transfer of all existing payroll deduction pledges and related designation data.
2. Integrity of donor profiles, including mapping to PeopleSoft-based login credentials.
3. Migration of agency structures, coordinator assignments, and reporting hierarchies.
4. Verification of charity eligibility during the transition and appropriate handling of ineligible designations.
5. Completion of reconciliation and validation testing, with State approval required before launch.

All migration activities must be completed no later than **April 15 of the first contract year**, allowing sufficient time for system testing, coordinator training, and pre-campaign preparation.

B. Pre-Campaign Technical Setup (Due Annually by April 30, 2027)

1. Update, test, and deploy the SECC online giving portal, ensuring full functionality and security.
2. Load updated charity eligibility lists and configure write-in verification workflows.
3. Refresh payroll, employee demographic, and business unit data.
4. Prepare agency-level and statewide reporting dashboards.
5. Deliver system documentation, configuration notes, and testing results.

C. Coordinator and Campaign Readiness (Due Annually by June 15)

1. Provide updated coordinator training materials, technical guides, and system walkthroughs.
2. Ensure help desk and technical support resources are fully operational.
3. Configure special-event donation pages as requested.
4. Deliver a completed readiness checklist indicating that the system is prepared for pledge collection.

D. Active Campaign Support (During Campaign Period: Typically September–November)

1. Maintain full uptime and operational stability of the giving portal.
2. Process payroll deduction, credit/debit card, and e-check pledges.
3. Provide weekly participation and donation reports to the State and coordinators.
4. Support donor-initiated modifications or cancellations of pledges during the active campaign.

E. Fiscal Processing and Distribution (Quarterly Disbursements During Campaign and Through Following Year)

1. Reconcile all contributions and distribute funds quarterly to designated nonprofit organizations.
2. Verify the eligibility of designated charities prior to each disbursement.
3. Prepare quarterly fiscal and distribution reports, including undesignated fund allocations.
4. Maintain all financial controls and ensure accurate fund routing.

F. Post-Campaign Reporting and Closeout (Due Annually by March 31 of the Following Year)

1. Deliver final campaign summary reports, including participation, total contributions, and charity allocations.
2. Complete all fiscal reconciliation and provide year-end documentation.
3. Support generation of donor tax receipts according to SECC requirements.
4. Participate in a post-campaign debrief with the State and propose system or process improvements.

1.4.3 Independent Validation and Verification

If the State decides to add Independent Verification & Validation (IV&V) services as part of this Contract, the Contractor will copy the Indiana Department of Administration (IDOA) – IV&V Team member(s) on all project related communications (emails, meeting invites, collaboration tools, etc.) and will grant access to all documents and deliverables throughout the term of the Contract. If IDOA elects to deploy IV&V services in connection with this engagement, the IV&V Team will review and assess all deliverables to determine compliance with the State’s requirements set forth in the Contract including the Statement of Work. For contracts entered, renewed, or amended after June 30, 2026, the IV&V Team shall serve as an approving authority, and no payment shall be issued to the Vendor unless and until IV&V has provided such approval.

1.4.4 Key Performance Indicators

The State will use Key Performance Indicators (KPIs) to measure performance and outcomes of the Contract. The specific KPIs and their targets will be defined and agreed upon by the State and the Contractor during the initial phases of the requirements under the Contract. At a minimum, on time delivery at quality standards of the scope provided within the budget set forth in the Contract will each be measured. Additionally, the State will collect a modified Net Promoter Score from customers to this Contract in its discretion. Low ratings on the modified Net Promoter Score or failure to meet any other KPIs may be deemed, at the discretion of the State, to constitute default under the Contract.

1.4.5 End of Contract Transition and Turnover**Technology Security Standards**

The State has robust and comprehensive security standards that permeate all levels of the organization. The Indiana Office of Technology (IOT) has been tasked with establishing and maintaining these security standards. The security standards include assessing security risks, developing, and implementing effective security procedures, and monitoring the effectiveness of those procedures. If the proposed solution involves information technology-related products

or services, all such products or services are to be compatible with any of the technology standards found in [Information Security Framework \(https://www.in.gov/iot/iot-vendor-engagement/\)](https://www.in.gov/iot/iot-vendor-engagement/) that are applicable, including the assistive technology standard. Respondents will be required to sign a Non-Disclosure Agreement (NDA) to access the IOT Information Security Framework; Respondent's should review the IOT Information Security Framework, and ensure their proposed solution meets all standards therein.

These figures are only an estimate and are not to be construed as an amount to be offered under this solicitation. **However, when completing Minority and Women's Business Enterprises Participation Plan Form (Attachment A), Indiana Veterans' Participation Plan Form (Attachment A1), and the Indiana Economic Impact Form (Attachment C) please use the total bid amount from the Cost Proposal (Attachment D).**

Important notes:

Remember that you cannot update the primary contact's email address and use it to sign into the Supplier Portal on the same day.

No more than one proposal per Respondent may be submitted.

Responses may no longer be sent in on flash drives.

The State encourages Respondents to break down their proposals into small file sizes and use compressed zip files, where possible. Uploading large files may lengthen the time to successfully submit your proposal. Checking file sizes of the proposal documents by viewing file properties is also recommended to reduce risks when uploading files.

A bidder ID and password are required to submit a response. For more information on that process, visit: <https://www.in.gov/idoa/wbt/SupplierPortal/index.html>. Bidder ID and password issues are handled by submitting a request for assistance to the State of Indiana Office of Technology and are handled in the order in which they are received. IDOA is not able to assist with these types of issues and they are not justification to miss the submission deadline.

The State strongly encourages Respondents to allow plenty of time when electronically submitting their proposals. Waiting until the last day is not recommended. The Supplier Portal allows documents to be edited until the proposal due date. Therefore, documents could be

loaded over several days. The Supplier Portal will not accept proposals once the proposal due date and time has expired, even if a Respondent has already begun uploading bid documents.

The State accepts no obligations for costs incurred by Respondents in anticipation of being awarded a contract.

1.9 Modification or Withdrawal of Offers¹

Responses may be modified by Respondents until the time and date the response is due. The Respondent's authorized representative may withdraw the proposal prior to the due date by sending notice to the address listed above in Section 1.8.

1.10 Pricing

Pricing on this solicitation must be firm and remain open for a period of not less than one hundred eighty (180 days) from the date of award issuance. Any attempt to manipulate the format of the document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk of being removed from consideration.²

Please refer to the Cost Proposal sub-section under [Section Two](#) for a detailed discussion of the proposal pricing format and requirements.

1.11 Proposal Clarifications

The State may request clarifications, in writing, on proposals submitted. These clarifications could include, but are not limited to, request for additional information, or request for Cost or Technical proposal revision. Additionally, in conducting clarifications, the State may use information derived from proposals submitted by competing Respondents only if the identity of the Respondent providing the information is not disclosed to others. The State will provide equivalent information to all Respondents which have been chosen for clarifications.

A sample contract is provided in **Attachment B**. Any requested changes to the sample contract must be submitted with your response (See [Section 2.3.6](#) for details). The State may reject any of these requested changes. It is the State's expectation that any material elements of the contract will be substantially finalized prior to contract award.

1.12 Best and Final Offer (BAFO)

Each proposal should contain the Respondents' best terms from a price and technical perspective.

¹ Please note if the State elects to cancel the solicitation, all submitted responses would remain confidential, until the replacement solicitation is concluded, and an Award Recommendation made.

² Making modifications to the Cost Proposal could result in the proposal being removed from consideration.

The State may request best and final offers from those Respondents determined by the State to be reasonably viable for contract award. However, the State reserves the right to award a contract based on initial proposals received.

Following evaluation of the best and final offers, the State may select for final contract negotiations/execution the offer(s) that are most advantageous to the State.

1.13 Reference Site Visits

The State may request a site visit to a Respondent's working support center to aid in the evaluation of the Respondent's proposal. Site visits, if required will be discussed in the technical proposal.

1.14 Type and Term of Contract

The State intends to sign a contract with one or more Respondent(s) to fulfill the requirements in this solicitation.

The term of the contract shall be for a period of 1 years from the date of contract execution. There may be four (4) one-year renewals for a total of five (5) years at the State's option.

1.15 Confidential Information

Respondents are advised that materials contained in proposals are subject to the Access to Public Records Act (APRA), IC 5-14-3 *et seq.*, and, after the contract award, the entire solicitation file will be posted on the IDOA website and may be viewed and copied by any member of the public, including news agencies and competitors. The responses are deemed to be "public records" unless a specific provision of IC 5-14-3 protects it from disclosure. Any attempt to manipulate the format of the document that deviates from the current format will put your proposal at risk of disqualification.

2.5 Cost Proposal

The Cost Proposal Template is Attachment D.

We would like to see the cost as a percentage of the amount collected that year, with any additional annual or one-time costs included.

Additionally, previous contractors provided a budget for ancillary items purchased in support of SECC events/ activities which have included outsourcing to various online portals not provided by the Administrator such as silent auction websites, Kahoot, etc. Additionally, the Administrator has traditionally also paid for any promotional SECC materials and donor giving level gifts (for Champion Givers) which have included pins, umbrellas, mugs, etc. Please include discretionary budget annually provided to SECC.

The Cost Proposal must be submitted in the original format. Any attempt to manipulate the format of the Cost Proposal document, attach caveats to pricing, or submit pricing that deviates from the current format will put your proposal at risk of disqualification.

Cost Proposal Narrative

The Respondent should provide a brief narrative (not longer than two pages) in support of each Cost Proposal item. The narrative should be focused on clarifying how the proposed prices correspond directly to the Respondent's Technical Proposal. For example, evaluators will expect detailed explanation of *Maintenance and Support* to correspond to *Maintenance and Support items* if described in the Technical Proposal. **Please compose and return this document in a PDF format, labeled as "Cost Proposal Narrative".**

Cost Assumptions, Conditions and Constraints

The Respondent should list and describe as part of its Cost Proposal any special cost assumptions, conditions, and/or constraints relative to, or which impact, the prices presented on the Cost Schedules. It is of particular importance to describe any assumptions made by the Respondent in the development of the Respondent's Technical Proposal that have a material impact on price. It is in the best interest of the Respondent to make explicit the assumptions,

conditions, and/or constraints that underlie the values presented on the Cost Schedules. Assumptions, conditions, or constraints that conflict with the solicitation requirements is not acceptable. **Please compose and return this document in a PDF format, labeled as “Cost Assumptions, Conditions and Constraints”.**

2.6 Attestation Form

The Attestation Form is **Attachment J**. This is the formal declaration of responses to the following as well as to the additional areas cited within **Attachment J** as it relates to this solicitation. **Attachment J**, Attestation Form is to be attached to the Submission Form due on the Submission Form due date and Eastern time.

2.6.1 Indiana Economic Impact

All companies desiring to do business with State Agencies must complete an “Indiana Economic Impact” form (**Attachment C**). This is not a separate evaluation item scored as set forth in [Section 3.2](#) but still a required form. The collection and recognition of the information collected with the Indiana Economic Impact form places a strong emphasis on the economic impact a project will have on Indiana and its residents regardless of where a business is located. The collection of this information does not restrict any company or firm from doing business with the State. The amount entered in Line 16 “Total amount of this proposal, bid, or current contract” should match the amount entered in the **Attachment D**, Cost Proposal Template.

2.6.2 Buy Indiana Initiative (Indiana Business Preference) /Indiana Company

It is the Respondent’s responsibility to confirm its Buy Indiana certification is active as of the submission date the sourcing event. Check status within the Buy IN Designation List at <https://www.in.gov/idoa/procurement/supplier-resource-center/programs-and-preferences/buy-indiana/>.

Buy IN must be affirmatively claimed per **Attachment J**. **The State will only validate the Respondent’s claim to determine eligibility of potential points.**

The State will not look up status on behalf of each Respondent without the Respondent’s claim on Attachment J, Attestation Form.

If Respondents are not certified but wish to be, follow the Department of Administration, Procurement Division instructions within 2.3.8 Registration to Do Business. Along with registering, the Respondent can begin the Buy IN certification process.

When applying to Buy IN status, be sure to allow sufficient time to complete this process, at least twenty (20) business days. The Respondent's Buy Indiana status must be finalized when the solicitation response is submitted to the State.

2.6.3 Subcontractors

The Respondent is responsible for the performance of any obligations that may result from this solicitation and shall not be relieved by the non-performance of any subcontractor. Respondent's proposal must identify all subcontractors including those not submitted in **Attachment A and/or Attachment A1** and describe the contractual relationship between the Respondent and each subcontractor. Per instructions in **Attachment J**, either a copy of the **executed subcontract** or a **letter of agreement** over the official signature of the firms involved must accompany each proposal.

Any subcontracts entered into by the Respondent must be in compliance with all State statutes and will be subject to the provisions thereof. For each portion of the proposed products or services to be provided by a subcontractor, **the Attestation Form, Attachment J, must include the identification of the functions to be provided by the subcontractor and the subcontractor's related qualifications and experience.**

The combined qualifications and experience of the Respondent and any or all subcontractors will be considered in the State's evaluation. The Respondent must furnish information to the State as to the amount of the subcontract, the qualifications of the subcontractor for guaranteeing performance, and any other data that may be required by the State. All subcontracts held by the Respondent must be made available upon request for inspection and examination by appropriate State officials, and such relationships must meet with the approval of the State.

The Respondent must list any subcontractor's name, address, and the state in which formed that are proposed to be used in providing the required products or services. The subcontractor's responsibilities under the proposal, anticipated dollar amount for subcontract, the subcontractor's form of organization, and an indication from the subcontractor of a willingness to carry out these responsibilities are to be included for each subcontractor. This assurance in no way relieves the Respondent of any responsibilities in responding to this solicitation or in completing the commitments documented in the proposal. The Respondent must indicate which, if any, subcontractors qualify as a Minority Business Enterprise, Women's Business Enterprise, or Veteran Owned Small Business under IC 4-13-16.5-1 and IC 5-22-14-3.5. IVOSB entities (whether a prime or subcontractor) must have a Bidder ID. If registered with IDOA, this should have already been provided (as with MWBEs). IVOSBs that are only registered with the Federal Center for Veterans Business Enterprise will need to ensure that they also have a Bidder ID provided by IDOA (please see [Section 2.3.8](#) for details).

Section Three Proposal Evaluation

3.1 Proposal Evaluation Procedure

The State has selected a group of personnel to act as a proposal evaluation team. Subgroups of this team, consisting of one or more team members, will be responsible for evaluating proposals with regard to compliance with solicitation requirements. All evaluation personnel will use the evaluation criteria stated in [Section 3.2](#).

The procedure for evaluating the proposals against the evaluation criteria will be as follows:

- 3.1.1 Each proposal will be evaluated for adherence to mandatory requirements, per Section 3.2, Step 1, on a pass/fail basis. Proposals that are incomplete or otherwise do not conform to proposal submission requirements may be eliminated from consideration. Further any proposals not meeting the Mandatory Requirements listed in [Section 3.2](#), Step 1 and noted in **Attachment J** will be disqualified.
- 3.1.2 Each proposal will be evaluated based on the categories included in [Section 3.2](#). A point score has been established for each category.
- 3.1.3 Based on the results of this evaluation, the qualifying proposal determined to be the most advantageous to the State may be selected by IDOA and INSPD for further action, such as contract negotiations. If, however, IDOA and INSPD decide that no proposal is sufficiently advantageous to the State, the State may take whatever further action is deemed necessary to fulfill its needs. If, for any reason, a proposal is selected and it is not possible to consummate a contract with the Respondent, the State may begin contract preparation with another Respondent or determine that no such alternate proposal exists.

3.2 Evaluation Criteria

Proposals will be evaluated based upon the proven ability of the Respondent to satisfy the requirements of the solicitation in a cost-effective manner. Each of the evaluation criteria categories is described below with a brief explanation of the basis for evaluation in that category. The points associated with each category are indicated following the category name (total maximum points = 103). Negative points may be assigned in the cost score.

Additionally, there is an opportunity for a bonus of three points if certain criteria are met. For further information, please reference [Section 3.2.3](#). If any one or more of the listed criteria on which the responses to this solicitation will be evaluated are found to be inconsistent or incompatible with applicable federal laws, regulations or policies, the specific criterion or

criteria will be disregarded, and the responses will be evaluated and scored without considering such criterion or criteria.

Summary of Evaluation Criteria:

Criteria	Points
1. Adherence to Mandatory Requirements	Pass/Fail
2. Management Assessment/Quality (Business and Technical Proposal)	55 available point
3. Cost (Cost Proposal)	25 available points
4. Buy Indiana	5
5. Minority Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
6. Women Business Enterprise Subcontractor Commitment	5 (1 bonus points are available, see Section 3.2.5)
7. Indiana Veteran Owned Small Business Subcontractor Commitment	5 (1bonus points are available, see Section 3.2.6)
Total	100 (103 if bonus awarded)

All proposals will be evaluated using the following approach.

Step 1

In this step proposals will be evaluated only against Criteria 1 to ensure that they adhere to Mandatory Requirements. The Mandatory Requirements are:

- Executive Summary and required content
- **Attachment C** Indiana Economic Impact Form, completed;
- **Attachment D** Cost Proposal, **Attachment E** Business Proposal, **Attachment F** Technical Proposal, unaltered and complete with all requested supporting documents.
- **Attachment J** Attestation Form, complete with all requested supporting documents

Any proposals not meeting the Mandatory Requirements will be disqualified.

Step 2

The proposals that fulfill the Step 1 Mandatory Requirements will then be scored based on Criteria 2 and 3 ONLY. All proposals will be ranked based on their combined scores for Criteria

2 and 3 ONLY. This ranking will be used to create a “short list”. Any proposal not making the “short list” will not be further evaluated.

Step 2 may include one or more rounds of proposal discussions, oral presentations, clarifications, and/or demonstrations focused on cost and other proposal elements. Step 2 may include additional “short lists” at the State’s sole discretion.

Step 3

The short-listed proposals will then be evaluated based on the entire evaluation criteria outlined in the table above.

If the State conducts additional rounds of discussions and a BAFO round which lead to changes in either the technical or cost proposal for the short-listed Respondents, their scores will be recomputed.

The section below describes the different evaluation criteria.

- 3.2.1 **Adherence to Requirements** – Pass/Fail
Respondents passing this category move to Phase 2

The following 2 categories cannot exceed 80 points.

- 3.2.2 **Management Assessment/Quality**
55 available points

- 3.2.3 **Price**
25 available points

Cost scores will then be normalized to one another, based on the lowest cost proposal evaluated. The lowest cost proposal receives a total of 35 points. The normalization formula is as follows:

- *Respondent’s Cost Score = (Lowest Cost Proposal / Total Cost of Proposal) X 25*

- 3.2.4 **Buy Indiana Initiative** – 5 points

Respondents qualifying, and documenting per **Attachment J**, as an Indiana Company as defined in [Section 2.6.2](#) will receive 5 points in this category.

3.2.5 Minority Business Subcontractor Commitment – 5 points⁵

The following formula will be used to determine points to be awarded based on the MBE goals listed in [Section 1.20](#) of this solicitation. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-points, scale. Points are assigned for respective MBE participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established MBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%
Pts.	.625	1.25	1.875	2.5	3.125	3.75	4.375	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 4.375 pts., 7.50% will be rounded up to 8% = 5.00 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Total Bid Amount.)

If the respondent's commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for MBE participation the respondent will receive 0 points.

If the respondent's commitment amount is \$0 and thus the commitment percentage is 0% for MBE participation, a deduction of 1 point will be discounted on the respective MBE score.

The respondent with the greatest applicable VSC participation which exceeds the stated goal ("exceeds" defined herein as a commitment percentage that is equal to or greater than 9% before rounding) for the respective MBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the respective MBE category both firms will receive 6 points.

3.2.6 Women Business Subcontractor Commitment - 5 points ⁶

The following formula will be used to determine points to be awarded based on the WBE goals listed in [Section 1.20](#) of this solicitation.

Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for WBE participation based upon the BAFO meeting or

⁵ Required documentation must, of course, be provided to receive points as described.

⁶ Required documentation must, of course, be provided to receive points as described.

exceeding the established goals.

If the Respondent's commitment percentage is less than the established WBE goal, the maximum points achieved will be awarded according to the following schedule:

%	1%	2%	3%	4%	5%	6%	7%	8%	9%	10%	11%
Pts.	0.45	0.9	1.35	1.8	2.2 5	2.7	3.1 5	3.6	4.05	4.5	5.0

NOTE: Fractional percentages will be rounded up or down to the nearest whole percentage. (e.g. 7.49% will be rounded down to 7% = 3.15 pts., 7.50% will be rounded up to 8% = 3.6 pts. Rounding will be calculated based on the Sub-Contract Amount, divided by the Administrative Bid Amount.)

If the Respondent's commitment amount is greater than \$0 but the commitment percentage is rounded down to 0% for WBE participation the Respondent will receive 0 points.

If the Respondent's commitment amount is \$0 and thus the commitment percentage is 0% for WBE participation, a deduction of 1 point will be discounted on the WBE score.

The Respondent with the greatest applicable VSC participation which exceeds the stated goal ("exceeds" defined herein as a commitment percentage that is equal to or greater than 12% before rounding) for the WBE category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the WBE category both firms will receive 6 points.

3.2.7 **Indiana Veteran Owned Small Business Subcontractor Commitment - 5 points**⁷

The following formula will be used to determine points to be awarded based on the IVOSB goal listed in [Section 1.20](#) of this solicitation. Scoring is conducted based on an assigned 5-point, plus possible 1 bonus-point, scale. Points are assigned for IVOSB participation based upon the BAFO meeting or exceeding the established goals.

If the respondent's commitment percentage is less than the established IVOSB goal, the maximum points achieved will be awarded according to the following schedule:

⁷ Required documentation must, of course, be provided to receive points as described.

%	0%	0.6%	1.2%	1.8%	2.4%	3%
Pts.	-1	1	2	3	4	5

NOTE: Fractional points will be awarded based upon a graduated scale between whole points. (e.g., a 0.3% commitment will receive .5 points and a 1.5% commitment will receive 2.5 points)

If the respondent's commitment percentage is 0% for IVOSB participation, a deduction of 1 point will be assessed.

The IVOSB prime respondent commitment will be 3% and will receive 5 points. Any additional IVOSB subcontractor commitments will be added to the 3%.

The respondent with the greatest applicable VSC participation which exceeds the stated goal for the IVOSB category will be awarded 6 points (5 points plus 1 bonus point). In cases where there is a tie for the greatest applicable VSC participation and both firms exceed the goal for the IVOSB category both firms will receive 6 points.

3.2.8 Qualified State Agency Preference Scoring

"Qualified Agency" refers to a nonprofit agency for persons with severe disabilities that meets the provisions of IC 5-22-13. When applicable, pursuant to Indiana Code 5-22-13, the qualified agency submitting or participating in a response to this solicitation will be awarded preference points for Minority, Women's, and Indiana Veteran Business Enterprise equal to the Respondent awarded the highest combined points awarded for such preferences in the scoring of this solicitation.
