## Event Description

Event ID# 0000085206 - Husqvarna Chain Saws

All quote packages to be sent to Kathy Evans at: kmevans@dnr.in.gov. Ph: 317-233-8214

## General Comments

- Pricing must be listed in the unit requested, and must be inclusive of all applicable charges (i.e., shipping, reconditioning, installation and labor). Prices listed above and beyond what is requested shall not be considered and shall be reason to reject offer.
- As required by IC 4-13-2-14.8:  
Notwithstanding any other law, rule, or custom, a person or company who has a contract with the State or submits invoices to the State for payment shall authorize in writing the direct deposit by electronic funds transfer of all payments by the State to the person or company. The written authorization must designate a financial institution and an account number to which all payments are to be credited. For forms and additional information see the State Comptroller's website at <https://www.in.gov/comptroller/forms/>
- Supplier must include shipping and/or any other additional costs in bid response. Shipping and/or additional costs will not be paid if added to invoice.
- The chainsaws are needed to equip engines with adequate chainsaw to respond to local and national wildfire incidents. Also, for use on local and national wildfire response.

BRAND NAME - We only use 2 brands of saws, Husqvarna for our general firefighter use. We stay with the same brand of saws for firefighter safety, we train with the Husqvarna saws for felling burning trees. In the heat of the moment we need to act instinctively and during high stress situations humans will fall back on their training. For maintenance it is cost effective for the state to stay with the same brand as we already have a cache of parts and chains that fit these saws.

We do use Stihl saws in a larger size class to fell very large trees and when high performance is needed.

Again, it is very important for firefighter safety to maintain consistency.
