

Scope of Work

Dental Kits for Children

Indiana Department of Health Oral Health Program

Purpose

The Indiana Department of Health (IDOH) Oral Health Program seeks a supplier to procure, assemble, and deliver children's dental kits to support oral health education, prevention, and community outreach activities. IDOH will distribute kits at schools, community events, health fairs, and other public health initiatives.

Scope of Services

The awarded supplier shall furnish all labor, materials, supplies, equipment, packaging, and transportation necessary to provide ten thousand (10,000) complete children's dental kits to IDOH. Each kit shall be individually assembled and packaged in a bag displaying the IDOH Oral Health logo. The kits shall be delivered to IDOH at the following address:

Indiana Department of Health
Oral Health Program
6400 E 30th Street
Indianapolis, IN 46219

Each dental kit shall include, at a minimum, the following:

- One (1) soft toothbrush
- One (1) toothpaste (expiration date should be 2 years or more)
- One (1) dental floss
- One (1) brushing timer
- One (1) customized oral health bookmark (see Attachment A- Oral Health Bookmark)
- One (1) bag containing all kit components with IDOH Oral Health division logo (see Attachment B- Oral Health Logo)

Respondents must provide a photo or web link of their proposed dental kit with their bids.

Bid price must be all-inclusive, including shipping.
