The Indiana Finance Authority, in its commitment to minority business development and the mandate of the Governor's Commission of Minority Business Development (I.C. 4-13-16.5), adopts procedures for this project to assure participation of minority owned business enterprises in all appropriate phases of construction of this project. In accordance with 25 IAC 5 1-8, the respondent must submit within the proposal a Minority and Women's Business Enterprise participation plan. Failure to provide the minority and women's business participation plan at the time of proposal submission may result in the disqualification and rejection of the proposal. Please note that IDOA reserves the right to verify all information included on minority and women's business enterprise participation plans before making final determinations of the respondent's responsiveness.

Additionally, the plan must show that there are racial minority owned enterprises and women owned enterprises participating in the contract. The participation can be, but is not limited to, a subcontractor or second tier participation with common suppliers such as office supplies, courier services and/or janitorial services. The respondent submitting an offer must indicate the name of the racial and women owned firms that will participate in the award, a contact name and phone number, the service to be supplied and the specific dollar amount from this contact that will be directed toward each firm.

The respondent is expected to demonstrate a good faith effort to meet the participation goal of 7% for minority participation and 5% for women owned business participation. A good faith effort consists of documenting the effort that was made to achieve the goal. Respondents are encouraged to contact and work with the Minority Business and Women's Enterprise Division of the Indiana Department of Administration to design a plan to meet established goals.
