## *Executive Summary*

Beginning January, 2013, the IDOC Offender Population Statistical Report includes several changes and additions not previously reported. Those changes are as follows:

- The population summary included in this report now includes overall admission and release counts.
- Tables 6, 7, 14 and 15 are new to this report. They detail number of new admissions by offense level and number of releases by release type, all broken down by county of commitment for offenders' most serious crime.
- Tables 9 and 10 (from previous reports) are now 11 and 12 and no longer include parole violation admissions or admissions for Community Transition Program (CTP) violations.
- Tables 11, 12, 16 and 17 have been modified to make them easier to read. These tables will continue to display admissions by offense for all citations and most serious offense.
- Tables 11 & 12 only report offenses which are admitted to IDOC and will no longer include offenses with a value of zero. Therefore, offenses which are not represented by the IDOC offender population will not appear on either of these tables.
