On the Parole Violation Hearing Result screen, the user will see two tabs- **Record of Vote** and **Parole Violation Hearing Result**. If the user sees a green checkmark on both tabs, they will be able to click on and view the Parole Violation Hearing Results tab. If the user sees a locked circle on the tabs, the user will only be able to view the Record of Vote tab. For the user to be able to view the Parole Violation Hearing Results tab, there must be at least a minimum of three votes saved in the **Board Members** section of the screen.
