

## INDIANA 2026 INDIVIDUAL ACA FILINGS

The overall final requested average rate increase for 2026 Indiana individual Marketplace plans was 31.4%. The overall approved average rate increase for 2026 is 26.3%. This year's requested rate increases were substantially impacted by the assumptions that for 2026 Congress will not continue enhanced premium subsidies available to Hoosiers under the American Rescue Plan Act and the Inflation Reduction Act and will not fund Cost Sharing Reductions.

The Centers for Medicare and Medicaid Services (CMS) will issue the ultimate approval for the Marketplace plans sold in Indiana. CMS will issue its approval on or before September 17, 2025.
