

The CBA that you are uploading must contain all reopeners and MOUs in one PDF file.

If you negotiated a 2 year CBA that contained a provision to renegotiate certain financial terms for the second year of the CBA and agreed not to renegotiate, then upload a ratified statement of the agreement (to continue the terms of the current agreement) and the CBA as on PDF file.

Any time parties modify the terms of the CBA that was originally uploaded to Gateway, the changes and the CBA must be reuploaded as one PDF file and emailed to ratifiedcontracts@ieerb.in.gov. Failure to do so will result in a finding of non-compliance on the Compliance Report and Recommendation. To avoid a declaration of impasse a contract must be uploaded every year even if there are no changes.
