Part I: Introduction

Overview

The Indiana Education Employment Relations Board (IEERB) is a neutral agency that oversees teacher collective bargaining. This report provides information on teacher compensation in Indiana for the 2022-2023 school year. It does not make any policy recommendations or prescriptions. Note that these data are for the 2022-2023 school year; legislative changes made in 2022 will not be reflected.

For more information, contact IEERB: www.in.gov/ieerb; Questions@ieerb.in.gov; (317) 233-6620

Introduction to Teacher Compensation in Indiana

How is “teacher” defined?

- This report compiles salary and benefits information for 1.0 full time equivalent teachers who are governed by the teacher collective bargaining law.

What comprises teacher compensation?

Pay	Benefits	Non-teaching pay
<ul style="list-style-type: none">- Salary- Bonus- Stipend- Ancillary duties (pay for teaching duties outside of regular instructional duties)	<ul style="list-style-type: none">- Insurance (e.g., health, dental, vision, life)- Retirement- Time off- Other	<ul style="list-style-type: none">- Extra-curricular activities

Who decides teacher compensation?

- For school employers with teacher bargaining units, school employers and teacher unions must agree on teacher salary, wages, and benefits through the collective bargaining process (except for teacher appreciation grants and supplemental payments, which are not bargainable).
- School employers without teacher bargaining units unilaterally set teacher compensation.
- There is no statewide salary schedule.
- For each school year beginning after June 30, 2022, the minimum salary requirement for each Indiana public school corporation, 1.0 full-time equivalent teacher must be forty thousand dollars. If this requirement cannot be met, the corporation must provide a statement explaining the corporation’s inability to meet the minimum threshold requirement in compliance with [Indiana Code § 20-28-9-26](#).

Who bargains?

Currently, there are 305 teacher collective bargaining units comprising the following types of public schools: school corporations (289), special education service centers (10), and vocational/career education centers (6).

How is teacher compensation funded?

- Funding for teacher compensation comes from two major sources: state tuition support and general operating referenda. Certain federal grant funds may be used to pay teacher salaries. These grant funds are highly regulated by the federal government and must comply with grant requirements. The number of corporations using federal grant funds to supplement teacher salaries in 2022-2023 was 291.
- State tuition support is based on a formula determined by the General Assembly during the state budget cycle. The Indiana Department of Education calculates the state tuition support for each school and provides it in monthly installments. For more information, see IC 20-43.
- Most school corporations have the ability to ask taxpayers for a referendum, which can be used for a variety of purposes, including teacher salary, wages, and benefits. The number of corporations using property tax referenda to supplement teacher pay in 2022-2023 was 51.

What about the pay of other employees of the school?

- Salary and total compensation data of superintendents and full-time nonteaching district level administrators are also available in the Collective Bargaining Report. This includes only those employees working at the overall district or corporation level who hold an administrator license from the IDOE. It does not include building level principals, building level administrators, or non IDOE certificated central office staff. Superintendents and district level administrators are excluded from the bargaining unit and are not paid by the terms of the teacher collective bargaining agreement.

About this Report

Source & Accuracy:

The data in this report are self-reported by school employers. Its accuracy is not independently verified.

Timeframe:

This report focuses on the state fiscal year – July 1 to June 30 – also referred to as a school year. The Report opened on May 1, 2023, and closed on July 30, 2023, allowing school corporations to use actual paid data where possible.

What is Included

- Aggregate teacher salary, wages, and benefits data self-reported by bargaining school employers for the 2022-2023 school year.

- Historical aggregate teacher salary, wages, and benefits data self-reported by bargaining school employers for the 2019-20, 2020-21, 2021-22, and 2022-23 school years.

What is Not Included

- Information on private schools.
- Information on public school employers that do not bargain (charter schools and Muncie Community Schools).
- Data on employees who are not in the bargaining unit and are not 1.0 FTE teachers with the exception of the district level administrators and superintendents. Although the unit is locally determined, unit members must be certificated (a DOE license is required for the position), and cannot be a supervisory employee (e.g., principal), a confidential employee, or an employee performing security work (e.g., school resource officer). To review the composition of the bargaining unit for a particular school corporation, review its bargaining unit order in IEERBSearch.

Frequently Asked Questions

How can I compare teacher salary, wages, and benefits of school districts similar to my school district?

- Individual corporation collective bargaining reports include county and district type (e.g., rural, suburban, urban), so you can determine which school districts may be similar.

Is the statewide report available online, and can I sort statewide results by urban, suburban, and rural?

- The statewide report is available on Gateway and can be sorted according to rurality. Each corporation self-selects urban, suburban, or rural.

How do I find the pay for a particular teacher?

- The 100 R employee compensation report in Gateway. The report is based on the calendar year and includes more information than salary alone.

What if I believe there is an error in a corporation's report?

- Please contact IEERB and the corporation so any errors can be corrected.

Why don't you collect information on charter schools?

- Currently, no charter schools in Indiana have a teacher bargaining unit.

How does teacher compensation compare to administrator compensation?

- Pursuant to IC 20-29-3-15, IEERB began collecting salary and compensation data for district-level administrators and superintendents in 2020. The individual unit reports and the statewide report have these data available.

When will the data for the current school year be released?

Corporations submit the collective bargaining report data between May 1 and July 30. After reviewing and finalizing the data, IEERB will publish it by November 15.

What is Gateway?

- The Indiana Gateway for Government Units is a data collection and transparency portal supported by the State of Indiana and Indiana University.
- Gateway was originally designed and implemented by the Indiana Business Research Center (IBRC) at Indiana University and is supported by a collaboration of team members from the IBRC, Department of Local Government Finance (DLGF), State Board of Accounts (SBOA), Indiana Education Employment Relations Board (IEERB), and Indiana Gaming Commission (IGC).

Part II: 2023 Collective Bargaining Report

All 305 bargaining units reported data for this collection.

Teacher Days, Hours, Numbers, and School Type

This section provides general, non-compensation-related information on bargaining unit members.

- These are the number of days – and hours during those days – teachers are expected to be at school. It may or may not reflect the number of hours actually worked by teachers. Days and hours are not bargained.
- The data reported are for 1.0 FTE teachers; that is, teachers who teach a full day and a full school year.
- Corporations self-select the area type (e.g., rural, suburban, urban).

	Minimum	Maximum	Average	Mode
Teacher contract days	180	196	184	185
