Re: DHPA #22524 (OmniSource, located 1610 N. Calhoun Street, Ft. Wayne, IN)

Dear Ms. McCord:

At this time, US EPA believes that all the available documentation regarding the federal involvement, description of area including photographs, maps, and drawings have been reviewed. In addition, Indiana Finance Authority (IFA) and Indiana State Historic Preservation Officer (Indiana SHPO) have taken all the necessary steps to identify any potential historic properties. Pursuant to 36 C.F.R. Section 800.11(d), US EPA determines that a finding of no historic properties affected accurately reflects the assessment for the site.

If you have any questions, please do not hesitate to contact me at 312-886-6054 or by e-mail at green.ashley@epa.gov

Sincerely,

Ashley Green
