#	Question	Response
8	Regarding Exhibit A: RFQ Section Cross – Reference under (c) refers to “ <u>Part B, Section 3.3.3</u> ” which we are not able to find in the document.	See revisions to <u>Exhibit A</u> in Addendum #2 correcting the cross-reference.
9	The IFA has requested a Form CR-3 from all proposers whether they currently have an “Unlimited” prequalification or not. Form CR-3 is NOT a form which is filled out and submitted on a yearly basis by Contractors. We instead fill out the Form CR-1 when applying for the prequalification each year. When referencing INDOT’s site, under Form CR-3, it does not provide a form. Instead, it refers to Unearned Work which “INDOT may ask contractors to fill out the Form CR-3, Current Contractual Obligations, to show unearned work”. Rather than file a form CR-3, bidding Contractors fill out an affidavit which is a short form of this wherein we list the amount of current obligations. Will this short type of form be acceptable to the IFA if the Proposer possesses an “Unlimited” prequalification. If not, please provide a Form CR-3 as we cannot find such a form provided by INDOT.	See revisions to <u>Part B, Sections 3.4 and 3.5</u> . Form CR-3 is no longer required to be submitted. New <u>Form E</u> is now required.
