Section 1.0 PROCUREMENT OVERVIEW

1.1. Introduction

This Request for Proposals (“RFP”) is issued by the Indiana Finance Authority (“IFA”) in cooperation of and on behalf of the Kentucky-Indiana Joint Board (“JB”), which seek competitive proposals (individually, a “Proposal” and collectively, “Proposals”) for providing Collection Agency Services related to the tolling of the Louisville Southern-Indiana Ohio River Bridges (LSIORB) Project defined herein (the “Project”).

The Contract shall provide that the successful Proposer (“Collection Agency”, herein the “Contractor”) develop a Project which consists of supplying collection agency services for collecting past due debts placed Toll Services Provide 2 (“TSP2”) with the Contractor.

Proposers must comply with these Instructions to Proposers (“ITP”) during the procurement and in their respective Proposals. As used in this procurement, the term "Proposal" means a Proposer's complete response to this RFP, including General Information Proposal, Technical Proposal, Price Proposal, and any other Proposal forms and/or documents as requested in this ITP. Proposals shall also take the Project goals identified in Section 1.3.1 below into consideration.

1.1.1. Background

The on-going Louisville Southern Indiana Ohio River Bridges (“LSIORB”) project is a bi-state collaboration to increase cross-river mobility, improve safety, alleviate traffic congestion, and connect highways. The project included the construction of the Abraham Lincoln Bridge which carries northbound I-65 traffic, the rehabilitation of the Kennedy Bridge which carries southbound I-65 traffic, the reconfiguration of spaghetti junction in downtown Louisville, and the construction of the Lewis and Clark Bridge eight miles upstream from downtown Louisville which connects the Snyder Freeway and the Lee Hamilton Highway between Prospect, Kentucky, and Utica, Indiana. The I-65 bridges (the “Downtown Bridges”) and the Lewis and Clark Bridge (the “East End Bridge”) were all completed in December of 2016.

The LSIORB project also includes the implementation and on-going operations of an All-Electronic Tolling (“AET”) system on the bridges constructed and rehabilitated through the project. This toll system is referred to as RiverLink. Through the LSIORB Bi-State Development Agreement (the “BSDA”), the State of Indiana (“Indiana”) and the Commonwealth of Kentucky (“Kentucky” or “Commonwealth”) (collectively, the “States”) developed a JB and a Tolling Body, which includes transportation and finance leaders from the States. The Tolling Body is responsible for toll policy, including setting toll rates, and the JB provides oversight and management of the LSIORB project and RiverLink.

1.1.2. Procuring Agency and Stakeholders

The Joint Board (“JB”) is comprised of individuals from the IFA, Indiana Department of Transportation (“INDOT”), Kentucky Transportation Cabinet (“KYTC”) and Kentucky Public Transportation Infrastructure Authority (“KPTIA”) (individually, “States’ Party” and collectively, “States’ Parties”). The JB has authorized the IFA to procure Collection Agency Services through
The IFA is the procuring agency for the Project and is considered a body corporate and politic that is not a state agency, but an independent instrumentality exercising essential public functions. The IFA’s primary mission is to oversee state-related debt issuance and provide efficient, effective, financing solutions to facilitate state, local government, and business investments in Indiana. INDOT is the entity responsible for planning and development of the transportation system in Indiana.

KPTIA is an independent, de jure municipal corporation and political subdivision of Kentucky and has authority to participate in the construction, operation, financing, and oversight of significant transportation projects within the Commonwealth and between the Commonwealth and any state adjoining the Commonwealth and to review, approve, and monitor all such projects and to assist with the operation, financing, and management thereof. KYTC is the entity responsible for planning and development of the transportation system in the Commonwealth.

1.2. Existing RiverLink System

RiverLink is currently operated and maintained via a Toll Services Agreement with Kapsch TrafficCom IVHS Inc. (“Toll Services Provider 1”, herein “TSP1”). RiverLink’s Customer Service Center and Back Office System (“BOS”), currently provided by TSP1 will be transitioned to and provided by Electronic Transactions Consultants (“Toll Services Provider 2”, herein “TSP2”), beginning in 2023, via a separate Toll Services Agreement.

TSP2’s proposed RiverLink system uses multiprotocol Automatic Vehicle Identification (“AVI”) readers for toll collection purposes. Once Transactions are formed (TBT or IBT) and recorded by the roadside system, toll rates are assigned by the BOS to the Transaction based on axle and height classification as shown below.

![Classification and Vehicle Description Diagram]
The TSP2 Toll collection system will consist of Transponder Based Transactions (TBTs) and Image-Based Transactions (IBTs) from ORB facilities that can be posted to RiverLink Customer Accounts or Unregistered Video Accounts. Unpaid IBTs from and TBTs on ORB facilities will result in a Monthly Bill. More information is detailed in the Form K. Scope of Work.
1.3. Project Goals and Description of Collection Agency Obligations

The overall goal of this Project is for the Contractor to attempt to successfully collect past due debts on behalf of the JBR. The Contractor, as representative of the JBR, shall accept the Placement of all ORB outstanding debt assigned by the TSP2 Toll Collection System.

In addition, the Contractor shall utilize TSP2’s system to manage the collection of placements, including creating past due debts, create and/or updating Payment Plans and making adjustments on Placed Transactions.

1.3.1. Project Goals

The overall goals of the Project include:

- to implement, test and maintain a complete and fully functional ICD that supports all RiverLink Collection Services goals and Requirements;
- to follow professional standards in accordance with the Federal Debt Protection Practices Act (FDCPA) rules and other applicable laws or regulations; and
- to minimize risks and increase revenue collected Back Office System without disruption or visible negative impact to Customers and Stakeholders.

Section 3.0 PROPOSAL EVALUATION

3.1. Organization of the Evaluation Committees

Evaluation of Proposals will be conducted by a Technical Proposal Evaluation Committee (“TPEC”) and a Price Proposal Evaluation Committee (“PPEC”), collectively referred to as the Proposal Evaluation Committee (“PEC”). These committees will be comprised of the JB Representatives (“JBR”) and other state employees with assistance from subcommittees as needed.

The subcommittees will be comprised of representatives from advisors (including outside consultants) and other qualified individuals. The primary responsibility of these advisors will be to assist the PEC in making an educated and informed assessment of the individual strengths and weaknesses of the Proposals. All evaluators, outside consultants, and observers will be required to sign confidentiality statements and conflict of interest disclosures that will be subject to the IFA confidentiality restrictions and conflict of interest control requirements. The IFA and JB reserve the right to omit any planned evaluation step, if, in their sole discretion, the step is not needed. The PEC may reasonably interpret and make logical inferences with respect to submitted Proposals to facilitate the evaluation process.

3.2. Phases of Scoring

The Proposal evaluation process will include a qualitative evaluation of the Technical Proposal, an evaluation of the Price Proposal, and a best value determination. The steps in the process and evaluation criteria are set forth in this Section 3.0. The evaluation and selection process are subject to modification by the JB, in its sole discretion. There will be three (3) phases to the Proposal evaluation as follows:

- Phase I: Pass/Fail Evaluation
- Phase II: Initial Evaluations and Proposers Short List Determination
- Phase III: Interviews, BAFOs, Final Evaluation/Final Total Proposal Score and Final Selection

3.3. Phase I: Pass/Fail Evaluation

3.3.1. Pass/Fail Completeness and Responsiveness

Upon receipt of the Proposals, the IFA Authorized Representative will perform a preliminary review for general completeness and responsiveness. Failure to adhere to the Instructions to Proposers will result in failure to progress to further evaluations. The IFA Authorized Representative will review Proposals to verify that all required documents and forms are properly completed and signed as required by the RFP.

In the event that a Proposal contains information that may potentially result in a “fail” determination, the JBR may request additional or clarifying information from the Proposer prior to a final pass/fail determination. Those Proposals not responsive to this RFP, or that do not pass
the pass/fail criteria, may be excluded from further consideration, and the Proposer will be so advised.

3.3.2. Pass/Fail Financial Stability

For Proposals that pass the Pass/Fail Completeness and Responsiveness evaluation, the PEC Authorized Representative will perform a Pass/Fail Financial Stability evaluation. This financial stability evaluation will include researching the Proposer’s credit history, review of Proposer’s financial statements, verification of bank information and assessment of how leveraged the Proposer is. In the event that a Proposal contains information that may potentially result in a “fail” determination, the JBR may request additional or clarifying information from the Proposer prior to a final pass/fail determination. Those Proposals that do not pass the Financial Stability evaluation may be excluded from further consideration, and the Proposer will be so advised.

3.4. Phase II: Initial Evaluations

3.4.1. Technical Evaluation

After completion of, or concurrently with, the Pass/Fail evaluations, the TPEC will evaluate the Technical Proposals based on the factors set forth in Section 3.7.1 and develop an initial technical score for each Proposal.

3.4.2. Price Evaluation

After completion of, or concurrently with, the Pass/Fail evaluations, the PPEC will review Price Proposals pursuant to Section 3.7.2 and develop an initial price score for each proposal.

3.4.3. Total Proposal Score

After completion of the initial evaluation of both the Technical and Price Proposals, the PEC will develop an initial Total Proposal Score for each Proposer by adding the respective Technical Proposal score described in Section 3.7.1 to the respective Price Proposal score described in Section 3.7.2.

3.4.4. Proposer Short List

Following the completion of the Total Proposal Score for each Proposer, the short list will be determined by the PEC. The number of Proposers on the short list will be dependent on the number of qualified Proposals received.

3.5. Phase III: Final Selection

3.5.1. Interviews

Proposers on the short list will be invited to participate in an interview. Additional details on the interviews will be provided with the short list selection notification and interview invitation.
3.5.2. Best and Final Offer

After the interviews, the short-listed Proposers will be asked to develop and submit a final Price Proposal that represents the Proposer’s Best and Final Offer (“BAFO”) for the Project. The content and format of the final Price Proposal shall be consistent with the instructions provided in Exhibit C.

3.5.3. Final Total Proposal Score

After completion of the interviews and receipt of BAFOs, the TPEC may adjust the technical scores for the PEC will perform a final evaluation and to develop a final Total Proposal Score for each Proposer on the short list based on the factors set in Section 3.7. In developing the final Total Proposal Score, the PEC will consider the Proposer’s Proposal, interview and BAFO.

3.5.4. Final Selection

Following the final evaluation, the PEC will select the Proposer with the highest resulting score as the selected and Preferred Proposer.

3.6. Requests for Clarification and/or Revisions

The IFA, on behalf of the JB, may, at any time, issue requests for clarification to the individual Proposers requesting additional information or clarification from a Proposer may request a Proposer to verify or certify certain aspects of its Proposal, and/or prior to award and execution of the Agreement, may determine that it is appropriate to request changes to the Proposals.

3.6.1. Requests for Clarification

Proposers shall respond to any such request for clarification within three (3) Business Days from receipt of the request or within such other time as is specified by the JB. The scope, length, and topics to be addressed in clarifications shall be prescribed by, and subject to, the sole discretion of the JB.

Upon receipt of requested clarifications and additional information as described above, if any, the Proposals may be re-evaluated to factor in the clarifications and additional information.

3.6.2. Requests for Proposal Revisions

The request for Proposal revisions will identify any revisions to the RFP and will specify terms and conditions applicable to the Proposal revisions, including identifying a time and date for delivery. In the event that any Proposal revision is requested, then the term “Proposal,” as used in the RFP Documents, shall mean the original Proposal as modified by the Proposal revision. Upon receipt of any Proposal revision, the PEC will re-evaluate the Proposals as revised, and will revise scoring, as appropriate, following the process described above.

3.7. Best Value Determination

The best value determination will be based on a final Total Proposal Score using a 1,000-point scale.
The determination of the highest ranked Proposal shall be based on the highest final Total Proposal Score computed as follows:

\[
\text{final Total Proposal Score (maximum 1,000 points) = Price Proposal score (maximum 350 points) + Technical Proposal score (maximum 650 points)}
\]

### 3.7.1. Technical Scoring

The Technical Proposal score will be based on the following scoring elements:

<table>
<thead>
<tr>
<th>Scoring Criteria</th>
<th>Max. Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Qualifications &amp; Experience</td>
<td>200</td>
</tr>
<tr>
<td>Overall Approach</td>
<td>400</td>
</tr>
<tr>
<td>Key Personnel</td>
<td>50</td>
</tr>
<tr>
<td><strong>Grand Total</strong></td>
<td><strong>650</strong></td>
</tr>
</tbody>
</table>

### 3.7.2. Price Scoring

The Price Proposal Evaluation Committee (“PPEC”) will score the Price Proposal in accordance with the following formula:

- If Proposer’s Contract Price is less than or equal to the Median Contract Price submitted by responsive Proposers, then:
  \[
  \text{Price Proposal score} = 350 \text{ points}
  \]

- If Proposer’s Contract Price is greater than the Median Contract Price submitted by responsive Proposers, then:
  \[
  \text{Price Proposal score} = (\text{Median Contract Price submitted by responsive Proposers} \times 350 \text{ points})
  \]
  \[
  \text{Proposer’s Contract Price}
  \]

Proposer’s Contract Price will be calculated as the sum of the following price elements from Form G:

- Initial Costs:
  - Mobilization:
  - Planning
  - Approved System Integration Test Plan & Report
  - System Acceptance
- Operations & Maintenance (O&M) Costs
Collections costs. Note that the PPEC will use the same quantity estimates to calculate collections costs for all Proposers.

Price Proposals shall be balanced across cost elements and milestones. If the PPEC, in its sole discretion, determines that the Price Proposal for the preferred Proposer is not balanced, the allocation payments among the Payment Milestones shall be subject to negotiation pursuant to Volume 2.
Section 4.0 POST-SELECTION AND AWARD

4.1. Preferred Proposer Notification

After the PEC develops the final Total Proposal Scores, the JB may:

- (i) notify the Proposer with the highest Final Total Proposal Score that it has been identified as the Preferred Proposer and that the JBR and the IFA, on behalf of the JB, intend to commence negotiations with the Preferred Proposer to finalize the Contract Documents; (ii) with the approval of the JB, require Proposal revisions pursuant to Section 3.5.2, (iii) reject the recommendation and cancel the procurement, or (iv) request reconsideration of the PEC’s recommendation for the preferred proposer; and

- if clause (i) above applies, notify the other Proposers that the IFA has identified, and will commence negotiations with the Preferred Proposer to attempt to finalize the Contract Documents.

- if clause (i) above applies, further notify the other Proposers that in the event the negotiations with the Preferred Proposer are not successful, IFA, on behalf of the JB, may suspend or cease such negotiations with the Preferred Proposer and commence negotiations with the Proposer who had the next highest Final Total Proposal Score or terminate the procurement process.

4.2. Negotiation and Finalization of the Contract and Contract Documents

If the IFA, on behalf of the JB, has chosen to enter into negotiations with the Preferred Proposer as described in Section 4.1, the JBR will commence such negotiations and finalization of the Contract Documents.

After notification by the Public Finance Director pursuant to Section 4.1, the JBR will proceed with the Preferred Proposer to finalize the Contract Documents. The JBR may elect to negotiate various aspects of the Contract Documents with the Preferred Proposer, including aspects of the Proposal that will be incorporated into the Contract Documents; however, any decision to commence negotiations regarding the terms of the Contract Documents is at the JBR’s sole discretion.

By submitting its Proposal, each Proposer commits to: (i) discuss the terms of the Contract with the IFA in good faith and in accordance with the requirements of the RFP, (ii) enter into the Contract and satisfy all other conditions to award the Contract; and (iii) perform its obligations as set forth in the Contract. While the JB is willing to consider any detailed comments submitted by the Preferred Proposer as part of the negotiation process, the JB will not materially modify the scope of the Project or modify material risk allocations, liability limits, or major commercial and legal terms, rights, and remedies during the negotiation and finalization of the Contract process. The JB’s anticipation is that the negotiations shall address (i) the costs, unit costs, and rates contained in Form G, (ii) the balancing of the Price Proposal; (iii) minor scope clarifications and refinements and; (vi) any requested exceptions within Form O agreed to by the JB. None of the foregoing negotiations shall entitle the Preferred Proposer to increase its Contract Price.
If a Contract satisfactory to the IFA, on behalf of the JB, in its sole discretion, cannot be negotiated with the Preferred Proposer, the IFA, on behalf of the JB, may formally suspend or end negotiations with that Preferred Proposer. Further action may be taken including (a) rejection of all Proposals or (b) proceeding to the next most highly ranked Proposal to attempt to negotiate a Contract with the next most highly ranked Proposer.

4.3. Review of Post-Selection Deliverables

4.3.1. Documents to be Submitted Following Notification of Preferred Proposer

As a condition precedent to award the Contract, the Preferred Proposer shall deliver the following (collectively, the “Post-Selection Deliverables”) to the IFA within five (5) business days after notification pursuant to Section 3.5.4 that it is the Preferred Proposer, unless otherwise noted:

(a) Evidence of Preferred Proposer’s (and all Major Subcontractors) qualification to do business in the State of Indiana and Commonwealth of Kentucky, dated no earlier than thirty (30) days prior to the anticipated date of commercial close. Depending on the form of organization, such evidence may be in the form of (i) Certificates of Authority to do business in the State and in the Commonwealth along with a “certificate of good standing” (or equivalent) from the state of organization of the Preferred Proposer or Major Subcontractor; (ii) a Certificate of Existence from the Indiana Secretary of State; or (iii) other evidence acceptable to the JB, in its sole discretion. Each such Preferred Proposers or Major Subcontractor shall also provide a valid Indiana and Kentucky business license;

(b) Drafts of the deliverables identified in Section 4.5.1 for pre-approval by the JB; and

(c) A redacted copy of its Proposal to the IFA no later than three (3) Business days after notification pursuant to Section 4.1 that it is the Preferred Proposer, with redactions limited to only those portions of the Proposal that fall under a specific exemption of the Public Records Act. The Preferred Proposer shall be required to submit, for the JB’s review and approval, documentation identifying the specific exemption asserted and such other information requested by the IFA in order for the IFA to assess the eligibility of such portions of the Proposal for exemption from publication. Failure of the Preferred Proposer to submit a redacted form of its Proposal to the IFA no later than three (3) business days after notification that it is the Preferred Proposer constitutes consent by the Proposer to, and a waiver of any right to contest, disclosure by the IFA of the Preferred Proposer’s Proposal in its entirety, without redaction, in response to a request submitted under the Public Records Act. Notwithstanding any proposed redactions and/or claims of exemption asserted by the Preferred Proposer, the IFA shall have sole discretion to determine the applicability of any exemptions under the Public Records Act and of the contents to be disclosed in response to a request thereunder. As between the Preferred Proposer and a third party requesting disclosure under the Public Records Act (as opposed to between the Preferred Proposer and the JB and the IFA exercising their discretion pursuant to this ITP), this Section 4.3.1(c) shall not constitute a waiver of the Preferred Proposer’s rights under the Public Records Act.
4.3.2. IFA Comment on Post-Selection Deliverables

The JBR shall provide comments on any Post-Selection Deliverable required to be delivered to the IFA for review and approval hereunder, within four (4) Business Days after the date of the IFA’s receipt of such deliverable. The JB shall have four (4) Business Days to review and respond to subsequent submittals of the deliverable.

4.4. Deadline for Execution of Contract and Other Execution Documents

If a Proposer is selected as the Preferred Proposer for negotiations or execution of the Contract, then that Proposer shall be required to, on or before the date specified in Section 1.5.1 for Contract execution, deliver to the IFA executed copies of the Contract and the documents required under Section 4.5.1.

The JB may, in its sole discretion, extend the deadline for Contract execution by written notice to the Preferred Proposer, but may not extend the date of commercial close beyond the one hundred and eighty (180)-day Proposal validity period without mutual agreement by the Preferred Proposer.

4.5. Final Award, Execution and Delivery of Contract Documents

The following are conditions precedent to final award of the Contract:

- Successful negotiation of the Contract;
- Receipt by the IFA of all the documents required to be provided prior to execution of the Contract under Section 4.5.1; and
- Any other conditions to award set forth in the ITP or required by the Act.

If negotiations pursuant to Section 3.5.4 are successfully concluded and result in a final form of the Contract satisfactory to the JB, in its sole discretion, then the IFA Board and the JB shall each convene a meeting to consider adoption of a resolution selecting the Preferred Proposer as the Contractor under the Contract Documents and approving execution of such Contract Documents. Prior to the meetings of the IFA Board and the JB, the IFA, on behalf of the JB, may deliver four (4) sets of execution copies of the Contract and other documents to be executed in connection therewith (“Execution Documents”) to the Preferred Proposer along with the number of sets of execution copies of the Execution Documents reasonably requested by the Preferred Proposer. The Preferred Proposer shall obtain all required signatures and deliver all the execution sets of the Execution Documents to the IFA within two (2) Business Days after receipt, together with the required documents described in Section 4.5.1. If the Collections Agency is a joint venture or a partnership, the Contract shall be executed by all joint venture members or general partners, as applicable.

Upon the IFA’s receipt of the Execution Documents (together with the required documents described in Section 4.5.1) and satisfaction of all conditions precedent to award and execution set forth in Section 3.6 and Section 4.5.1 and under applicable Law, the IFA, in its discretion and on behalf of the JB, may execute the Execution Documents. Unless extended pursuant to Section
1.5.1, final award and commercial close shall be deemed to have occurred as of the date of execution by the IFA of the Other Execution Documents.

The IFA, with the consent of the JB, at its sole option and within the exercise of its sole discretion, may elect to move forward with execution of the Execution Documents or may terminate the procurement at no cost or penalty. In no event, may the IFA delay execution of the Execution Documents beyond the 180-day Proposal validity period without the mutual agreement by the Preferred Proposer.

4.5.1. Documents to Be Delivered by Proposer with Executed Contract

The Preferred Proposer shall deliver to the IFA the documents listed below concurrently with the executed sets of the Execution Documents as a condition to execution of the Contract by the IFA, on behalf of the JB:

- A copy of the executed organizational documents for the Collection Agency, if not previously submitted or revised since submission. In addition, if the Collection Agency is a limited liability company, partnership or joint venture, the Preferred Proposer shall provide the articles of incorporation/certificate of formation/partnership agreement or registration for each member or partner of the Collection Agency. The executed form of the organizational documents for the Collection Agency may not differ substantially or materially from the draft organizational documents or indicative term sheets included with the Proposal;

- Evidence of approval of the final form of the Contract Documents, and of due authorization, execution, delivery, and performance of the Contract Documents, by the Collection Agency. Such evidence shall be in form and substance reasonably satisfactory to the JB. If the Collection Agency is a corporation, such evidence shall be in the form of a resolution of its governing body certified by an appropriate officer of the corporation. If the Collection Agency is a partnership, such evidence shall be in the form of a resolution signed by the general partners and appropriate evidence of authorization for each of the general partners, in each case, certified by an appropriate officer of the general partner. If the Collection Agency is a limited liability company, such evidence shall be in the form of (1) a resolution of the governing body of the limited liability company, certified by an appropriate officer of the company, (2) a managing member(s) resolution, certified by an appropriate officer of the managing member(s), or (3) if there is no managing member, a resolution from each member, certified by an appropriate officer of such member. If the Collection Agency is a joint venture, such evidence shall be in the form of a resolution of each joint venture member, certified by an appropriate officer of such joint venture member. If the form used for authorization is other than a resolution, as described above, the Preferred Proposer shall provide such other authorization document as is acceptable to the JB, in its sole discretion;

- A letter from an Eligible Surety, signed by an Proposer Authorized Representative as evidenced by a current certified power of attorney, committing to provide a Performance Bond as described in Section 7 of the Contract, and a Payment Bond as described in Section 7 of the Contract and in form compliant with the requirements of this Section 4.5.1(c) and otherwise reasonably acceptable to the JB, in an amount equal to 100% of the Initial Costs. The commitment letter may include no conditions, qualifications, or reservations for underwriting
or otherwise, except for a statement that the commitment is subject to award and execution of the Contract and issuance of the NTP thereunder; however, the Surety may reserve in its letter the right to reasonably approve any material adverse changes made to the Contract or the Technical Requirements following the date of the letter, but excluding any changes or information reflected in the Proposal, such as Proposer commitments;

- If security for or a guaranty of the Proposer's obligations under the Contract is required by the JB pursuant to Exhibit A, guarantees from Guarantor(s), with such modifications approved by the JB, in its sole discretion;

- Certificates of insurance policies evidencing proof of insurance coverages as required by the Contract, or written evidence from an insurance company(ies), broker(s) or agent(s) that such company(ies), broker(s) or agent(s) will place all such insurance coverages for the Preferred Proposer (should they become the Collection Agency). For the on-site project- specific coverages, the signatories must indicate expressly that they have read the Contract and insurance requirements set forth therein and that the entities required to obtain insurance under the Contract have the capability of obtaining such insurance in the coverages and under the conditions listed in the Contract; and

- Any other requirements reasonably determined by the IFA during pre-award negotiations.

4.6. Debriefings

All Proposers submitting Proposals will be notified in writing of the results of the evaluation process. Proposers not selected for award may request a debriefing. Debriefings shall be provided at the earliest feasible time after execution of the Contract Documents, as determined by the JB, in its sole discretion. The debriefing shall be conducted in Indianapolis and by a procurement official familiar with the rationale for the selection decision and Contract award.

Debriefings shall:

- Be limited to discussion of the unsuccessful Proposer's Proposal and may not include specific discussion of a competing Proposal;

- Be factual and consistent with the evaluation of the unsuccessful Proposer's Proposal; and

- Provide information on areas in which the unsuccessful Proposer's Proposal had weaknesses or deficiencies.

Debriefing may not include discussion or dissemination of the thoughts, notes, or rankings of individual members of the PEC, but may include a summary of the rationale for the selection decision and Contract award.
Section 5.0 SUPPLEMENTAL PROVISIONS

5.1. General Information

The RFP will be issued and made available to Proposers in electronic format on the secure file transfer site for the Project, located at the website.

5.1.1. RFP Documents

The Reference Information Documents (which can be found in Volume III of this RFP. Volume III is provided for the purpose of providing general information to Proposers. The IFA and JB shall not be responsible or liable in any respect for any causes of action, suits, judgments, claims, expenses, damages, or losses whatsoever suffered by any Proposer by reason of (a) any use, in connection with participation in this procurement, of information, contained in the Reference Information Documents or (b) any action or forbearance in reliance on the Reference Information Documents.

5.1.2. Procurement Method

This RFP is issued pursuant to Indiana Code 5-1.2-4, et seq., as amended, Indiana Code 8-15.5 et seq., as amended, and other applicable provisions of Indiana and federal Law. The Commonwealth’s participation is authorized by KRS 45A.300 et seq. The JB will award the Contract (if at all) to the responsive Proposer offering a Proposal meeting the standards set by the JB and which is determined by the JB, through evaluation based upon the criteria set forth in the applicable law and this RFP, to provide the best value to the JB and to be in the best interest of the State and the Commonwealth.

The JB will not review or consider multiple or alternative proposals.

5.1.3. Guiding Principles

5.1.3.1. Rules of Contact

From and after the date of issuance of this RFP and ending on the earliest of (i) the execution and delivery of the Agreement, (ii) rejection of all Proposals by the JB, or (iii) cancellation of the RFP, the following rules of contact shall apply. These rules are designed to promote a fair and unbiased procurement process. Contact includes face-to-face, telephone, facsimile, electronic-mail (e-mail), other electronic means (SMS), or formal written communication.

The specific rules of contact are as follows:

- No Proposer nor any of its team members may communicate with another Proposer or its team members through its employees, agents, or representatives with regard to the RFP or either team’s Proposal, except that (i) Subcontractors that are shared between two or more Proposer teams may communicate with their respective team members so long as those Proposers establish a protocol to ensure that the Subcontractor will not act as a conduit of information between the teams, and (ii) this prohibition does not apply to public discussions regarding the RFP at any of the IFA sponsored informational meetings.
• Each Proposer shall designate one (1) representative responsible for contacts with the IFA and the JB and shall correspond with the IFA and the JB regarding the RFP only through the JB’s Authorized Representative and the Proposer Authorized Representative.

• No Proposer or representative thereof, nor any of its team members or representatives thereof, through either of their respective employees, agents, or representatives shall have any ex parte communications regarding the RFP or the procurement described herein with any member of the JB, or any States’ Party, or with any IFA, JB, or any States’ Party’s board, staff, advisors, contractors, counsel, or consultants involved with the procurement, except for communications expressly permitted by the RFP or except as approved in advance by the Authorized Representative or the Public Finance Director, in his or her sole discretion. The foregoing restriction shall not, however, preclude or restrict communications with regard to matters unrelated to the RFP or participation in public meetings of the Board or any public or Proposer workshop related to the RFP. Any Proposer engaging in such prohibited communications may be disqualified at the sole discretion of the JB.

• Proposers and their team members shall not directly contact the following identified stakeholders (the “Stakeholders”) regarding the Project, including employees, representatives and members of the entities listed below, it being the intent of the JB that the IFA provide any necessary coordination during the RFP stage with such entities in order that, among other things, the procurement be implemented in a fair, competitive, and transparent manner and with uniform information:
  o Kapsch TrafficCom IVHS Inc., in its capacity as TSP1, and any of its Major Subcontractors;
  o Electronic Transaction Consultants (ETC), in its capacity as TSP2, and any of its Major Subcontractors;
  o HNTB Corporation, in its capacity as Toll Services Advisor;
  o Strothman and Company, in its capacity as Revenue Control Manager; and
  o C2 Strategic Communications, in its role as communications advisor.

Information requests concerning these entities should be sent to the JB’s Authorized Representative, who, in the sole discretion of the IFA, on behalf of the JB, may arrange for a general meeting between one or more of these entities and the Proposers. Such meetings will be open to all Proposers and will not include discussion of any confidential matters. Following any such general meeting, the IFA, on behalf of the JB, may allow individual meetings between a Proposer and such entity(ies); provided; however; that such Proposer notifies the IFA in writing of any planned meeting in advance and sends the IFA an agenda for such meeting. In such event, the IFA and the JB reserve the right, in their sole discretion, but without obligation, to send a representative to such meeting.

• Any communications determined by the JB, in its sole discretion, to be improper may result in disqualification. “Improper” as used herein means detrimental or prejudicial to the integrity of the procurement.

• Any official information regarding the Project will be in writing, on the IFA letterhead, and signed by the JB’s Authorized Representative or designee.
• Neither the IFA, the States’ Parties, nor the JB will be responsible for any oral exchange or any other information or exchange that occurs outside the official process specified in this Section 5.1.3.

The Proposer shall note that no correspondence or information from the IFA, the JB, anyone representing the IFA, the JB regarding the RFP, or the procurement process in general shall have any effect unless it is in compliance with this Section 5.1.3.1.

5.1.3.2. Organizational Conflicts of Interest

Any Person under contract with the IFA, the JB, or any other States’ Party to prepare procurement documents for the Project will not be allowed to participate in any capacity on a Proposer team. Any Person previously under contract with the IFA, the JB, or any other States’ Party to prepare preliminary plans, planning reports or other project development products for the Project may be able to participate on a Proposer team if such Persons first submit a written request for a determination of no conflict from the IFA and receive written confirmation that they may participate, or conditionally participate on a Proposer team (and, in the case of any confirmation of conditional participation, subject to observation of any or all such condition(s)).

Additional exceptions to this policy may be granted by the JB upon written notification within Form O from such Person, if it is determined that the Person’s involvement is in the best interest of the public and does not constitute an unfair advantage. Proposer teams seeking such exception shall submit such written request as soon as possible because the JB does not intend to extend the Proposal due date. Notwithstanding the preceding sentence, neither the IFA nor the JB is responsible for any inability or failure to respond prior to the Proposal due date to any such request.

In addition to the foregoing, the organizational conflict of interest rules found in 23 CFR § 636, Subpart A, including 23 CFR § 636.116, also apply to this procurement. 23 CFR § 636.103 defines an “organizational conflict of interest” as follows:

“Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the owner, or the person’s objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.”

(“Owner” thereunder means the JB, the IFA and the other States’ Parties)

The Proposer, on behalf of itself and its team, and each of Proposer’s Equity Members, Major Subcontractors and other Subcontractors identified as of the Proposal due date shall provide information concerning organizational conflicts of interest and disclose all relevant facts concerning any past, present, or currently planned interests which may present an organizational conflict of interest. The Proposer, on behalf of itself and its team, and each of Proposer’s Equity Members, Major Subcontractors, and other identified Subcontractors, shall state how its interests or those of any of its team members, consultants, contractors, or subcontractors, including the interests of any chief executives, directors or key personnel thereof, may result in, or could be viewed as, an organizational conflict of interest.
Proposer is prohibited from teaming with, receiving any advice or discussing any aspect relating to the Project or the procurement of the Project with any Person with an organizational conflict of interest, including, but not limited to:

- KPMG LLP;
- HNTB Corporation;
- Electronic Transaction Consultants (ETC);
- C2 Strategic Communications;
- Ice Miller LLP;
- Dentons Bingham Greenebaum LLP;
- Wilson, Sparling & Associates;
- Strothman and Company;
- PFM Financial Advisors, LLC.;
- Steer Davies & Gleave;
- Wyatt Tarrant and Combs, LLC; and
- Affiliates (meaning includes parent companies, subsidiary companies, principals, persons under common ownership, joint venture members and partners, and other financially liable parties for a Person) of any of the above.

Such Persons are also prohibited from participating on a Proposer team as an Equity Member, Major Subcontractor, Subcontractor, consultant or subconsultant.

By submitting its response to this RFP, each Proposer, on behalf of itself and its team, and each of Proposer’s Equity Members, Major Subcontractors and other identified Subcontractors agree that, if an organizational conflict of interest is thereafter discovered, the applicable entity must make an immediate and full written disclosure to the IFA and the JB that includes a description of the action that such entity has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest about which such entity knew, or should have known, but failed to disclose is determined to exist during the procurement process, the JB may, in its sole discretion, disqualify the Proposer or any such entity. If an organizational conflict of interest about which such entity knew, or should have known, but failed to disclose exists and the Proposer has entered into the Contract as the Collection Agency, the JB may, at its sole discretion, terminate the Contract. In either case, the IFA and the JB reserve all rights and remedies.

Proposers and such other entities are also advised that the guidelines in this RFP are intended to augment applicable federal and state Law, including federal organizational conflict of interest laws. Such applicable Law will also apply to Proposer and such other entities and teaming and may preclude certain Persons from participating on a Proposer team.
5.1.4. Acceptable Contact

5.1.4.1. Questions and Responses Regarding the RFP

Proposers shall be responsible for reviewing the RFP and any Addenda issued by the IFA prior to the Proposal due date, and for requesting written clarification or interpretation of any perceived discrepancy, deficiency, ambiguity, error, or omission contained therein, or of any provision which the Proposer fails to understand. Failure of the Proposer to request such clarification(s) or interpretations and to so examine and inform itself shall be at its sole risk, and no relief for perceived discrepancy, deficiency, ambiguity, error, or omission contained therein will be provided by the JB. Proposers shall submit requests for written clarification in accordance with this Section 5.1.4.1. The IFA, on behalf of the JB, reserves the right not to respond to any such clarification requests received after the last date for Proposer submittal of questions regarding the RFP using Form M, as set forth in this Section 5.1.4.1. To the extent responses are provided, they will not be considered part of the Contract Documents, nor will they be relevant in interpreting the Contract Documents, except as expressly set forth in the Contract Documents.

The IFA will only consider comments and questions regarding the RFP, including requests for clarification and requests to correct errors, if submitted by a Proposer to the Authorized Representative, by electronic transmission in the prescribed format.

Such comments and questions may be submitted at any time prior to the applicable date specified in Section 1.5.1 or such later date as may be specified in any Addendum and shall: (i) be submitted electronically in writing in Microsoft Word format, using the form set forth in Form M; (ii) be sequentially numbered; (iii) identify the document (e.g., the Contract, Technical Requirements, etc.); (iv) identify the relevant section number and page number or, if it is a general question, indicate so; and (v) not identify the Proposer’s identity in the body of the question or contain confidential information.

Proposers will be limited to one-hundred-and-fifty (150) comments/questions in the aggregate for the RFP (inclusive of the ITP and the Contract), with a new limit applying to each Addenda; provided, however, that the foregoing limitation shall not apply to the Technical Requirements. If a question has more than one subpart, each subpart will be considered a separate question. Questions relating to the Technical Requirements, corrections of typographical errors, incorrect cross references, or inconsistencies within or among the RFP Documents will be excluded from the one hundred and fifty (150) question limitation. Notwithstanding this paragraph, the IFA and the JB may, in its sole discretion, change the maximum number of comments/questions for future RFP versions by Addendum.

The questions and responses by the IFA on behalf of the JB will be in writing and will be delivered to all Proposers, except that the IFA intends to respond individually to those questions identified by a Proposer or deemed by the IFA as containing confidential information. If a Proposer believes a question contains confidential information (including that the question itself is confidential), it may mark such question as “confidential.” The IFA reserves the right to disagree with Proposer’s assessment as to the confidentiality of information in the interest of maintaining a fair process or complying with applicable laws. Under such circumstances, the IFA will inform the Proposer and may allow the Proposer, within a time period set by the IFA, to withdraw the question, rephrase
the question, have the question answered non-confidentially or, if the IFA determines that it is appropriate to provide a general response, the IFA will modify the question to remove information that the IFA determines is confidential. If a Proposer fails to respond to the IFA within the time period set by the IFA, such failure shall be deemed Proposer’s consent to the IFA’s answering the question non-confidentially. The IFA may rephrase questions as it deems appropriate and may consolidate similar questions. The IFA may also create and answer questions independent of the Proposers. The IFA, on behalf of the JB, contemplates issuing multiple sets of responses at different times during the procurement process. Except for responses to questions relating to the issuance of Addenda to the RFP, the last set of responses will be issued no later than the date specified in Section 1.5.1. A consolidated, final set of questions and answers will be compiled and delivered to the successful Proposer prior to award.

5.1.4.2. Questions and Responses Regarding the Addenda

The JB reserves the right, in its sole discretion, to revise, modify or change the RFP and/or procurement process at any time before the Proposal due date (or, if Proposal revisions are requested, prior to the due date for Proposal revisions). Any such revisions will be implemented through issuance of Addenda to the RFP. Addenda will be posted on the website, and Proposers will be notified of the issuance of such Addenda. If any Addendum significantly impacts this RFP, as determined in the JB’s sole discretion, the JB may change the Proposal due date. The announcement of such new date will be included in the Addendum. In addition, if the last date for the Proposer to submit questions regarding the RFP has occurred or has changed, the Addendum will indicate the latest date for submittal of any clarification requests concerning the Addendum.

Each Proposer shall acknowledge in its Proposal Letter (see Form A) receipt of all Addenda and question and answer postings. Failure to acknowledge such receipt may cause a Proposal to be deemed non-responsive and be rejected. The IFA, on behalf of the JB, reserves the right to hold group meetings with Proposers and/or one-on-one meetings with each Proposer to discuss any Addenda or response to requests for clarifications. The IFA does not anticipate issuing any Addenda later than five (5) Business Days prior to the Proposal due date. However, if the need arises, the IFA, on behalf of the JB, reserves the right to issue Addenda after such date. If the IFA finds it necessary to issue an Addendum after such date, then any relevant processes or response times necessitated by the Addendum will be set forth in a cover letter to that specific Addendum, including any extension to the Proposal due date determined necessary by the JB, in its sole discretion.

5.1.4.3. Informational Meetings

The IFA, on behalf of the JB, may hold informational meetings at any time prior to the Proposal due date. Informational meetings may be held either in-person or by telephone or other electronic means. If held other than in-person, the meeting will permit interactive communication between all Proposers and the IFA. The IFA will provide written notice of any such informational meetings to all Proposers. If the meeting is conducted by telephonic or electronic means, the notice will inform Proposers of the manner of the meeting.
If the informational meetings are determined to be a mandatory part of the procurement process, each Proposer shall attend with appropriate members of its proposed key management personnel.

5.1.5. Confidentiality

Pursuant to the Public Records Act, with certain specified exceptions, the records related to this procurement, including the Proposals, evaluation and selection procedures, and the records created during the discussion, negotiations, evaluation, and selection process will remain confidential records. Pursuant to IC 5-14-3-4(b)(5), the IFA may not disclose the contents of Proposals during discussions or the substance of negotiations with Proposers to other Proposers. Following the preliminary selection of the Preferred Proposer as the Contractor by the IFA, on behalf of the JB, the Preferred Proposer’s Proposal shall be made publicly available for inspection and copying (except for portions that may be treated as confidential in accordance with IC 5-14-3). See also Exhibit A. Confidential Contents Index.

The IFA, on behalf of the JB, shall disclose the contents of all Proposals if it receives a proper Public Records Act request, except the parts of the Proposals that may be treated as confidential in accordance with IC 5-14-3, when either (i) the RFP process is terminated or (ii) Contract Documents have been fully executed. (IC 5-14-3). Subject to the provisions of this Section 5.1.5 and the other terms and conditions of the ITP with respect to permitting the Proposer and/or the IFA or the JB to assert claims of confidentiality and to defend against requests for disclosure, each Proposer, by submitting a Proposal to the JB in response to this RFP, consents to such disclosure and expressly waives any right to contest such disclosure under the Public Records Act.

If a Proposer has special concerns about information which it desires to make available to the IFA but which it believes constitutes a trade secret or is otherwise exempt from disclosure under the Public Records Act, such responding Proposer team shall specifically and conspicuously designate that information by placing “CONFIDENTIAL” in the header or footer of each such page affected. Any such designation of trade secret or other basis for exemption shall be accompanied by a concise statement of reasons supporting the claim including the specific Law that authorizes the exemption from disclosure under the Public Records Act. Blanket designations that do not identify the specific information shall not be acceptable and may be cause for the IFA and the JB to treat the entire Proposal as public information. Neither the IFA nor the JB will advise a submitting party as to the nature or content of documents entitled to protection from disclosure under the Public Records Act or other applicable laws, as to the interpretation of such laws, or as to definition of trade secret. Nothing contained in this provision shall modify or amend requirements and obligations imposed on the IFA or the JB by the Public Records Act or other applicable Law. The provisions of the Public Records Act or other laws shall control in the event of a conflict between the procedures described above and the applicable law.

If a request is made for disclosure of the Proposals (other than for such disclosures required by Indiana Code 5-14-3 et seq., as amended) prior to award of the Contract, the IFA will take reasonable steps to notify the Proposer and submit a request for advice from the IFA General Counsel prior to disclosing any such documents in accordance with the Public Records Act and
other applicable Law. The Proposer shall then have the opportunity to either consent to the disclosure or assert its basis for non-disclosure and claimed exception under the Public Records Act or other applicable Law to the IFA General Counsel within the time period specified in the notice issued by the IFA (if any) and prior to the deadlines for release set forth in the Public Records Act and other applicable Law. However, it is the responsibility of the Proposer to monitor such proceedings and make timely filings. The IFA and the JB each may, but are not obligated to, make filings of their own concerning possible disclosure; however, the IFA and the JB are under no obligation to support the positions of the Proposer. By submitting a Proposal to the JB in response to this RFP, Proposer consents to, and expressly waives any right to contest, the provision by the IFA to the IFA General Counsel of all, or representative samples of, the Proposal in accordance with the Public Records Act. The IFA and the JB shall have no responsibility or obligation for a failure of the IFA General Counsel to respond or to respond timely to any request for advice and the JB shall not be required to wait therefor if it is required to disclose or otherwise take action under the Public Records Act or other applicable Law. Under no circumstances will the IFA, the JB, any States’ Party, or their respective officers, employees, contractors or consultants be responsible or liable to a Proposer or any other party as a result of disclosing any such materials, including materials marked “CONFIDENTIAL,” whether the disclosure is deemed required by Law or by an order of court or the IFA General Counsel or occurs through inadvertence, mistake or negligence on the part of the IFA, the JB, any States’ Party, or their respective officers, employees, contractors or consultants.

All Proposals received in response to this RFP shall conform to and contain the detailed information required by the Public Records Act and other applicable Law. Neither the IFA nor the JB will advise a Proposer as to the nature or content of documents entitled to protection from disclosure under the Public Records Act or other applicable Law, as to the interpretation of such laws, or as to definition of trade secret. The Proposer shall be solely responsible for all determinations made by it under applicable laws and for clearly and prominently marking each and every page or sheet of materials with “CONFIDENTIAL” as it determines to be appropriate. Each Proposer is advised to contact its own legal counsel concerning the effect of applicable laws to that Proposer’s own circumstances.

In the event of any proceeding or litigation concerning the disclosure of any Proposal or portion thereof, the Proposer shall be responsible for otherwise prosecuting or defending any action concerning the materials at its sole expense and risk; provided, however, that the IFA and the JB each reserve the right, in their respective sole discretion, to intervene or participate in the litigation in such manner as it deems necessary or desirable. All costs and fees (including attorneys’ fees and costs) incurred by the JB or any of the States’ Parties in connection with any litigation, proceeding or request for disclosure shall be reimbursed and paid by the Proposer whose Proposal is the subject thereof.

Submission of a Proposal constitutes Proposer’s agreement to the provisions of this Section 5.1.5.
5.1.6. Errors

If any mistake, error, or ambiguity is identified by the Proposer at any time during the procurement process in any of the documents supplied by the IFA or the JB, the Proposer shall have a duty to notify the IFA of the recommended correction in writing in accordance with Section 3.6.

5.1.7. Commitments in the Proposal

Each Proposal will be interpreted and evaluated based on the commitments provided by the Proposer. Tentative commitments will be given no consideration. For example, phrases such as “we may” or “we are considering” will be given no consideration in the evaluation process since they do not indicate a commitment. Phrases similar to “we will” or “we shall” will be considered commitments.

5.1.8. Ownership of Proposal and Applicability of Public Records Act

Except for those documents delivered to the IFA to be held in escrow pursuant to Exhibit 5, all documents submitted by the Proposer in response to the RFP shall become the property of IFA, on behalf of the JB, and will not be returned to the Proposer.

All documents submitted by the Proposer in response to the RFP shall become the property of the IFA, on behalf of the JB, and will not be returned to the Proposer. All written and electronic correspondence, exhibits, photographs, reports, printed material, tapes, disks, designs, and other graphic and visual aids submitted to the IFA during this procurement process, whether included in the Proposal or otherwise submitted, become the property of the JB upon delivery to the IFA and will not be returned to the submitting parties.

Proposers shall familiarize themselves with the provisions of the Public Records Act. All materials submitted by Proposers, including the Proposals, shall be subject to the Public Records Act and any other laws applicable to the disclosure of documents submitted under this RFP. For purposes of this section and the Public Records Act, financial information shall be considered part of the Proposal. Specifically, Proposers are advised that, except for portions of the Proposals that fall under a specific exemption of the Public Records Act, Proposals will be made available to the public pursuant to a request submitted under the Public Records Act. In furtherance thereof, Proposers (other than the Preferred Proposer) will be required to submit a redacted copy of their respective Proposals to the IFA no later than fifteen (15) days after execution of the Contract by the IFA or termination of the procurement without execution of the Contract, with redactions limited to only those portions of the Proposal that the IFA determines fall under a specific exemption of the Public Records Act (and such Proposers shall be required to submit, for the IFA’s review and approval, documentation identifying the specific exemption asserted and such other information requested by the IFA in order for the IFA to assess the eligibility of such portions of the Proposal for exemption from publication). Notwithstanding any proposed redactions and/or claims of exemption asserted by any Proposer, the IFA shall have sole discretion to determine the applicability of any exemptions under the Public Records Act and of the contents to be disclosed in response to a request thereunder. Failure of a Proposer (other than the Preferred Proposer) to submit a redacted form of its Proposal, containing only those redactions consistent with the IFA’s determination as to the content that may be redacted, to the IFA by fifteen (15) days
after execution of the Contract by the IFA (or termination of the procurement without execution of the Contract) shall constitute consent by such Proposer to, and a waiver of any right to contest, disclosure by the JB, the IFA or any States’ Party of such Proposer's Proposal in its entirety, without redaction, in response to a request submitted under the Public Records Act. As between a Proposer and a third-party requesting disclosure under the Public Records Act (as opposed to as between a Proposer and the IFA exercising its sole discretion rights pursuant to this ITP), this Section 5.1.8 shall not constitute a waiver of the Proposer’s rights under the Public Records Act.

In no event shall the JB, the IFA or any other States’ Party or any of their respective agents, representatives, consultants, directors, officers, or employees be liable to a Proposer or any Proposer team member for the disclosure of any materials or information submitted in response to this RFP.

Submission of a Proposal constitutes the Proposer’s agreement to the provisions of this Section 5.1.8. The obligations of the Preferred Proposer relating to redacted copies of its Proposal are set forth in Section 4.3.1(c).

5.1.9. Qualification to Do Business

On or before the date of execution of the Contract and the Other Execution Documents by the IFA and continuing through the end of the Term of the Contract, the Contractor must be qualified to transact business in the State and the Commonwealth. In addition, Contractor must follow professional standards in accordance with the federal Fair Debt Collection Practices Act (FDCPA) rules and other applicable laws or regulations.

5.1.10. Language Requirement

All correspondence regarding the RFP, Proposal, and Agreement are to be in the English language. Except as may be otherwise expressly permitted in these RFP Documents, if any original documents required for the Proposal are in any other language, the Proposer shall provide an English translation certified by the Proposer, which shall take precedence in the event of conflict with the original language.

5.1.11. Currency Requirement

All required pricing, revenue and cost information shall be provided in US$ currency only. Pricing is to be provided in nominal year-of-expenditure dollars.

5.1.12. Requirement to Submit Responsive, Compliant Proposal

Except as noted below regarding Form O, a Proposal may not include any assumptions, qualifications, conditions, exceptions to or deviations from the requirements of the RFP. If a Proposal does not fully comply with the instructions and rules contained in this ITP, including the exhibits, it may be considered non-responsive and/or non-compliant. Any Proposal that assumes or would require material changes to the Contract Documents, as determined by the IFA in its sole discretion on behalf of and in consultation with the JB, may be deemed non-responsive and may result in the IFA’s rejection, on behalf of the JB, of the Proposal.
A Proposer may use Form O to list and submit proposed exceptions (to be considered by the JB, in its sole discretion, after the Proposal review process during Best and Final Offer and/or Contract negotiation activities). A Proposer’s initially submitted Proposal should not assume that any of the proposed exceptions will be accepted and incorporated into the Contract.

5.1.13. Modifications to a Proposal

A Proposer may modify its Proposal in writing prior to the specified time on the Proposal Due Date. The modification shall conform in all respects to the requirements for submission of a Proposal. Modifications shall be clearly delineated as such on the face of the document to prevent confusion with the original Proposal and shall specifically state that the modification supersedes the previous Proposal and all previous modifications, if any. If multiple modifications are submitted, they shall be sequentially numbered, so the IFA can accurately identify the final Proposal. The modification must contain complete Proposal sections, complete pages or complete forms as described in Exhibits B and C. Line-item changes will not be accepted. Proposer shall deliver any such modification(s) in the types and manner described in this Section 5.1.13 facsimile or other electronically transmitted modifications will be permitted.

5.1.14. Late Proposals

The JB will not consider any late Proposals. Proposals and/or modifications not requested by the IFA, on behalf of the JB, received after the time for submittal of Proposals will be returned to the Proposer without consideration or evaluation.

5.2. IFA and JB Reservation and Rights

The IFA and the JB may investigate the qualifications and Proposal of any Proposer under consideration, may require confirmation of information furnished by a Proposer and may require additional evidence of qualifications to perform the Contractor’s obligations under the Contract Documents. The JB reserves the right to:

- Develop the Project in any manner that it, in its sole discretion, deems necessary;
- Reject any or all of the Proposals;
- Modify any dates set or projected in this RFP and extend any deadlines;
- Cancel, modify, or withdraw the RFP in whole or in part at any time prior to the execution by the JB of the Contract, without incurring any cost obligations or liabilities;
- Terminate this procurement and commence a new procurement for part or all of the Project;
- Terminate evaluations of Proposals received at any time;
- Suspend or terminate negotiations at any time, recommence negotiations with the Preferred Proposer after negotiations have been suspended, elect not to commence negotiations with any responding Proposer, engage in negotiations with other than the highest ranked Proposer;
• Modify the procurement process to address applicable law and/or the best interests of the JB, the State and the Commonwealth;

• Waive or permit corrections to data submitted with any response to this RFP until such time as the IFA declares in writing that a particular stage or phase of its review of the responses to this RFP has been completed and closed;

• Permit submittal of addenda and supplements to data and information previously provided in a Proposal pursuant to a request for clarification issued by the IFA until such time as the IFA declares that a particular stage or phase of its review of the responses to this RFP has been completed and closed;

• Appoint evaluation committees to review Proposals, make recommendations and seek the assistance of outside technical experts and consultants in Proposal evaluation;

• Disclose information contained in a Proposal to the public as described herein;

• Approve or disapprove changes in the Key Personnel;

• Approve or disapprove changes in the Proposer’s organization;

• Waive deficiencies, informalities, and irregularities in Proposals; accept and review a non-conforming Proposal or seek clarifications or modifications to a Proposal;

• Consider information relating to a Proposer or Proposal based on information outside of the Proposal available to the evaluators, including the evaluators’ personal experiences or knowledge;

• Request Proposal Revisions as specified herein;

• Offer a Proposer the opportunity to cure its failure to meet required financial qualifications by providing a guaranty (or guaranties) of the Contract Documents by a third party;

• Not issue a notice to proceed after execution of the Contract Documents;

• Disqualify any Proposer that violates the terms of the RFP;

• Determine a competitive range and conduct discussions with Proposers in the competitive range; and

• Exercise any other right reserved or afforded to the IFA and the JB under this RFP and applicable Law.

5.3. IFA and JB Disclaimer

This RFP does not commit the IFA or the JB to enter into any contract. Neither the IFA nor the JB assume any obligations, responsibilities, or liabilities, fiscal or otherwise, to reimburse all or part of the costs incurred or alleged to have been incurred by parties considering a response to and/or responding to this RFP. All of such costs shall be borne solely by each Proposer and Proposer team.

In no event shall the IFA or the JB be bound by, or liable for, any obligations with respect to the Project until such time (if at all) as the Contract Documents, in form and substance satisfactory to
the JB, have been authorized and executed by the JB and, then, only to the extent set forth therein; provided, however, that the foregoing disclaimer in this sentence shall not apply to the obligations of the JB to the Proposers during the procurement process, which obligations are expressly set forth in these RFP Documents. In submitting a Proposal in response to this RFP, the Proposer is specifically acknowledging these disclaimers.

5.4. Protest Process

5.4.1. Applicability

This Section 5.4 sets forth the exclusive protest remedies available with respect to the RFP. These provisions prescribe the exclusive procedures for protests regarding:

a) Allegations that the terms of the RFP are wholly ambiguous, contrary to legal requirements applicable to the procurement, or exceed the authority of the IFA or the JB;

b) A determination as to whether a Proposal is responsive to the requirements of this RFP or as to whether a Proposal passes the pass/fail criteria set forth in the RFP, as applicable; and

c) Award of the Contract and any other protest relating to evaluation or selection not addressed in the above items.

5.4.2. Required Early Communication for Certain Protests

Protests concerning the issues described in Section 5.4.1(a) may be filed only after Proposer has informally discussed the nature and basis of the protest with the IFA, following the procedures for those discussions prescribed in this Section 5.4. Informal discussions shall be initiated by a written request for a one-on-one meeting delivered to the IFA’s Authorized Representative. The written request shall include an agenda for the proposed one-on-one meeting. The IFA, on behalf of the JB, will meet with the Proposer as soon as practicable to discuss the nature of the allegations. If necessary, to address the issues raised in a protest, the IFA, on behalf of the JB, may, in its sole discretion, make appropriate revisions to the RFP Documents by issuing addenda.

5.4.3. Deadlines for Protests

Protests concerning the issues described in Section 5.4.1(a) must be filed as soon as the basis for the protest is known, but no later than twenty (20) days after issuance of the RFP, unless the protest relates to an Addendum to the RFP, in which case the protest must be filed no later than five (5) days after the Addendum is issued (but in any event, prior to the Proposal Due Date).

Protests concerning the issues described in Section 5.4.1(b) must be filed no later than five (5) days after receipt of the notification of non-responsiveness.

Protests concerning the issues described in Section 5.4.1(c) must be filed no later than ten days after notification of Preferred Proposer.

5.4.4. Content of Protest

Protests filed under Section 5.4 shall completely and succinctly state the grounds for protest, its legal authority, and its factual basis, and shall include all factual and legal documentation in
sufficient detail to establish the merits of the protest. Statements shall be sworn and submitted under penalty of perjury.

5.4.5. Filing of Protest

Protests shall be filed by hand delivery on or before the applicable deadline to the IFA’s Public Finance Director with copies to the IFA general counsel at Indiana Finance Authority and Public Finance Director of the State of Indiana, each at One North Capitol Avenue, Suite 900 Indianapolis, Indiana 46204, as soon as the basis for protest is known to Proposer. The IFA, in its sole discretion, may require the Proposer filing the protest to submit a copy of the protest to the other Proposers whose addresses may be obtained by contacting the IFA’s Authorized Representative.

5.4.6. Comments from other Proposers

Other Proposers may file statements in support of or in opposition to the protest within 5 days of the filing of the protest. The IFA shall promptly forward copies of all such statements to the protestant. Any statements shall be sworn and submitted under penalty of perjury.

5.4.7. Burden of Proof

The protestant shall have the burden of proving its protest. The IFA, on behalf of the JB, may, in its sole discretion, discuss the protest with the protestant and other Proposers. No hearing will be held on the protest. The protest shall be decided on the basis of written submissions.

5.4.8. Decision on Protest

The Public Finance Director or his or her designee shall issue a written decision regarding the protest within thirty (30) days after the filing of the detailed statement of protest under Section 5.4.4. The decision by the JB shall be final. If necessary, to address the issues raised in a protest, the JB may, in its sole discretion, make appropriate revisions to the RFP by issuing Addenda. The written decision shall be final, binding and not subject to appeal.

5.4.9. Protestant’s Payment of Costs

If a protest is denied, Proposer filing the protest shall be liable for the costs reasonably incurred by the IFA and the JB to defend against or resolve the protest, including legal and consultant fees and costs, and any unavoidable damages sustained by either or both of the IFA and the JB as a consequence of the protest.

5.4.10. Rights and Obligations of Proposers

Each Proposer, by submitting its Proposal, expressly recognizes and agrees to the limitation on its rights to protest provided in this Section 5.4, and expressly waives all other rights and remedies that may be available to Proposer under Law. These provisions are included in the RFP expressly in consideration for such waiver and agreement by the Proposers. If a Proposer disregards, disputes, or does not follow the exclusive protest remedies provided in this Section 5.4.10, it shall indemnify and hold the JB, the IFA, and the other States’ Parties and their respective officers,
employees, agents, and consultants harmless from and against all liabilities, fees and costs, including legal and consultant fees and costs, and damages incurred or suffered as a result of such Proposer’s actions. Each Proposer, by submitting a Proposal, shall be deemed to have irrevocably and unconditionally agreed to this indemnity obligation.

Notwithstanding the foregoing, the list required under this section is intended to provide input to the IFA and the JB as to the confidential nature of a Proposer’s Proposal, but in no event shall such list be binding on the IFA or the JB, determinative of any issue relating to confidentiality or a request under the Public Records Act or override or modify the provisions of the Public Records Act.

- In addition, interim unaudited statements for the period since the most recent completed fiscal year for the above entities shall be provided.

If an entity does not have individual financial statements, but, rather, financial statements are prepared on a consolidated basis for that entity and other entities, the consolidated financial statements shall be acceptable, but a Guarantor will be required.

If the entity has been in existence for less than three (3) fiscal years, Proposer should expressly state that such entity has been in existence for less than three (3) fiscal years and shall provide
financial statements for the number of fiscal years it has been in existence. The JB may, in its sole discretion based upon the review of the financial statements provided herein, request more than three (3) fiscal years of financial statements for Proposer, Equity Members of Proposer, Major Subcontractor and Financially Responsible Party (in each case, if a consortium, partnership or any other form of a joint venture, all such members), and if requested such requested financial statements shall be provided as soon as reasonably possible.

Financial statement information must be consolidated where required by generally accepted accounting principles (GAAP) or International Financial Reporting Standards (IFRS) and must include:

- Auditor’s report;
- Balance sheet;

- Statement of changes in equity; and
- Footnotes to financial statements.

In addition, financial statements must meet the following requirements:

If financial statements are prepared in accordance with principles other than U.S. GAAP or IFRS, a letter must be provided from a certified public accountant discussing the areas of the financial statements that would be affected by a conversion to U.S. GAAP or IFRS. A restatement of the financial information in accordance with U.S. GAAP or IFRS is not required.

- **U.S. Dollars**: Financial statements should be provided in U.S. dollars if available. If financial statements are not available in U.S. dollars, Proposer must include summaries of the income statements, statement of changes in cash flow, statements of changes in equity, and balance sheets for the applicable time periods converted to U.S. dollars by a certified public accountant.

- **Audited**: Financial statements must be audited by an independent party qualified to render audit opinions (e.g., a Certified Public Accountant in the US or Charted Accountant for foreign entities). If the audited financial statement information for an entity is prepared in a language other than English, the original and one (1) copy of the information required under this section shall contain the original financial statement information and the translation but copy numbers two (2) to eleven (11) need only contain the English language translation of such audited financial statements. The original must be clearly marked “Original” on its face and spine.
• **Financially Responsible Party Letter of Support:** If Financial statements of a parent company or affiliate company (a “Financially Responsible Party”) are provided to demonstrate financial capability of Proposer or Equity Members or Major Subcontractor of Proposer, an appropriate letter from the applicable Financially Responsible Party must be provided confirming that it will financially support all the obligations of Proposer or Equity Member or Major Subcontractor of Proposer, as applicable with respect to the Project. This letter must be signed by the chief executive, chief financial officer, treasurer (or equivalent position or role) of the Financially Responsible Party.

Proposers shall note that the JB may, in its discretion based upon the review of the information provided herein, or Proposer’s form of organization, specify that an acceptable Financially Responsible Party or a parent or affiliate guaranty is required as a condition precedent prior to qualification or award of the Contract.

For purposes of this subsection, (i) “parent company” means parent companies at any tier and (ii) “affiliate company” means (A) subsidiary companies at any tier, (B) entities under common ownership, (C) joint ventures and partnerships involving such entities (but only as to activities of joint ventures and partnerships involving Proposer or any Equity Member or Major Subcontractor as a joint venture or partner and not to activities of other joint ventures or partners not involving Proposer or any Equity Member or Major Subcontractor), and (D) other financially liable or responsible parties for the entity.

• **Newly Formed Entity:** If Proposer, an Equity Member of Proposer or Financially Responsible Party is a newly formed entity and does not have independent and historical financial statements, financial statements for the equity owners/members shall be provided (and the entity shall expressly state that the entity is a newly formed entity and does not have independent and historical financial statements). In the event of a newly formed entity, the JB may, in its discretion, specify that an acceptable Financially Responsible Party or a parent or affiliate guaranty is required as a condition precedent prior to qualification or award of the Contract.

• **SEC Filings:** If any entity for which financial information is submitted hereby files reports with the Securities and Exchange Commission, then such financial statements shall be provided through a copy of their most recent annual report on Form 10K. For all subsequent quarters, provide a copy of any report filed on Form 10Q or Form 8-K which has been filed since the latest filed 10K.

References to the notes in the financial statements are not sufficient to address the requirement to discuss the impact of material changes.

Where a material change will have a negative financial impact, the affected entity shall also provide a discussion of measures that would be undertaken to insulate the Project from any recent material changes, and those currently in progress or reasonably anticipated in the future.

Set forth below is a representative list of events intended to provide examples of what the JB considers a material change in financial condition. This list is intended to be indicative only. 4. If Proposer and Equity Member is a limited liability company or includes a limited liability company as a joint venture member, partner or member, attach full names and addresses of all members and the equity ownership interest of each entity, provide the incorporation, formation and organizational documentation for Proposer/Collection Agency Provider/Equity Member (partnership agreement and certificate of partnership for a partnership, articles of incorporation and bylaws for a corporation, operating agreement for a limited liability company and joint venture) certified by an appropriate individual. Attach evidence to the Proposal Letter, in respect of the Proposal, and to each letter required under the Proposal Letter that the person signing has authority to do so. If any entity is not yet formed, so state and indicate that these documents will be provided prior to commercial close as required by the ITP. For purposes of clarity, Proposer may append to the Proposal Letter a letter from each person signing the Proposal that such person has the authority to do so, which shall suffice for the purposes of the requirements set forth in this Section B.4.
For purposes of this Section B, the term “organizational documentation” in respect of an Equity Member shall mean such entity’s certificate of formation/articles of incorporation/certificate of partnership/joint venture agreement, or equivalent charter documentation; provided, further, that such entity shall provide its partnership agreement/operating agreement/bylaws/equivalent joint venture or investment fund internal governing organizational documentation prior to commercial close as required by the ITP.

C. With respect to authorization of execution and delivery of the Proposal and validity thereof, if Proposer is a:

- corporation, it shall provide evidence in the form of a resolution of its governing body certified by an appropriate officer of the corporation.
- partnership, such evidence shall be in the form of a partnership resolution and a general partner resolution (as to each general partner) providing such authorization, in each case, certified by an appropriate officer of the general partner.
- limited liability company, such evidence shall be in the form of a limited liability company resolution and a managing member(s) resolution providing such authorization, certified by an appropriate officer of the managing member(s). If there is no managing member, each member shall provide the foregoing information.
- consortium or other form of joint venture, such evidence shall be in the form of a resolution of each consortium or joint venture member, certified by an appropriate officer of such consortium or joint venture member.
- consortium, joint venture or a partnership, the Proposal must be executed by all consortium or joint venture members or all general partners, as applicable.

D. Except as set forth in this clause (D), Proposers partnership agreement, limited liability company operating agreement, charter or joint venture agreement, as applicable, must include an express provision satisfactory to the Joint Board, in its sole discretion, stating that, in the event of a dispute between or among joint venture members, partners, members or shareholders, as applicable, no joint venture member, partner, member or shareholder, as applicable, shall be entitled to stop, hinder or delay work on the Project.

Proposers should submit the applicable agreement to the IFA and the Joint Board and identify on a cover page where in the agreement the provision can be found. If an existing partnership, limited liability company or joint venture not formed or created for the Project and is unable to modify its partnership agreement, limited liability operating agreement or joint venture agreement, as applicable, it may satisfy this requirement by submitting a unanimous consent executed by its partners, members, or joint ventures, as applicable, agreeing to abide to the provisions of this clause (D).

CONFLICT OF INTEREST DISCLOSURE STATEMENT

Proposer’s attention is directed to 23 CFR Part 636, Subpart A and in particular to Subsection 636.116 regarding organizational conflicts of interest. Section 636.103 defines “organizational conflict of interest” as follows:

Organizational conflict of interest means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the owner, or the person's objectivity in performing the contract work is or might be otherwise impaired, or a person has an unfair competitive advantage.

Proposers are advised that in accordance with Section 5.1 of the Instructions to Proposers, certain firms will not be allowed to participate on any Proposer’s team for the Project because of their work with the IFA, the Joint Board or any States’ Party in connection with the Project procurement and document preparation.

1. Disclosure Pursuant to Section 636.116(2)(v)

In the space provided below, and on supplemental sheets as necessary, identify all relevant facts relating to past, present, or planned interest(s) of the Proposer’s team (including the Proposer, Collection Agency Provider, the Major Subcontractors, proposed consultants and proposed subcontractors, and their respective chief executives, directors, and key project personnel) which may result, or could be viewed as, an organizational conflict of interest in connection with this RFP. If no disclosure is necessary, indicate “None”.

Proposer should disclose (a) any current contractual relationships with the IFA, the Joint Board and the other States’ Parties, (b) any past, present, or planned contractual or employment relationships with any member, officer, or employee of the IFA, the Joint Board and the other States’ Parties; and (c) any other circumstances that might be considered to create a financial interest in the contract by any member, officer, or employee of the IFA, the Joint Board and the other States’ Parties if Proposer is awarded the contract. Proposer should also disclose matters such as ownership of 10% or more of the stock of, or having directors in common with, any of the RFP preparers. Proposer should also disclose contractual relationships with an RFP preparer in the nature of a joint venture, as well as relationships wherein the RFP preparer is a contractor or consultant (or subcontractor or subconsultant) to Proposer or a member of Proposer’s team. The foregoing is provided by way of example and shall not constitute a limitation on the disclosure obligations.
