Spring 2023

Lead Service Line (LSL) Inventory Submittal Certification Form

I certify that I am an Authorized Representative for the utility named below and I confirm the utility named below has submitted an inventory for all service lines in its service territory to the Indiana Department of Environmental Management (IDEM) using the required LSL Inventory reporting template, which can be found [here](#).

Please note the IFA does not expect utilities to have fully complete inventories (in other words, 0% unknown service lines remaining) but IFA does expect the submittal to account for 100% of their service lines in the service territory. Confirmation of submittal is documented by this LSL Inventory Submittal Certification Form.

Utility Name	
Utility PWSID	
Date complete inventory submitted to the IDEM using template and reporting platform	
Name of Authorized Representative	
Title of Authorized Representative
