MEMORANDUM

TO: Engineers, Bond Counsels, and Municipal Advisors

FROM: Camille Meiners, PE, Director of Technical Review

DATE: February 1, 2025

RE: **SFY 2026 PER Submission Dates and Updated MHI/DAC Information**

The IFA continues to more evenly distribute financings throughout the State Fiscal Year (SFY) and as such, the IFA continues to implement deadlines for the submittal of Preliminary Engineering Reports (PERs). This schedule allows participants the opportunity to better prepare to complete financings.

For SFY 2026 (July 1, 2025 - June 30, 2026) funding consideration, the deadline for submittal of PERs, inclusive of the Asset Management Certification, to be ranked and scored on the first quarter SRF Project Priority List, remains April 1st (2025).

Indiana SRF defines disadvantaged communities as those communities which have a median household income (MHI) of 80% of the State's MHI based on census data. For SFY 2026, the threshold MHI to qualify for disadvantaged funding is at or below **\$57,000** based on 2023 ACS 5 year estimates (2019-2023).

Please contact Camille Meiners at cmeiners@ifa.in.gov or 317-234-3661 with questions.
