

*ALL PROPOSED SEWERS ARE 8" UNLESS NOTED

LEGEND	
	PROPOSED BARRETT LAW SERVICE AREA BOUNDARY
	PROPOSED SANITARY SEWER
	PROPOSED FORCE MAIN
	PROPOSED SANITARY MANHOLE
	PROPOSED LIFT STATION
	STREAM CROSSING

This general project graphic is acceptable but we could have done without the project boundary line and the "connect to existing sewer" labels; they aren't needed and make the graphic "busy". A bar scale would have been better. Note that this map shows all project elements, stream crossings, and distinguishes between sewers and force mains.
