Nature of Business Relationship with Agency:

BMV has previously engaged BKD as a consultant to examine, review, and assess BMV's processes and procedures for the collection of taxes and fees.

Why acceptance is in the Public Interest:

Event is an roundtable discussion for public sector internal audit directors that allows the employee the opportunity to exchange ideas, discuss current challenges faced, and the development of best practices. The event will allow the employee to develop contacts with other public agency employees in the audit sector and serve as an educational opportunity to further develop the employee's knowledge and skills set.

There are approximately eight individuals expected to be invited to the event. BKD provided that it did not arrange the event to solicit government procurement of goods or services. A copy of the agenda for the event is attached.
