**INDIANA GAMING COMMISSION
DISPARITY STUDY**

The Indiana Gaming Commission has engaged the Public Policy Institute and Indiana University Purdue University Indianapolis (IUPUI) to conduct a study of the utilization of minority- and women-owned business by Indiana's casinos.

This outreach meeting seeks to gather information from businesses that are ready, willing and able to perform work with Indiana casinos regarding their experiences and perspectives.

Those unable to attend may also provide information to the Indiana Gaming Commission by completing an online survey [here](#).
