# MBE/WBE UTILIZATION

## Disparity Study

Statute requires the Commission to establish annual goals for the use of minority and women-owned enterprises (M/WBE). These goals must be derived from a statistical analysis of utilization study of casino contracting and purchases. Such an analysis, also called a disparity study, must be updated every five years.

In keeping with its statutory mandate, an update of the Commission’s study was completed in November 2022. The Indiana University Public Policy Institute completed the study on our behalf, examining the contracting and purchasing practices of Indiana’s casinos from 2017 through 2022. Based upon actual purchase data provided by the casinos and audited by Commission staff, the study period reviewed over \$1.7 billion in spending on goods and services.

In addition to a review of purchasing, also called utilization, a disparity study must also seek to establish capacity, which is a measure of all firms ready, willing, and able to provide goods and services to Indiana’s riverboat casinos. The capacity estimate derived from the study is below.

<u>Capacity Estimates</u>	<u>MBE</u>	<u>WBE</u>
<b>Construction</b>	10.7%	9.7%
<b>Procurement of Supplies</b>	1.7%	3.7%
<b>Professional Services</b>	3.5%	6.5%
<b>Other Services</b>	2.2%	6.4%

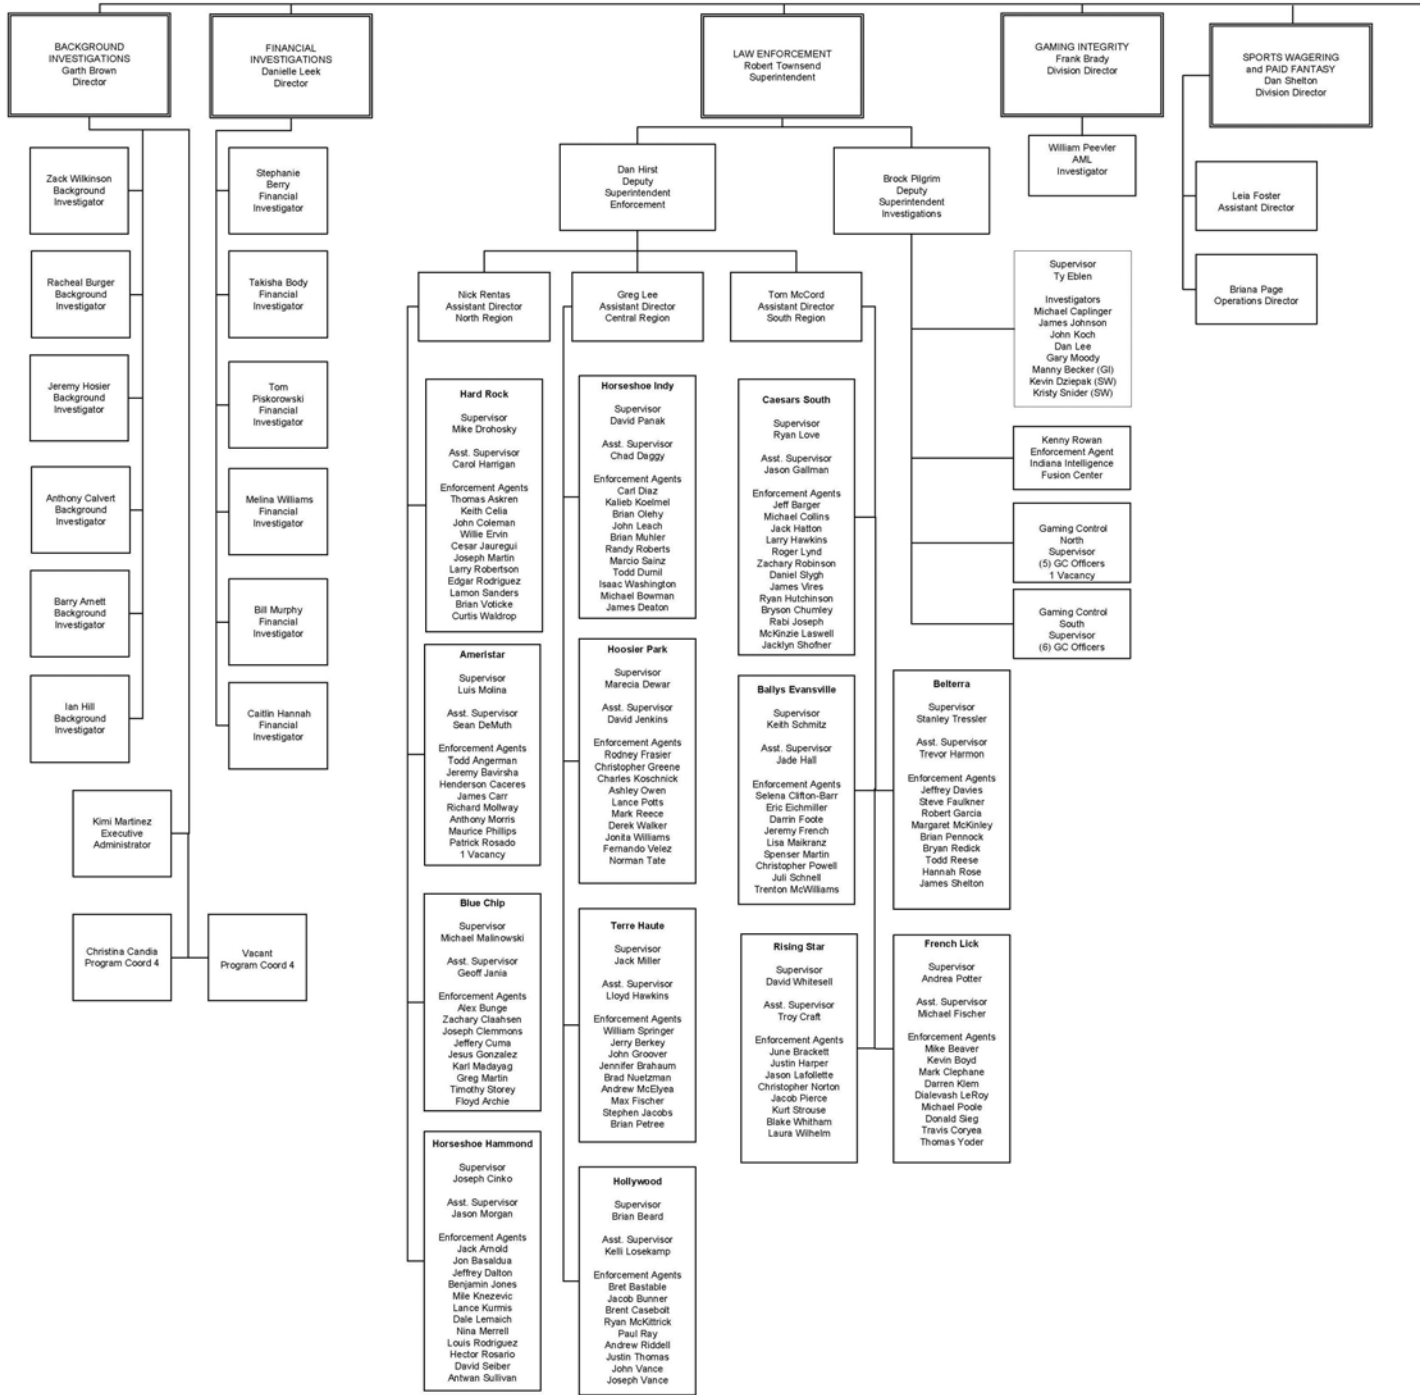

The Commission adopted the study at its November meeting in Resolution 2022-244 and will continue to monitor M/WBE utilization annually. The full disparity study is available at [www.in.gov/igc](http://www.in.gov/igc).

## 2024 Expenditures

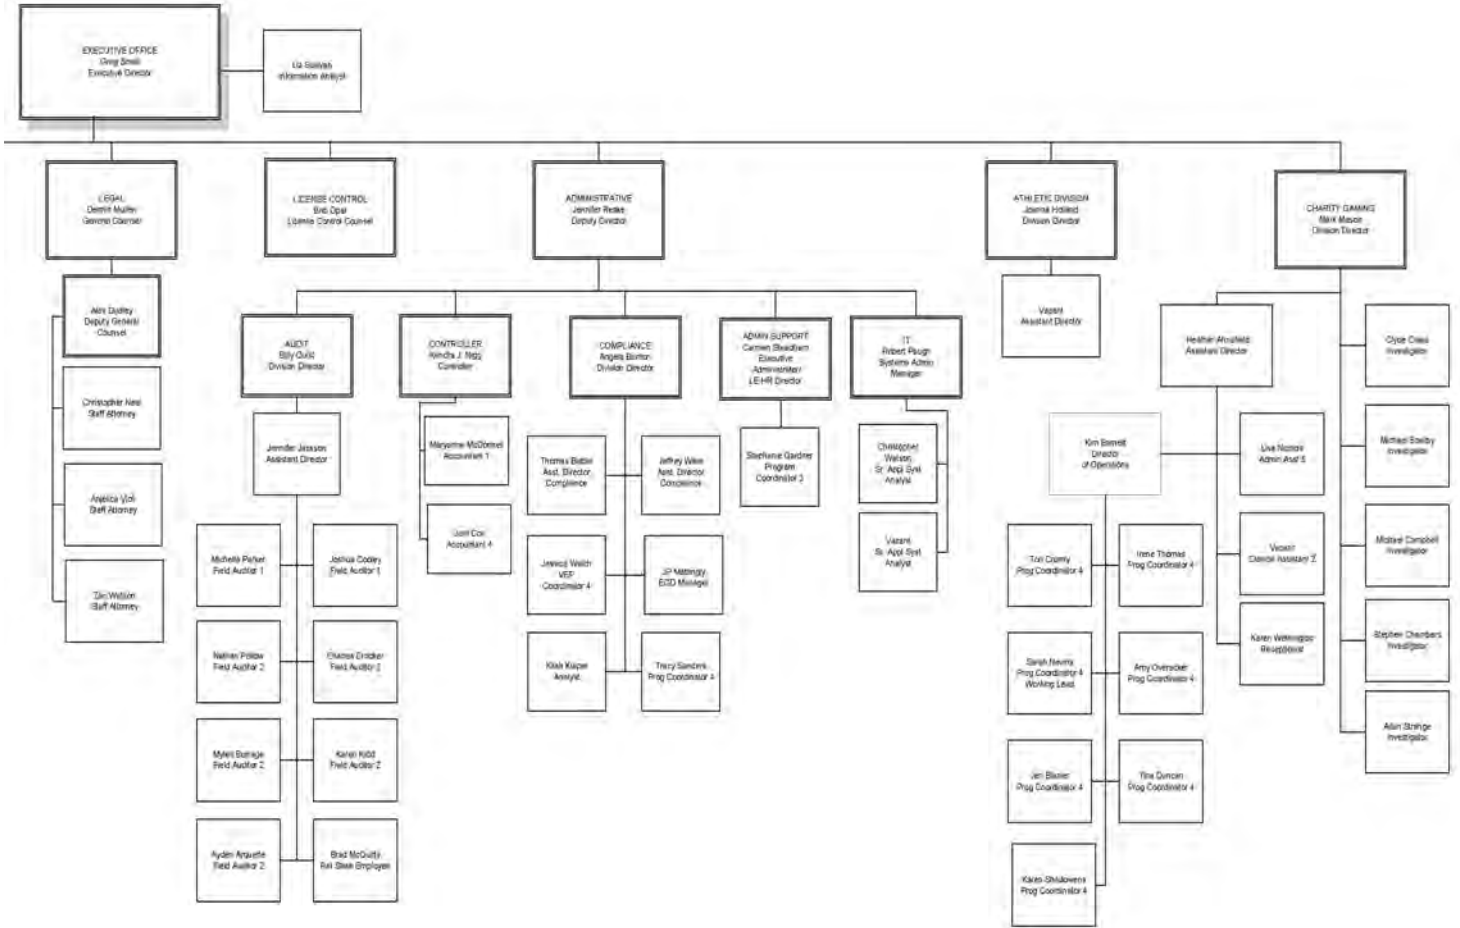

The table below indicates spending in each category in CY 2024. Not reflected in the chart, but of importance to note, is that casinos spent \$239.4 million with Indiana firms, including non-M/WBE, during this period.

<u>Purchase Type</u>	<u>Amount</u>	<u>MBE Spend</u>	<u>WBE Spend</u>
Construction	\$174,782,131	9.46%	1.26%
Procurement	\$190,102,274	3.99%	9.80%
Professional Services	\$39,732,729	2.17%	7.12%

# Gaming Integrity Division

## Gaming Integrity Division

The Gaming Integrity Division conducts specialized investigations, with particular emphasis on financial matters. The division works closely with casino internal audit, compliance, and finance departments to ensure casinos are employing best practices in maximizing the utilization of data to identify criminal activity. The data utilized includes suspicious activity reports, currency transaction reports, and multiple transaction logs. The Division has worked with both federal agencies and local prosecutors and law enforcement agencies in successful prosecutions involving money laundering and other criminal activity. Manny Becker the Investigator assigned to the Gaming Integrity Division received the Inspector General's 2024 Award for Excellence. A recent GID Case was cited in the 2024 US Treasury AML Risk Assessment. This Case resulted in a \$3.2 million narcotics trafficking, and money laundering organization being brought to justice. Emphasis on Casino Risk Assessments has resulted in substantial improvement in the ratio of cases to suspicious activity reports.
