Re: **2022 Environmental Review and Section 106 User's Guide**

Partners that apply for many of the federal funding sources through the Indiana Housing and Community Development Authority (IHCDA), including but not limited to the HOME Investment Partnerships Program (HOME), the National Housing Trust Fund (NHTF), and Project Based Vouchers (PBVs) through IHCDA, are required to complete the Environmental Review Record (ERR) Workbook. Each year IHCDA updates the ERR User's Guide, the ERR Workbook, and their accompanying documents.

IHCDA has released a final version of the Guide. The 2022 Guide, Summary of Changes, and all appendices are now available on IHCDA's [Environmental Review and Section 106 website](#).

Please note that the Guide and all ancillary documents have an effective date of **August 9, 2022**; applicants applying for funding through IHCDA's Real Estate Department must meet all requirements as specified in the Guide and must use all applicable appendices. No policy changes were made in the latest version of the Guide, but several clarifications were added.

Recipients seeking funding following the effective date must use the latest version of these notices or republication may be necessary.

Please contact Meagan Heber, Placemaking and Environmental Review Manager at mheber@ihcda.in.gov or Samantha Spergel, Director of Strategic Initiatives and Engagement at sspergel@ihcda.in.gov for any questions regarding the Guide.
